OLD GOLD ON THE GRIDIRON

Squad Large Enough for Four Elevens —Hopesare High.

Iowa's football prospects are very bright for the season of 1905. She will not possess a "whirlwind" team, but she will have a good one. The new conference rule prohibiting freshmen from playing on the 'varsity eleven makes Iowa suffer as do nearly all the conference teams. The creation, however, of a first year eleven is bringing in a large amount of good freshman material.

Early Practice.

Football practice began at the State university early this fall, and the opening of school today, makes over two weeks of early training. Coach Chalmers and Assistant Coach Dwight Griffith have been busy trying out the material. There has been practice twice a day since the beginning, consisting mainly of kicking the ball, tackling the dummy and signal practice. The first scrimmage came off on Monday of this week and the practice. The first scrimmage came off on since. The 'varsity has had but little trouble in holding the "scrubs" so far and has made her touchdowns in two and three minutes—six touchdowns being made by the 'varsity in the scrimmage last evening.

The Material.

The 'varsity is lacking in substitutes this year, there being but few available among those eligible to play. Line men are more scarce, however, than the back field. Most of the veterans have been out to practice and all are expected out before the week ends. Great rejoicing has been brought to the football fans by the return of Allen, Knapp and "Fuzz" White, all of whom will probably be out today. Rockwood, the Gopher guard, is the only veteran missing, and Coach Chalmers is confident he will be here in a day or two. Tupper is showing up well at half and has a great deal of speed. "Andy" Chalmers is playing his old position, left half, and trying at full. Captain McGowan will be seen at full again this year and "Germany" Schwinn at left tackle. "Cresco" White is trying for the other tackle, and Streff and Moore, Brown and Murphy are trying for the end positions. Either Seidel or Moore will be seen at center and Kent and Fritzell at quarter. Narum and Fitz are trying for the guard positions and Rockwood may soon join them. Allen and "Fuzz" White will probably try for half and Knapp for [illegible] Parsons, a likely candidate for a[illegible] position, will not play because o[illegible]ental objection.

Among the freshmen [illegible]me very good finds. Reck, a 213 [illegible]d fellow from Anamosa, is trying [illegible]t guard and Morrison, an Ida [illegible] boy, is showing up well. All in [illegible] freshman bunch is a good one [illegible]ill put up some snappy games [illegible]eason. There are so many out t[illegible] difficult to fix a line-up.

At the beginning of football practice on the Iowa field but fifteen men were out, but over forty, enough for four teams, were out last evening. A great many more likely candidates will be out this week.

Coach Chalmers stated last evening that he intended dividing the freshmen from the scrubs and making a scrub team to buck the 'varsity. The freshman teams will do scrimmage by themselves for a while. The 'varsity will play the second team in the near future and then the freshmen.

Possible Line-Up.

The 'varsity line-up has not been made yet, but the following is possible:

Center—Seidel, Moore.
Right guard—Narum, Fitz.
Left guard—Rockwood, Washburn.
Right tackle—"Cresco" White.
Left tackle—"Germany" Schwinn.
Right end—Brown, Murphy, Knapp.
Left end—Streff, Moore.
Right half—Tupper, Allen, Seidel.
Left half—Chalmers, Murphy, White.
Quarterback—Kent, Futzal.
Fullback—McGowan, Chalmers.

The men are being tried for several positions, so as to make a versatile team, because of the lack of eligibles.

The Schedule.

Most of the games the 'varsity plays this year will be home games, so the local fans should turn out well this year. There are two open dates at present. One on October 4th, at which time a game was to have been played with North-western, but was called off and the other on October 14th, with Augustana, which has been cancelled because of that school's faculty not being in sympathy with the game. The first date will remain open, but Coach Chalmers thinks the latter will be filled soon.

The freshmen schedule is not completed but the first year eleven will play several games with the minor colleges of the state, and a curtain raiser with the Minnesota second team at Minneapolis.

The following is the 'varsity schedule:

Sept. 26.—Coe in Iowa City.
Sept. 30.—Monmouth in Iowa City.
Oct. 4.—Augustana in Iowa City.
Oct. 7.—Chicago in Chicago.
Oct. 14.—Open.
Oct. 21.—Minnesota in Minneapolis.
Oct. 28.—State Normal in Iowa City.
Nov. 4.—Grinnell in Iowa City.
Nov. 11.—Des Moines college in Iowa City.
Nov. 18.—Drake in Iowa City.
Nov. 24.—Ames in Ames.
Nov. 30.—St. Louis University in St. Louis.

The First Game.

The first game of the season will be with Coe college of Cedar Rapids next Tuesday. The game will be opened by Governor Cummins, who will be present, and kick off. A record breaking crowd is anticipated.

No Scrimmage Today.

There will be a hard signal practice this afternoon, but no scrimmage.

Y. M. C. A. RECEPTION.

On Wednesday evening the young men of the University to a goodly number assembled at Close Hall in order to have a general jollification and enjoy a few hours of recreation, while becoming acquainted with one another.

It is needless to say that the object of the meeting was more than realized and every one, whether from freshman to graduate student met on an equal footing and vied with each other in developing social qualities.

After partaking of eatables fresh from the farm, a very pleasant change in the evening's program, Iowa songs were sung and Iowa yells were yelled. Then the evening closed with a violin solo by Mr. Cornelius De Bey, of Orange City.

The Y. W. C. A. held a reception last evening for the new girls. A great number were present, and many have already expressed their desire to take an active part in this year's Y. W. work.

ANTHROPOLOGY.

A new course in a new branch is offered to sophomores and students of more advanced stages. It will cover a sketch of the rise of the science, the story of early man, his development in body and mind; the beginnings of the family, society, race, etc. It will consist of lectures on Tuesday and Thursday at eleven o'clock, and will be conducted by Dr. Ward.

PROSPECTS FOR THE YEAR

Opinions About the University by Prominent Persons.

Everything is most encouraging. Every one seems to be enthusiastic. The general atmosphere is exhilerating. The new girls are charming.—Mary E. Everts, Dean of Women.

My impression is that there is very unusual activity in all repartments of the University.—L. G. Weld.

It looks like a general advance all along the line.—Dean Currier.

My usual thermometer is the state fair attendance. It was a record breaker this year. The natural result would be increased attendance.—Prof. W. R. Patterson.

I hear nothing but good words for the University. The prospects seem better than any previous year.—Dr. Ward.

My observations, in the state, are that the sentiment is very kindly toward the State University and growing stronger. We also have many friends in South Dakota, where I have been. The outlook here is good.—Prof. F. E. Bolton.

We will have a lively team, one that will contest every inch of ground. The team work is better than at this time last year. There is an excellent spirit among the boys. The freshman squad is in good shape. New men are coming daily.—Nile W. Jones.

The squad has been practicing for about two weeks, but the team work is yet ragged. The team is working hard, and work will sometimes accomplish wonders.—Coach J. G. Chalmers.

We are going to have a fast team.—Capt. McGowan.

Everything indicates increased attendance. The administration offices are crowded and the freshmen are in great numbers.—F. C. Drake.

Mr. W. I. Atkinson, a senior in the law college, has returned to complete his work. He was a guard on last year's team, but has not yet decided to play this year.

Mrs. J. B. Kester, L. A., 1900, M. A., '01, of Creston, is visiting Mrs. Thos. Spurgeon.

J. B. Kester, M. D., 1902, who is now located in Creston, is taking advantage of his wife's absence by visiting in New Mexico, where he has bought a sheep ranch. Since leaving S. U. I. Mr. Kester has been specializing in eye, ear, nose and throat. His post-graduate work was done in New York City.

Mr. Frank Daly, from the Keokuk Dental college, enters S. U. I. dental school as senior. Mr. Daly's sister, Miss Unice, finished the dental college in 1902.

IN THE BEGINNING.

The Iowan begins its fifth year with this issue. It is a matter known to all that the previous years have been full of trouble. There have been wars and rumors of wars. At present there is a suit pending in the court of Johnson county between former stockholders. This suit, however, in no way involves the paper. At present the omens seem to promise nothing but good. The warring factions are becoming more pacific, and we trust the present year may be an era of good feeling as far as The Iowan and its constituency are concerned.

The present editor of The Iowan is not a believer in the policy of secrecy in matters directly concerning the public. This paper must have the support of students, faculty, alumni and the business men of Iowa City. To them facts are submitted because it is right that they should know.

Years ago the Vidette Reporter was the students' paper at this institution. Its editors were chosen at a popular election. There was a business manager who attended to financial matters, paying the bills and taking whatever balance might remain as his salary. He was quite independent of the student body, who cared nothing about how he paid the bills or how much his profits amounted to, so long as the paper was properly issued. In years this independence bred in the mind of the manager a feeling of proprietorship in the paper. He felt that he owned it. Accordingly it became the custom for the retiring manager to sell to his successor. This was private ownership. The next step was the union of the Vidette with the Quill. The latter had always been a private enterprise. So The Iowan came into existence as the property of individuals who appointed all editors and officials. Then came a movement to incorporate. A corporation called the Daily Iowan Publishing company filed articles of incorporation, but there is no record showing that this company was ever formed. The stock was sold, the purchasers receiving certificates in the Old Gold Stock company. But nobody can find any record of the fact that this company ever voluntarily surrendered its existence, changed its name or decided to buy The Iowan. By-laws are mentioned in the articles of incorporation filed at the court house, but no by-laws are to be found. As far as can be ascertained articles of incorporation were not complied with unless it was convenient, which was indeed seldom.

This was the condition found by the present business manager and editor. The best attorneys in the city shook their heads when consulted as to who is who and what is what regarding The Iowan. The one fact remained. Certain people had put their money into the paper, and while there had doubtless been an over-capitalization, these people had an equity which should be recognized.

The majority of stock was offered for sale, and a contract for the sale of these holdings exists between W. O. Coast, representative of the holders, and the business manager and editor of The Iowan.

The question then arises as to what the plans for the future are. Briefly stated, this:

To work out such a plan of management and ownership as shall make The Iowan a truly representative paper, creditable to all concerned.

Meanwhile we shall issue the best paper that circumstances will justify.

We need your help. We have faith in you, and, therefore, expect it. We, managers and patrons, can do this right. Let's do it.
