Y. W. C. A. Last Night.

A Crowded House and Many Fine Addresses.

The Presbyterian church was crowded last night for the second evening session of the Y. W. C. A. convention. Many of the town people were present besides the members of the local association and the delegates.

Mrs. C. A. Rawson of Des Moines, chairman of the state committee, conducted the song and devotional service.

On special request Dr. E. H. Field spoke for a few minutes on work in Korea. Dr. Field had for years been a medical missionary in Korea. She said that "the island is only a third larger than Iowa, but is very densely populated. Almost their only religion is their superstitions beliefs. They are eager to hear the gospel but the work will take many miles to fruitful results."

Dr. Field said that the missionaries must be teachers, too, often having to transmit instructions late at night or in the hands of the people. The work of teaching of Dr. Field spoke of the case with which teaching places can be filled here, while in Korea there is the greatest need for teachers.

Notes of the Association.

About 300 attended the reception at President MacLean's.

The Y. W. C. A. Program for Sunday.

The Missouri Y. W. C. A. program will be received by the local association and the Y. W. C. A. of the city.

Rev. Williams Parsons Saturday evening.

At 7:45 are registered.

Meeting of the all the college alumni and students was held from 1 to 2 to consider plans for special work.

The Morning Visit

On the World’s Work, telling what progress is being made by the association in different countries. Miss Conde received a telegram giving the numeral of the meeting which has just been held in Chicago. It says: "More. City and students membership and has made all of the state wide heretofore, it not being required that active members in city associations be members of an evangelical church. It has been decided at this meeting that the following:

Bluffs died yesterday as a result of
football injuries received two weeks
before at Harlan, Iowa.

Last evening Haberman held its reg-
ular meeting in the Homoeopathic
hospital. A very interesting program
was given and the society was favored
with two solos by little Miss Wildman.
University Calendar.

Dec. 11—First quarter ends.
Dec. 18—Iowa plays Drake at Iowa City.
Dec. 24—Iowa plays Ames at Ames.

Things Doing at Mt. Vernon.

Froshmen is Treated to Free Haircut by Sophomores.

About sixty of the freshmen gathered at the O. O. F. hall Halloween night for a mask party, upon the invitation of Mrs. Bennett. Everybody had an enjoyable time at the party during the evening, but one or two incidents interfered to some extent to mar the harmony of the occasion. Mr. French was intercepted by a crowd of sophomores and other classes, converted to a lonely spot on the outskirts of the town and submit to several cuts of hair. "Laddie" Putnam, president of the class, and Mr. Blake, another freshman, left the hall at an early hour for the purpose of attending the annual party given at the Thoomey club. The pair passed through Fox's store, intending them to avoid the crowd of students on the street. But the latter saw them, and rushing round to the back of the store, caught Mesas, Putnam and Blake as they came through, and bore them off to the pike grave south of town. Here they all waited until carriages arrived. President Putnam and his companion were bidden into the carriages and conveyed to Burgess' home south of town. Into this place the two freshmen, blindfolded, were led. Mr. Putnam's hair was cut off. He then and Mr. Blake got into the carriage again, and were driven to Truaboo bridge which is a short distance north of the barn, and left there to return at their leisure. Such is the account of happenings which have rightly caused a sensation in college circles—Cornellian.
