Number 157

MINNESOTA PROFESSOR WILLIAMS TO SPEAK AT ORATORY MEETING

President W. H. H. Weeks, of the University of Minnesota, will be present at the Iowa City meeting of the Oratory Association on Thursday afternoon, May 26.

NEW CANDIDATES COME OUT FOR AMENITY FOOTBALL WORK

Veteran Score Elsewhere Hot New Show Good Form.

With a good augur of new men out Coach John Griffin is seeing the fresh meat get their preliminary trials through at practice, giving the three former ones a week on the parade ground. So far very venison has been caught in the meshes, being the only regular one lost his team in coming out, regularly at the workouts. Some of the members of the 1910 team, including Glass, Collin, Hewitt and Haen have played their parts well. They will graduate, Captains Hyland, Bell, and Murphy are sure with their plays for the coming season and O'Hara and Wemrow are working on the team and football squad.

However, the attendance of all the players in the practice is a daily the Buffalo Valley High has also returned. It is a big day for the high school's football team. From 1910 to 1914 there never was a better team. This year's team is the best.

A new item of the changing machines has given out this season in Buffalo, and is expected to be seen at the next big game.

On Thursday afternoon, May 26, a large audience is expected at the Oratory meeting at the University of Minnesota's student union.

The meeting will be held at 3 o'clock in the afternoon, and is open to all students who are interested. The time is set aside for the purpose of discussing the various problems of the day. The meeting is open to all students who are interested in the work of the union, and is expected to be held at least once a month.

Professor W. H. Williams is present at the meeting, and will undertake the role of the chief speaker.

There were a number of interesting points brought up at the meeting, among them the discussion of the problem of social reform. It was pointed out that there was a great need for social reform, and that the work of the union was directly related to this need.

The meeting was adjourned at 4 o'clock, after a discussion on the future of the union and plans for the coming year.

The next meeting will be held on the same day, at the same time, and will be open to all students who are interested.

The meeting was well attended, and the interest was keen. It was a typical example of the work of the union in making the university a real home for its students.

Our assortment of white Silks and Dress Goods offers a selection that is in Quality, Beautiful Patterns and Colors is not equaled in Iowa City or all Southeastern Iowa.

In the Library

The library recently acquired an auction sale of a book published by the famous Aldine Press of Venice. This press was in operation from 1465 to 1537 and occupied an important place in the development of early printing. Aldine was the first to substitute azure for the cumbersome quarto of the early printers and he exerted his influence to popularize the Greek and Latin classics. The book just acquired, which contains the letters of Ovid, was printed in 1512, and is in a velvet binding.

Thought Dictionary.

Those who have writing or speaking to do will find the thesaurus dictionary of great assistance. The dictionary of the given letters dicit and Greek and famous place In the press was $97 to $101.
