RECALCITRANT.

Miss Iverson wrote her recital to a crowd and a delighted house last night. The society boys brought their girls and listened with delight when they were doubly glad that they had cut out of their meetings. In fact the audience was unanimous in praise. But this was all that Inclined to look upon proceedings. Miss Gertrude Grimes, leader of the Y. M. C. A. girls are especially appreciative, since they not only enjoyed the program as much as other people, but their treasury is replenished by something like thirty-five dollars by this generous gift of Mr. Minton.

The meeting would then be in charge of the finance committee; Miss Gertrude Grimes, leader of the Y. M. C. A. girls. The subject is "Christian Giving—Share tg." The association, like any other organization, must attend to its finances in order to maintain its existence, and this is a time for all to respond liberally.

GREAT GAIN IN ENGINEERING DEPARTMENT.

Iowa's engineering department has passed the experimental stage. It is now an academic department in the university. The new building will soon be completed and ready for occupancy. The enrollment has increased 50 per cent over last year, and the freshman class alone is as large as the entire department was two years ago. We now have the students, the equipment and enough men in the department. Last year every qualified man who wished a place secured employment.

FORENSIC SOCIETIES.

On account of the recital given by Miss Katherine Jewett Iverson at the Presbyterian church last evening, the Irving and Beta did not give their regular weekly programs. The Philos will give a joint program together with the Octave Thetas this evening. A special program has been arranged which promises to be the best given this year in the Pyle hall.

There will be music as the first number, followed by a recitation, "The Sleeping of King's Spite," by Ross Yandburgh. Vera Weber will give a paper entitled, "Thomas Bailey Aldrich." Then follows a reading, "The Difference of an Egg," by Effie Blum. The Philos will be represented by Horace, Butterworth, Conway and Fouch, who will debate the question, "Resolved, That an education in a college of liberal arts is best promoted by a system of free election." The program will conclude with another musical number.

Erdelphiens.

The Erdelphiens will give the following program this evening:

PAN HELLENIC BALL.

Fair Frae Girls Make Merry This Afternoon.

This afternoon at Majestic hall occurs the big social event of the season. Upon this array of brilliancy no male creature was permitted to cast his eye for fear, hence, no future array might be seen worth looking at.

The clock in the tower was striking two. The freshman on the steps of the Y. M. C. A. building looked across the street and began to take interest in life. The street began to grow busy, and when he perceived that his attention was irresistibly being drawn to the doorway beyond the hothouse shop. Then he realized that there was a double file of handsome girls—from freshman to alumna—going up the stairway leading to the hall. "Say," he said to the senior law who chanced along, "do you know I don't understand this. In this a female college going on uptown or what? See, they've worn white skirt waists and black skirts—some of 'em. Don't see how they can fool you playing at such pitting kindness the future mission of the law (I think minnow is the word) to give him the solution and said, "Hush, child! those in black skirts act as men at the sorority ball up there now." The freshman looked bewitchingly up on the unresponsive wall above the greatly aroused over the affair and Declamation—Alma Wyland. The Y. W. C. A. girls are especially appreciative, since they not only enjoyed the program as much as other people, but their treasury is replenished by something like thirty-five dollars by this generous gift of Mr. Minton.

The meeting would then be in charge of the finance committee; Miss Gertrude Grimes, leader of the Y. M. C. A. girls. The subject is "Christian Giving—Share tg." The association, like any other organization, must attend to its finances in order to maintain its existence, and this is a time for all to respond liberally.

GREAT GAIN IN ENGINEERING DEPARTMENT.

Iowa's engineering department has passed the experimental stage. It is now a distinct department in the university. The new building will soon be completed and ready for occupancy. The enrollment has increased 50 per cent over last year, and the freshman class alone is as large as the entire department was two years ago. We now have the students, the equipment and enough men in the department. Last year every qualified man who wished a place secured employment.

Entered as second-class mail matter, November 12, 1905, at the post office at Iowa City, Iowa, under the act of Congress of March 4th.

CROSS COUNTRY.

In this number will be found a statement from the committee having charge of the cross country work. It is urged upon all freshmen that they take part in this practice. It is said to be one of the best forms of athletics, and it looks reasonable that it should be.

The freshmen should not be led by the amount of space and attention given to athletics by the papers, to the conclusion that the chief end of a college man is to be an athlete. However, the great danger is that too few men will engage in athletics, and that few will do so soon enough to be a whole thing.

The primary purpose of athletics at Iowa is, and must always be, to develop all the boys into men—men with sound minds and strong bodies.

It would seem that cross country work is eminently a sport for a large number to engage in.

SEATS FOR LECTURE COURSE.

The committee in charge of the lecture course announces the following plan for the reservation of seats: All those holding season tickets may have reserved, for the Hahn Festival orchestra and for Hnnila Gerland's lecture on and after Thursday, October 26, at 8 a.m. at Winona's.

CROSS COUNTRY RUNS.

While the football season is still at its height, the track men are looking forward to the prospects of indoor meets in the memory during the coming winter, and the long distance men have been quietly preparing for the future through the practice runs that are held every Tuesday and Thursday afternoon and Saturday morning. It is probable that the board of control will continue its policy of last year in awarding jerseys to the three men making the best scores in the competition runs which will be held later in the fall. A journal will also be given to the freshman of any college in the university making the next best score.

In charge of the cross country work.

The upper classmen of Michigan worked a successful graft on the freshmen of Main street, by informing them that it was an old Michigan custom, during registration week for freshmen on Main street to furnish refreshments to upper classmen. It worked in almost every case.

FINE TAILORING

I desire to announce that I have a complete line of the latest patterns of Tailor Piece Goods, for...

Business Suits, Black Suits
Full Dress Suits, and a full line of trussing and overcoating

PRICES MEDIUM

No better work found anywhere.

We know that we can suit you.

College colors in ribbons, felt, silk and satin at H. A. Birchs.

THREE NIGHTS

Commencing Thursday, October 19th

Dubsinsky Bros.' Famous Wallack's Theatre Co.

The Mansion of Aching Hearts

Prices, 10, 20 and 30 cents.
Iowa has invited some of her famous alumnae to play football.—Drake Delphi.

Word comes that the regulars were defeated. The Iowa girls must have shown much speed.—Nebraska.

Everybody at S. U. I. sees the joke.

The State Horticultural Society meets in Iowa City on November 2, 3 and 4.

Going to bed hungry, it is all wrong and man is the only creature that does it.—-Muscatine Journal.

Customers who can afford to go to the football game. now-only fifteen to twenty-five cents—think of it—or better—go, and think of it afterwards.

Theodore M. Anderson, B.Ph., '96, L., M. B. '99, has been visiting the university this week. Mr. Anderson enjoys a large practice in his home in Everett, Washington.

Colorado University is again to be represented by a fast football team. Their coach is doing miracles with the green material he had on hand at the opening of the season.—Laramie.

There is really no good reason why a married man cannot play football, but the fact remains that stag players are usually about the best.—Register.

No one here disputes that fact.

Dr. R. W. Robb, '03, who has been enjoying a good practice at Blenheim, Iowa, is a recent arrival in the city. He thinks of remaining here a few weeks doing some special work in the College of Medicine.

Friends of Miss Anna Holmes will be pleased to learn that she is very much improved since returning to her home at Waterloo. Miss Holmes was a member of the senior class this year, but sickness compelled her to leave.

The Iowa Euterpeall Quartette, consisting of Thos. L. Rogers, D. J. Mc Donald, Chas. E. Lance and C. C. Brown, will make its first appearance this year at a reception to be held at Townsend's photograph gallery next Wednesday evening.

Frank O. Ellis of Swampscott, Mass., who entered the normal department of the university in 1894, is visiting in Iowa City. Mr. Ellis was much impressed with the development of the country in general, and particularly pleased with the growth and progress of the university.

Seldom Fed—They say old La. Z. Bones is gettin' religious.

Hard Knock—Yep, He's just heard about Satan findin' work for idle hands to do.

A SUGGESTION—Our busiest time is between 12 and 12:30 at noon. Those customers who can arrange to come before or after that hour can be sure of being served quicker and more comfortably. MERCHANTS' CAFE.

Rev. Arthur M. Judy, who is to speak in All Souls' Church on Sunday morning, is one of the most successful ministers and eloquent preachers in the Central West. He has been for twenty-one years the minister of the largest and most influential parish in Davenport. His influence is far reaching. Students should not miss the opportunity of hearing him.

S. U. I. monogram pins, fobs or buttons—JOHN HANDS, 129 College St.

Special attention to students—Sutton's barbershop.

Examine Liscomb's Photos before going elsewhere.

Dr. O. W. Okerlin '01, Homeopathic Department, now located at Lisbon, Iowa, and Miss Sue Beason Bность, of the Homeopathic Training School, were married at the bride's home at Atlantic, Iowa, Oct. 26, 1905. The newly married couple went immediately to Lisbon where the Dr. is enjoying a very nice practice. The many friends of these young people in the university extend congratulations.

Students having surplus cash will find Iowa City State Bank safe and accommodating—corner College and Clinton.

Try Thomas for Butter, Bread and Cake knives.

The Ohio State University football team has unanimously voted to organize itself into a class for systematic Bible study. The men will devote one hour each evening for study, and this will be observed as strictly as all training table rules. At Ames a part of the squad hold their class in the training quarters. These and other instances fully as significant, speak volumes for the way athletes are doing things in our western colleges and universities.—Volante.

If A. Struth & Co. for Ladies' Tailor made Suits, Fancy Waists, Cravatette Coats, Cloaks, Capes and Furs.

Try Thomas for Plated Knives, Forks and Spoons.

All the new creations are here in Fall and Winter Suits from the very best manufacturers in Rochester and New York. Coats are cut long this season. If you care for up-to-date goods don't be fooled into buying a last season's cut.
STUDENTS!!
We are prepared to do YOUR PRINTING
and furnish your stationery in a hurry at
prices that please you.
