Iowa lost contest to superior team

Coach Delaney has well-balanced team but Ames had too many stars.

Iowa might have won the meet but for the fact that it would take so many "ifs" to explain how that it would be bewildering to anyone but the coach. Ames came here with a strong team, undoubtedly the best in the state, and won by superiority in experience and natural ability.

Coach Delaney has done wonders with the team since taking hold of it this year, it was clearly demonstrated, that unless Iowa has a special coach for track athletics for consecutive years, Iowa can never hope to win the state meet or even place with the better teams in the state. Delaney began the season with a team which in its general feature was practically greater than any that Iowa has produced in its last year's stars and defeated Drake, the winner of the state meet last year, by overwhelming scores. The state papers discarded Iowa's track team to such an extent that the common question was whether Iowa would win by a greater margin than over Drake. As a matter of fact, Watson took most of the sure until the last race had been run and the last jumps made. So much for the contest which is over with and which everybody in the field will admit was won without a struggle.

But interest in track athletics now centers in the state meet to be held a week from Saturday, when all the athletes of the better men were beaten in their dual meetings, they will get high for first honors in the state tournament. That this is not prophesied is shown by the improvement of the team in the time between the Normal meet and the one with Ames. Two weeks are left and Delaney will have the track team in better shape than ever before. The division of points at the state meet will cut into Ames so strongly that Iowa's chances are about even with the individual meet. Normal and Drake will all come in for a number of strata so that it is totally impossible to forecast who will win.

Ball team on trip

The baseball team left this morning for Cedar Falls where they will arrive tonight. Continental tickets were bought to the trip which will be taken today. Returning they play Coe at Cedar Rapids tomorrow. Friday morning at 1 o'clock on Iowa field one of the hardest games of the season will be played with Grinnell.
