AMES COMING STRONG
BAND AND FIVE HUNDRED ROUTERS TO ATTEND
Meet to be Best Ever Held on Iowa Field—Varsity Prospects Better

Reports from Ames announce that a club of 500 routers will accompany the team to Iowa City for the big real meet of the season. Ames is conditions of victory and hundreds of routers will flock here to see their heroes win their long and flying ambition, a victory over Iowa. Interests in the contest is growing and Iowa and indications are this will be the best meet ever held on the home field. A move has been made to place on the outlook by the good work of the track men this week and the home router feel sure that there is an even chance for victory.

The meet will be exciting from the crack of the pistol in the 100 yard dash until the meet is made. The races, which are always the most interesting, will be run from the beginning to the end and there will be many a heart breaking finish. The meet will be closed at second or third place in the very last event may be decisive.

The result of the meet will, in all probability, hinge on the work of the distance men. Though Ames has the better records in this line it is not certain that Ames will not, as a surprise to any one who has been watching the team this week if Iowa were to win every thing above the quarter mile. The Iowa and the Des Moines are evenly matched and I am sure that Iowa can take advantage of their mistakes and win the meet.

New Mill

The new concentrating mill for the Mining Engineering department is in operation under the superinten-

dence of Mr. A. E. Swisher.

On account of the prominent position Mr. Fairbanks holds in public affairs it is very likely that Iowa will take a prominent place in the Men's meeting.

In every respect the coming commencement will be a most remarkable and successful ever held at the university.

Ames Loses Hubbard

Under an Ames date line the Des Moines papers make the announcement of the passing away of the star quarter miler of Ames. The reason for the precipitation in the race was not given and it is believed that he is in connection with his playing as a quarterback for Morningside College last year.
