OLD GOLD TRIUMPHS
STATE MEET GREAT VICTORY FOR DELANEY

All Dope was Off and Iowa Won With Unexpected Points—Ames in Fifth Place

Already the state meet is a thing of the past and the result has gone down in history with the greatest football victory over Ames last fall. Twice this year Iowa had the opportunity of adding to its title to the athletic championship of Iowa.

Unconditionally, the meet Sat-urday was a signal victory for Trainer Jerry Delaney, pegging right along because the men are new things every day and coming to the conclusion that Delaney took a team to the state meet for the first time this season in good condition. The improvements of the men from the time the normal meet till the Ames meet was considered remarkable but the change in the last two weeks has been surprising.

While the result of the hur-ristles was surprising to teachers, those who had been watching Myler and Brown perform before the contest expected such an outcome. The eternal 'dip, dip, now dip' of Barker had been mastered and two men both new to hurdling carried off the honors of the day. The eight points in the hurdles, Chalmers' throw in the hammer and Barker's wonderful jump won the meet for Iowa.

Of all meets ever held by the normal organization, the last one was by far the most exciting. The extra men in the meet and event and Iowa and Grinnell were tied. Clove of Grinnell held off the hamp in the preliminaries Barker and Parsons had just finished the high jump and were both more or less tired. But Cap- tain Barker had been tied in the high jump which he had won twice before. Realizing what first place meant now and seeing the victory in sights which he had been waiting for quarters, he calmly measured his take off, kept his eye on the block and with terrific burst across the square and went out 23 ft. and 6 in., over a foot further than the last jump yet made. The last one counted her points at 284, Grin- nell could see no more than 380 and the other schools ranged gradually to the 17 of Ames and 10 of C. of I.

Reviewing the meet, Delaney says: "Of all men, Fume White displayed his sportsmanship Saturday. We trainers were not all on the track, but if we had done things at all, perhaps we would not have done. Coating, threaten- ing, rushing back, he put as much gum in them on starting their races that they couldn't be beaten."

THE SEMESTER MEETING

TAKEN TOMORROW

Iowa Favors a One Senate Residence Rule State Regular

Professor A. G. Smith, representative on the University Board of Regents, has announced that he will meet the request of the present state senate to adopt the “semester rule.”

At the meeting the question of the Iowa college year will be raised and the question of what should be done will be under discussion. Professor Smith is expected to report a “year resting” rule at the next Iowa senate meeting. Professor Smith was also succeeded in this rule by the Iowa Senate. The prevalent opinion is that the semester residence be adopted.

In that case the Iowa professionalism will be the same as that of the Harvard. It is hardly probable that such a rule will be adopted by the other institutions of the state. The attending men will also continue to remain at very few colleges and will not be able to maintain their expense during the insolvency.

Is the elephant much in humanity than the other? If so, it is not the elephant’s place to discuss this whole question. The Institute by the earth biome humanity. Everyone has the merit of the earth, the right to hunt and kill, but to have one weighed over another’s value of the other, and interesting program. The elephant and Wyland will present the international program to the world. Wyland, a leading elephant of our nation, and a speech (and Van der Lee). Wyland is a big elephant, and he is likely to get a good deal of attention at the program’s close.
