At a meeting of the freshman law class on Monday night, the committee appointed to prepare a report on a better method of representation on the junior annual page Fahrenheit's verdict. The freshman classes have been conducted according to the views of all are contained in the following resolutions.

We the undersigned classes of the professional colleges of the university, feeling that the Junior Annual should be in every sense of the word a production of the University as a whole, and

Whereas: We believe that greater interest and a better book will be produced, if, from all colleges of the University, many more members than usual will be the junior classes the following year, shall be permitted to vote in the general election of all members of the Hawkeye board, and shall be eligible to membership of the same, therefore

Be It Resolved: That the sense and request of the under signed classes that the election of the 07 junior annual board be annulled and an election to harmony with this resolution is hereby made, and, until this request be granted we will, in no way, contribute to or support the 07 annual.

And be it further resolved: that the interest of all classes, as signed be respectfully submitted to the consideration of the college of liberal arts for their action.

The committee, Mr. Wilson not having met with us, submit the foregoing action.

J. R. KELLEY

What retaliation action will be taken by the board-elect from the collegiate department for next year, could not be ascertained this morning. Members of the annual board when questioned would make no statements and a meeting of the present season would be held in a short time to consider the above resolutions and decide final that action shall be taken.

Luther Game Tomorrow

The varsity ball team will try to continue the winning streak against the team from Luther College. Iowa has had several victories and defeats this season by the men from Decorah in past years and hopes to retaliate in this coming game.

The Junior and Freshmen laws will cross beats on Iowa field this afternoon.

The Iowa baseball nine defeated the State Normal team on Iowa field Tuesday afternoon by a score of 11 to 2. The game was loosely played. A. Johnson, the visiting twirler, in the opinion of many of Iowa's ball fans, was the easy subject for the locals who touched him up for ten hits. Kent pitched for Iowa and allowed the Normalities only three hits. The visitors were inferior to the Hawkeyes in the general handing of the leather. They made numerous wild throws to first which fact is responsible for many of Iowa tallies. Two Normalities scored in the seventh on the fly. The line-up and score follows:

Iowa-Obbns, 2nd, White, if; McTregor, ss, Davis, c; Kent, p; W. Kells, cf; J. Yessler, sb; D. Kelly, 1b; Cretzmayer, r; Noram, 3b; Wright, of; Hillard, lb; Leeland, pf; Patty, 2b; Wright, 1b; A. Johnson, p; Beckman, sb; Hagi, c; A. Johnson, rf.

As the time of the state meet approaches and practice nears its close, the coaches and the varisty men for the leading position Saturday, brightens. A few weeks ago, the place for Iowa was uncertain, but out of the question while at present a feeling among the men themselves gives good ground for such a hope.

The Drake team, which has won the meet for five years, is lagging slightly and it is the opinion of many that Moniwall is working up a surprise in the nature of a team composed of stars for first places only, hoping to get enough to rank with the lead. Ames is still the favorite, however, and Iowa and Grinnell claim their place for first. If Hamilton is thrown out, as reported, then Iowa and Illi will profit and Iowa will suffer. The varisty can get nothing in the sprints and a smaller college winning these events would materialize the lead of Ames.

Iowa's entries have been sent in some weeks ago and comprise a team of twenty-seven men. Only two can enter any one event, the competitors to be chosen as the conditions warrant. The complete list of entries of the university is:

Editor To-day — CARL W. ROG

The principals and high school athletes who were guests of the university at the time of the recent field meet, have expressed themselves through the medium of their local newspapers as universely satisfied with their entertainment here. Without exception the meet was to reported to have been the best conducted of any since the organization of the high school association.

The management of the venture wishes to acknowledge its grateful obligation to all who assisted in the conduct of the meet and at the same time the Iowan will congratulate the student body on its grace and hospitality as host.

The dissatisfaction with the old system of management of the junior annual culminated today in the action of the freshman law by passing resolution demanding fair representation in future management of the Hawkeye. The verdict was reached after careful consultation with the other professional department and embodies the views of these depaetments.

If the demands are made by the classes in the college departnent's new system of annual-board election will be necessary. A change in the former method is without doubt desirable. Exclusive political factions have hitherto controlled elections, resulting in the choice of men, in many instances, of inferior ability. The barring of votes for positions on the board can bring no other result.

During all this time the trade of balloting for position has been developed to a great extent in the liberal arts department, the professional classes not being consulted in the election at all.

The dramatic club met this week under elected officers for next year as follows: Frank Sangster, president; Sadie James, vice-president; Lawrence Morrissey, sec.-treas., and Leslie McAlpine, stage manager.

Negotiate for Lower Dam Site

In case the board of regents selects the lower site for the projected dam, the commercial club of Iowa City, after negotiations with Smith and Dows of Cedar Rapids, are now soliciting funds for the purchase of the property. When the amount necessary is billed the land will be bought and turned over to the university with the recommendation that the lower site be chosen.

Prof. Sturm Edits Text-Book

Professor F. B. Sturm of the German department of the university has edited and placed upon the market an edition of Ger- stacker's "irgendahren." The work is published by D. C. Heath & Co. and is meant primarily for class room and text-book purposes. Though the text has been cribbed from the original, nothing essential has been omitted. The book is being used by both the freshman and sophomore classes in the university.
