WIN FROM MICHIGAN

IOWA IN FINALS OF TENNIS TOURNAMENT

Track Men Left For Chicago Today—Board of Control Meeting Last Night

This afternoon on the University of Chicago courts Iowa faced, for the western inter-collegiate championship tennis cup. Missouri and Georgia had worked up to the finals by defeating Iowa in the championship game yesterday. The defeat of the Wolverines was entirely a surprise as they were expected to furnish the feature exhibition of the tournament in a final meet with Garnett and Gray of Chicago. The Chicago men were picked to win from Iowa in the championship game played this afternoon, according to Jerry Delaney left earlier in the season. Cugow was defeated in the singles by McNeil, 6-4. The score in the doubles was, 6, 1, 7-5.

At this time there were 11:17 part of the Iowa track team in company with furloughed B. J. Byrnes. The conference meet will be held in Chicago on Saturday. These men left today in order to be in time for the 440 preliminaries which will be run tomorrow afternoon. The men who went today are K. E. Barker, K. E. Barker, Donaldson, and Davis. Stanfield, Jeffers, and Smith were to have gone up today on account of examinations. The remainder of the team will leave Wednesday.

VARSITY TAKES SECOND

SHUT OUT GRINNELL

About to Close Most Successful Season For Many Years

Lost But Two Games

By defeating Grinnell yesterday in the second game Iowa claims clear title to championship honors. With Cretzmeyer in the box for the varsity the Scarlet and Black men were shut out in a clean game, Iowa netting two runs. The former game with Grinnell on Iowa soil resulted in a goose egg for Grinnell, the score being 5-0.

Two games remain to be played and the team closes the most successful season of many years. The university men meet Penn at Oshkosh today and Cornell at St. Vernon Saturday. Defeated by the games of the fourteen played so far have been lost, one to Knox and one to Nebraska. Iowa evened up with Nebraska however, in the second game, winning by the score 1-0. All the state games have been won by a good margin and the only disappointment was when the parts were thoroughly learned and it is assured that all the parts will be better perfect by the night of the twelfth. For amateur actors to know their lines so far in advance speaks well for the stage manager and those who are coaching the play. Part of the costumes have been secured from a friend of Miss Evert's whose company presented this same play and the rest have been ordered from a Chicago house. Miss Evert's and Fred Gordon have been active in assisting in the cast in the rendition of the lines. The score was sung by Sally Wieland, Alexis Petrovitch and Emmer (afterward Gustave), Vusa, Bjoroke and (Wordfalk).

SENIORS KNOW CUES

PAPER IS ALWAYS READY FOR PRESENTATION

Daily Rehearsals Will Commence at the Opera House Tomorrow—The Cast

One week from Monday night the senior class of the college of liberal arts will present at the Olden Opera House "A Russian Honeymoon." The play as stated in the Iowan some time ago is a three act comedy dealing with the love affair of a Russian nobleman. He is a live little play and is especially suitable for ama-

teurs.

Two rehearsals will commence in the opera house tomorrow after-

noon and will continue there daily until the night on which the play is to be given. The management has been in the hands of Mr. Call and under his efficient supervision most of the preliminary preparations have been made. Contrary to re-

erent fears otherwise it is said that the parts have been thoroughly learned and it is assured that all the parts will be better perfect by the night of the twelfth. For amateur actors to know their lines so far in advance speaks well for the stage manager and those who are coaching the play. Part of the costumes have been secured from a friend of Miss Evert's whose company presented this same play and the rest have been ordered from a Chicago house. Editor-To-Da... -- LEWIS ZEITHEIM

In a few days with commencement will be here and with it will come many visitors from this and other states. Many of those who will be here are alumni of the university but many others will be strangers coming here for the first time. The week of its many festivities will be a gala one for us but in the pursuit of our own pleasures we must not forget to look after our visiting friends, to show them our school and ourselves as we really are. This does not pertain so much to alumni of the institution as it does to those who are not. The alumni are familiar with the ground and can for the most part take care of themselves. But those who are strangers will need guidance that they may find the interesting things about the university. Many of them will not ask for information and consequently it is up to the students to offer it. If you have an acquaintance or friend who will be here take him through the buildings, show him the museums, even though they are old to you explain the courses of study, and in all ways make yourself useful.

The people who will be here are guests of the university. You are part of the university and are not, as you might possibly suppose, something apart from it. You are playing the role of host. Do it well.

VACATION

How are you going to spend your summer? Are you planning to work? If not pay you to acquire a knowledge of strong- ening yourself by taking something to assist you while going through college? Many former students of the Capital City Commercial College, Des Moines, Ia., are now reacquiring their expenses partially or wholly while attending college by doing shorthand and typing work. Furthermore, a knowledge of shorthand will help you greatly in class and lecture rooms. If you aspire to a position in a bank or business establishment, shorthand will prove to be an excellent stepping stone.

The C.C.C.C. will remain in session during the summer months. Special inducements for college students who enroll for the summer term. Most of the expenses may be earned by those who are making their own way through school. Send for detailed information.

The nurses are much relieved to have this building in use again, and are grateful for the opportunity to work there.

The students have been very busy and there are many events scheduled for the coming weeks.

The program includes a number of activities for the week, such as a lecture on nursing by a prominent nurse, a class discussion on medical ethics, and a social event at a local restaurant.

The students are also planning a trip to a nearby city to visit a large hospital and learn more about the medical field.

The event is open to the public and tickets can be purchased at the hospital office. We encourage everyone to attend and learn more about the medical profession.

Don't miss out on this exciting opportunity to learn more about the medical field and support the hardworking nurses and medical students of Our Hospital.
