CHANGES IN FACULTY BREAK ALL RECORDS
FIFTY-THREE NEW MEMBERS ADDED TO TEACHING FORCE
Many Honorary Members and New Professors Complete Faculty Material.

Many changes have been made in the faculty of the University and the coming year will introduce a large number of new men to the teaching staff. During the past year many members of the faculty have left for other fields where they will continue their active work. Some new men have been created in response to the growing needs of the university.

In the College of Liberal Arts, Professor C. W. Griggs will be head of the department of physics, succeeding Professor H. G. Griffin who has gone to the University of Michigan. Professor Griggs comes from the University of North Dakota where he has been head of the physics department for the last four years. He is a graduate of Cornell and has taken Ph. D. degrees at the same university.

Lientenant C. M. Hemen will be head of the department of mathematics, in the place of H. L. Weeks, who has been moved to the principal's position of the regular army. Lieut. Hemen has been associated with the matheematics department since 1897.

Proii. D. S. E. Gordon will teach this year as full professor in the law college. Professor Gilbert is well known to the students for his profound scholarship, and has been head of the law faculty for the last two years. He has been teaching college of the law university of the University of Michigan.

Professor O. P. Fleming will fill the post of assistant principal of the College of Engineering. He comes from the University of Illinois where he has been head of the engineering department.

Miss Ada N. Kingsland will be a member of the faculty. Miss Kingsland is a graduate of the university and is head of the junior department.

The school of music will be headed by Mr. E. R. F. Kammerman, who comes from the University of Minnesota. He has been head of the music department there.

In the absence of Profs. L. A. Leu, Dr. J. L. Gilden will act as head of the department of economics. Mr. Klugmann will be assistant professor in this department for the year. Mr. Klugmann comes from the University of Missouri where he was a graduate student.

The College of Medicine will be headed by Profs. C. E. Fishman, who comes from Charleston, N. C., where he has been a medical student for the past four years. Mr. Fishman has a wide acquaintance as a musical and science student and has been head of the musical department of eastern universities.

The school of commerce will be headed by Profs. C. E. Fishman, who comes from Charleston, N. C., where he has been a medical student for the past four years. Mr. Fishman has a wide acquaintance as a musical and science student and has been head of the musical department of eastern universities.

The school of education will be headed by Profs. C. E. Fishman, who comes from Charleston, N. C., where he has been a medical student for the past four years. Mr. Fishman has a wide acquaintance as a musical and science student and has been head of the musical department of eastern universities.

The school of law will be headed by Profs. C. E. Fishman, who comes from Charleston, N. C., where he has been a medical student for the past four years. Mr. Fishman has a wide acquaintance as a musical and science student and has been head of the musical department of eastern universities.

The school of engineering will be headed by Profs. C. E. Fishman, who comes from Charleston, N. C., where he has been a medical student for the past four years. Mr. Fishman has a wide acquaintance as a musical and science student and has been head of the musical department of eastern universities.
DR. CHARLES R. FISHER

As the director and head of the department of piano forte and teacher of organ and theoretical music, Dr. Charles R. Fisher addresses the students of the University of Iowa well warranted.

Following is a testimonial given by the president of an institution where he formerly taught:

"I have pleasure in stating that Dr. Charles R. Fisher has been director of music at Gildersleeve college for the past eight years, and during the whole of the time he has been in charge, compositions and thorough point winning athletes. The next year's course must be largely repeating. If this year's freshman class is not made up of the students, there is little desire to enroll the new men and women to university activities. The plans laid open the student standing classes must be fulfilled by present

This is true in all branches of worldly life. There is no activity closed to the newcomer. Every man can find his sphere. Personal initiations are plain on the schedule for incoming despatchers and creators. Experience is not a feeling for Edwardian, a magazine to make good need and get along.

Again, I am always looking for point winning athletes. The next year's course must be largely repeating. If this year's freshman class is not made up of the students, there is little desire to enroll the new men and women to university activities. The plans laid open the student standing classes must be fulfilled by present

This is true in all branches of worldly life. There is no activity closed to the newcomer. Every man can find his sphere. Personal initiations are plain on the schedule for incoming despatchers and creators. Experience is not a feeling for Edwardian, a magazine to make good need and get along.

The Register and Leader will "cover" thoroughly the news of S.U.I. during the school year.

Through its staff of college correspondents publishes more "live" college news than all other Iowa newspapers combined.

For liberal subscription offer to students, see F. M. Theobald Local Agent

Subscriptions also taken at the office of The Daily Iowan.

STATE-WIDE COLLEGE NEWS A special representative of The Register and Leader will "cover" thoroughly the news of S.U.I. during the school year.
New Students

As well as the older ones will find by giving us a call that the Keith & McChesney methods are a "square deal to all" and is the secret of their success.

It has always been our aim to sell good jewelry at moderate prices rather than an inferior article in order to quote a low price.

Keith & McChesney

THE RELIABLE JEWELERS

THE STORE WITH THE CEMES

A BROAD claim it is to make in our heading, perhaps you say. Yes, but listen a moment. The history of this store is coincident with the history of the state's greatest educational institution to a most unusual extent. Both were founded over fifty years ago. The generations of students who acquired their special knowledge for life in the university halls perfected their ideas of dress, essential for a successful life by a study of the styles presented to them by this store. Then, is it not truly the "S. U. I. Clothing Center"?

Custom tailoring is a matter about which we would like to speak to the students, new and old. Our department for the making of suits to measure is to be maintained in increased efficiency and upon the same lines of guaranteed satisfaction which has made it popular in the past.

Fall and winter suitings are here in a wide and varied selection. If you are thinking of ordering a suit, do not fail to inspect this line. Our style service furthers a patron that his garments will be made up on the latest and approved lines of the approaching season. Come in, certainly.

Fall Hat Styles Will Meet Your Taste

In a store claiming to give attention to every point of the personal appearance of a man, you would expect to see Stetson hats. And you do find them, always in both soft and stiff shapes of the latest designs. But more than that, we carry exclusively the Knapp-Felt hats so popular with the younger class of dressers. Trust us to look after your head dress.

Stetson and Knapp-Felt Styles

THE S. U. I. CLOTHING CENTER

The well dressed man today is giving more attention to his haberdashery than ever before. He is not content to put on a tie and wear it continuously until it is worn out. He has a selection which bespeaks his taste and adds to his personality and height to his appearance. We aim always to show a line of haberdashery which will give customers choice and varied selections.

Manhattan Shirts a Specialty

Special Illustrations This Week. Many special examinations were given this week. Entrance examinations were held Wednesday in Greek and French. Thursday examinations for entrance credits in German, Latin, English, Literature and General History were cared for those looking in any of these branches. Examinations in certain branches of mathematics, economics and history will be given today. Saturday examinations will be given for old students in the college of law and Friday and Saturday in the college of law and dentistry. Desiring to remove conditions or get advanced standing, special entrance examinations in biology, physics and psychology and arithmetics are also scheduled for that day.

BUSINESS LOCALS

Dr. Henry Albert, director of the state board of health, in his annual report in July, mailed in this report, 1947, stated that 1,111 for diphtheria, 3,133 for scarlet fever, 3,583 for tuberculosis, and 554 miscellaneous. During the year, 3,500 examinations were made, during the second, 5,115; the third, 4,572; the fourth, 2,854, in the fifth or last year 10,247.

The Pasteur treatment for rabies or hydrophobia was begun early in the year. Thus far seven patients have applied for treatment, four of whom have received it, and one, a two and a half year old child, is receiving treatment at the present time. Thus for the first time that the Pasteur treatment has been given in the state. In addition to receiving their treatment at state institutions located in the city of New York and in various counties.

**THIS Hudson-Fulton celebration is a big affair for all of us. It’s a good thing to commemorate the daring courage of Hendrick Hudson, who sailed across the Atlantic in his queer little ship, the “Half Moon,” to add to the knowledge about the new world. It is fitting to pay honor to Robert Fulton, whose crazy little steamboat, the “Clearmont,” which took two days and nights to go from New York to Albany and back, was the forerunner of our great fleets which cover the distance from Liverpool to Sandy Hook in about four days.**

The thunders of the fleet which will salute these two historic craft will be a tribute to courage and to progress. And if you’d like to see evidences of progress in other lines, compare Hart Schaffner & Marx clothes with the fashions and fabrics as shown in illustrations of clothes twenty years ago. They’re the best developments in clothes, the finest modern product of the tailoring art; the latest achievements in styles and in all wool fabrics.

The latest ocean steamship doesn’t compare more favorably with Fulton’s attempt than our clothes compare with clothes made a few years ago even by the best tailors. They’re the highest type today.

We have made just as much progress in our furnishing goods as we have in clothing. Our Merchant Tailoring Department is the best equipped in the state. We employ the best tailors that money can hire, and our stock of woolens comprises the latest patterns selected from the most reputable woolen houses in the land.

**COAST & SONS**
Dr. C. L. Clark, pastor of the Methodist church, has resigned to take a year's travel abroad, leaving the pastorate to his associate, J. E. Lamb. He will be in Europe this fall. The church has been in the possession of the Clark family for many years.

**SUMMER NEWS**

Mr. W. J. McKinney was elected financial secretary for the University of Iowa law school. He will begin his duties at the beginning of this semester.

B. R. Harrington, professor of the English department, has left for a similar position at the University of Minnesota.

Dr. Markle Shaw will succeed Mr. Slocum as assistant professor of horticulture. He has been on the faculty for the past two years and will continue his work in the horticulture department next year.

The university returned last week from a week's vacation trip to New York City. The students were pleased with the trip and are looking forward to another one.

Mr. D. C. Clarke, who graduated from the University of Iowa in 1900, has been appointed assistant librarian for the law college. He will begin his duties next semester.

---------------

Professor A. E. Gordon, head of the Department of Philosophy, has received a warm welcome from the faculty and students. He has already given several interesting lectures on the philosophy of mind.

The Iowa Daily is published every morning of the week except Sunday and Saturday. It gives all the university news and student life, as well as a general news service.

Subscribers to the Daily Iowan will receive the paper for the school year, starting Monday morning.
