Typewriting in a Nutshell

Timely Information on this Important Branch of Education

We handle every make of typewriter, hence we offer you a chance for a choice— an opportunity for your selection.

READ IN MIND

that all our rebuilt machines have distinguishing quality marks which put them in a class apart from the usual run of rebuilds. They have that peculiar excellence of construction which makes for perfection of the new typewriter. The materials which replaced the worn or marred parts are ones in quality with the parts of a machine fresh from the factory.

JUST A WORD

about our leading NEW model typewriter, the L. G. Smith & Brothers. It is of a superior make. It will do all your work, regular and special, with fewer operations, consequently quicker, and easier, for it is ball bearing throughout.

THIS IS A TYPWRITING ERA

If you have not already affiliated yourself with a good up-to-date writing machine, hasten to do so at once. You can not only do your work with more ease and swiftness, but it means ECONOMY, and this is essential. THINK IT OVER! You need not invest a big sum of money in a typewriter. They have at prices which will suit all. Our terms are convenient—an attractive installment proposition if you so desire it.

We want to call your attention, at this time, to our rental proposition. Each machine is carefully inspected and adjusted before being sent out—new ribbon, clean type, light action— an excellent typewriter in every sense of the word. For a few days we will have a number of L. G. Smith machines for rent. Come early and get them. Terms $3.00 per month.

AT THIS TIME

we wish also to remind you of the fact that we carry a full line of Typewriter Supplies—Ribbons, Carbon Papers, Oil, Brushes, Typewriting Papers, etc., etc.
