BASEBALL SQUAD IS GETTING INTO SHAPE

Last week's baseball practice was attended by a full squad of baseball players. The team has been working hard to improve its skills and tactics, preparing for the upcoming season.

FIFTEEN SCHOLARSHIPS FOR FRESH WATER LABORATORS

Practically Every College Will Have A Representative

Fifteen scholarships will be awarded to students who excel in the field of water laborators. These scholarships are open to students from all colleges and universities. Applications are due by March 1st, and winners will be announced by the end of the month.

THIRTY-TWO REPORT FOR SPRING FOOTBALL

First Practice Held on Drill Grounds Yesterday

The spring football practice is in full swing, and the team is working hard to prepare for the upcoming season. The first practice was held on the Drill Grounds yesterday, and the players were put through rigorous conditioning exercises.

Encouraging

Thirty-two players responded positively to the coach's instructions, showing enthusiasm and determination. The team looks promising for the upcoming season.

Prominent Speakers on Teachers' Program

In this issue, there are several prominent speakers who will be speaking on different topics related to education. The program will be held on Saturday, June 1st, at the State Capitol.

Professor W. D. Hughes and Professor B. H. Smith of National Reorganization Lectures Meet Good Progress On Friday

The professor's lectures on national reorganization continue to meet good progress. The topic this week is "The Importance of Education in National Reorganization." The lectures are open to the public and will be held on Saturday, June 1st, at the State Capitol.

Winners in Scripture Contest

The prize for the best translation of the Book of Hebrews has been awarded to a student from the University of Iowa. The translation was selected by a panel of judges from several different universities.

The freshmen should remember that this demonstration of spirit is largely indicative of their true determination to turn in a winning team this spring," said President Alderman.

The other fellow can fill her head with beautiful dreams, but you, sir, are freshmen but sixes, and we want to have a record of actual performance."
In Search of Sensible Clothes

No man wants to spend a large part of his time to assure himself that the clothes he wears are right—right in style, satisfactory in service, and just in price. The men who have solved the problem of good dress today are the men who have learned where to place their reliance. They have selected the store which knows what its customers must have to keep them in the lead of fashions. Such a store guards the appearance of the man who come to it to dress and whether the demand be for a new cravat or a suit which is perfect in every line that store is ready to meet the demand.

We have a continuous history in the clothing business in this same store of fifty years. The alumni who are now in high positions and whose heads are crowned with the white hairs of wisdom many of them took their first lessons in good dress here. The store has progressed, the old timers would hardly recognize it now except for one thing—that is its policy to lead all competitors.

For Half a Century This Store Has Been
The Students' Acknowledged Standard

A Word About Our Suits
We sell College Brand and Stein-Bloch suits. We sell them because they satisfy the tastes of the men who want to be in style. Especially striking are the patterns and the models of the College Brand suit for this season. The Stein-Bloch suits are more conservative in style but no less satisfactory for service.

A Stetson Hat. "Nuffsed"
Stetson hats need no introduction to the man who wears the best clothes. Max Mayer has long been Stetson headquarters in Iowa City and especially complete is our spring line in this make of hats in both the Aster and the Creta style. Make Sessions your standby.

Topcoats and Cravenettes

A cravenette or topcoat from our present stock assures the purchaser of a garment in which he will take the maximum of comfort. Our cravenettes are made for us by Stein-Bloch & Co. and are notable for their shape-keeping qualities. The 1909 styles in top coats will please you for their exceptional beauty.

Knapp-Felts Always Here
Young men like Knapp-Felt hats because they are the only kind of hats made especially for young men. They have what other hats lack—many times just the right tilt to the brim and shape to the block to make the wearer appear as young men should.
