Grinnell All Right.

Students and Alumni Repudiate Sentiment Referred to in Yesterday's Iowa Daily.

The following letters came to the Iowa this morning, and we believe they truly express the Grinnell feeling about the merits of Iowa's athletes. The previous article referred to, probably represented only one person's sentiment, and he, both poorly informed and biased in his judgment.

We appreciate the spirit in which these letters were written and feel that Iowa and Grinnell will maintain the same friendly relations that have existed in the past.

Below are the letters, the names of the writers being withheld by the desire of the writers:

"Grinnell, Iowa, Nov. 1, 1905.

"Dear Daily Iowan,—I think that it is due to the friendly spirit which has always existed between the State University and Iowa college that you should know how humiliated and mortified we all alike feel over the recent article which appeared in Scarlet and Black and seems to throw the Grinnell student body feel over the recent article which appeared in Scarlet and Black and seems to throw the Grinnell student body.

"We feel over the recent article which appeared in Scarlet and Black and seems to throw the Grinnell student body.

"Very truly yours,

"A. Grinnell".

TO END STUDENT GRAFT.

University Senate Wants Supervision of Accounts.

Another step toward faculty supervision of student enterprises was yesterday afternoon by the University senate, in recommending to the board of regents the passage of the following resolution: "Resolved, That the supervision and auditing of all financial accounts of all non-athletic organizations of students of the University receiving aid from the University, be confided in, and all such accounts be required to be submitted to, the board of audit of the University senate under such rules and regulations as said board may prescribe from time to time hereafter.

"This recommendation is in line with the policies of a number of other institutions, notably the universities of Nebraska and Minnesota.

3. Each member will be entitled to but one ticket.

4. The tickets will be sold only at the roosters' main meetings just previous to the games.

5. The tickets will not be good at the gate unless the holder wears his college colors.

PROF. LOGO SPEAKS TO WOMEN.

Purpose of Sociology in the Benefit of Society, Says Isaac Louis of Iowa City Before Des Moines Woman's Club.

Prof. Isaac A. Logan of the State University of Iowa gave an address yesterday before the Des Moines Woman's club on "What is Sociology," before a large and interested audience.

"Sociology," the lecturer said, "is the fundamental science of human society in its nature, origin, forms and purposes. Sociology is regarded rather as the fundamental or generic social science of which the various social sciences are specialized branches.

"Nevertheless, in the name of social science the sociologist urges the state to pass laws for the protection of child labor, and he does this not alone for the sake of the child, but for the adult as well, because a community can reach its highest development in moral character or economic efficiency if it must build on an unselfish, a stunted childhood."—Regis­ter and Leader.

Manager Jones Says It Has Not Been
Decided to Take Minnesota-Iowa
Game to Davenport.

Below will be found a statement from Manager Jones regarding the game with Minnesota next year. Considering the publicity which has been given the matter, we think it fair that this statement from Mr. Jones be given to the public:

Editor of Daily Iowan:—Your editorial in last issue, regarding the Minnesota-Iowa games for the coming year, being played in Davenport, has been called to my attention. I desire to state that neither the athletic board nor myself have taken any steps in regard to the next game with Minnesota, either in regard to the date or the place of playing. As the matter will not be decided in any way until after the close of the present session, and nothing having been said either by the Minnesota or Iowa management regarding the 1896 game, our editorial was rather premature. I assure you that it is the desire of the athletic board to have all the home contests played in Iowa if the patronage will warrant.

PHILOSOPHICAL CLUB.

The meeting of the Philosophical Club last night at 7:00, in room 215, liberal arts, was one of much interest as well as educational value. The address on "The Comparative Method of Studying of Religions" by Prof. Arthur Fairbanks, was very strong, and gave starting points for many lines of valuable discussion. These meetings of the Philosophical Club are among the many good things which the University affords, and which the students might profit by attending.

For then we’ll ramble, we’ll ramble,
We’ll ramble through the line,
First down every game.
And then we’ll ramble, we’ll ramble;
The way we’ll beat the Aggies, will be fine.
