JUINORS MEET TONIGHT IN BIG ANNUAL DEBATE

SIXTH TIME THE SOCIETY HAS CONTESTED IN JUNIOR AND SETHANOLIC BATION. Trio. Will Be Hosted By Iowa State College's Youth.

The sixteenth annual junior debate between the llinois and Iowa junior honor societies under the auspices of the collegiate league, will be in the new science auditorium at 3:00 this evening.

The question for debate, "Resolved, that a tax upon all corporations doing an Interstate business would create a desirable modification in the present system of federal taxation," will be allotted to the llinois by A. M. Campbell, leader, Mr. Stetson; and E. W. McCraw, leader, Mr. Milleville, had extensive experience at this type of speaking, while the third member of the llinois side represented the city of Des Moines.

The negative team will be led by Mr. George E. Storms, second member of the team was the leader of the llinois junior team. John C Schell, leader of the negative team, will be given the debate by the llinois.

The setting of the debate place, between the llinois and Iowa junior debates began with the year 1899, three years ago. The first debate between the llinois and Iowa junior teams was held this year. There are available for the debate 38, 000 senior students in Jonor society, Iowa state normal school, and llinois college. Leonard, general secretary for the llinois, E. G. Allen, senior, was the outstanding individual in the llinois side. There were no particular awards for the llinois team, but Leonard. saw the other team hit so hard. H. H. Mac Lean, as the outstanding individual in the Iowa side, made a point as to where the men were hit most.

Preliminary Debates Play April 14. The first preliminary debate of the llinois and Iowa junior teams was held April 14. This debate was won by the llinois team, while the Iowa team was defeated.

The debate was won by the llinois team, but for about three minutes of the result of this work will be in the hands of the Iowa team tonight is one of the chances of forensic skill that has been witnessed for some time.

Chances are good here.

All debate about this being an hot spring were dispelled yesterday. The heat and the cloudiness of the last two days were dispelled by today's weather, and the heat and the cloudiness of the last two days were dispelled again by today's weather.

No other localities in this vicinity has yet reported anything of this sort, but in some places, the heat and the cloudiness of the last two days has been here in Des Moines.

Chances are good here.

FIRST AND LAST TIMES.

ENTRANCE REQUIREMENTS WILL BE IN FORCE NEXT FALL.

New regulations apply to Colleges of Liberal and Applied Sciences.

Entrance requirements placed the University of Iowa at a higher standard and have been adopted by the faculty of the college of Biological and the colleges of applied sciences. They will take effect at the beginning of the first semester of the school year 1912-13.

The new regulations follow.

1. After commencement, June 1912, prospective students will be required of all applicants for admission to the college of liberal arts and the colleges of applied sciences that entrance qualifications would be granted in support of sciences, in accordance with the school regulations of 1912-13.

Each applicant shall present the customary certificates of his high school.

He shall take entrance examinations for half of the acceptable requirements in the certificate, "accepted" credits being those which would be accepted if certified by accredited schools, and which are no closer in time than one year's before entry and who in the case of each applicant, the list of "acceptable" credits given in the certificate, without reference to the choice of either the applicant or his teacher.

The subjects thus selected for entrance into the university shall be required by the main groups of subjects: English, French, English, history, mathematics. The regulations provide that all students shall be required to take entrance examinations in the subjects listed in the certificate of "acceptable" credits given in the certificate, without reference to the choice of either the applicant or his teacher.

The subjects thus selected for entrance into the university shall be required by the main groups of subjects: English, French, English, history, mathematics. The regulations provide that all students shall be required to take entrance examinations in the subjects listed in the certificate of "acceptable" credits given in the certificate, without reference to the choice of either the applicant or his teacher.
