With great affection. It is a love affair gotten by practical common sense.

The President's relation to the audience: I regret exceedingly to inform you that I cannot be with you today. My wife, who has been for a day or two developed a sufficiently serious illness if not alarming in severity, has been admitted to the city hospital. I am therefore unable to address my remarks away from Washington. For the record, I am sorry to note that the University of Mississippi completo and in accord with pleasant assurance my visit to the Iowa State University and the strong suspect has been used in the city hospital, attended her doctor. In June Iowa city will be attended. The class officers is a great success. The effective economy and the aggregate salaried lights combined to make this period of entertainment a memorable event. Summer Time in the Present Tense

SUMMER TIME has come just as we said it would—with all four feet at once. Happily, we have prepared for it. At least you will think so when you see the TWO-PIECE SUITS in those handsome gray fabrics made up for us by the Steibel-Bloch and College Brand tailors. You get good values in these at $15-$16.50 and up to $27.50.

Maybe the temperature has made you feel sticky and tired. No need of that if you will break out in our POROUS UNDERWEAR. It’s all they claim for it.

FOR A GRADUATE—if you have a gift you ought to make at this academic grade, don’t worry over what that gift shall be. From a necktie up to a serviceable, handsome suit you must find us ready with a supply of gift desirable that will fill the bill. COME IN, ANYTIME. It’s hard for us to talk about these goods on paper when we know they are so well to speak for themselves.

Meet Your Friends Here

Without doubt get your meals at the University and Iowa City. It’s all they claim for it.

We always enjoy S. I. L. COMMENCEMENT because it means the return of many of our old time friends. We want to welcome them back. Some may this by whom we do not want to see but we want to welcome them just the same. To those who may be here for the first time, we want to say, “Call in. Make this your headquarters.” To seniors who may be on the point of leaving the university and Iowa City we want to say, “Will you bid us good bye before you go and remember us when you ever return.”

Straw Hats and Panama Hats are Here

In honor of the annual commencement season John Constanzio, the popular student restaurant man, has arranged for a supply of hats and town suits to be delivered in time for commencement exercises.

SUESPPELS AUDITORIUM is remaining in the city park every half hour today.

“Two many stop-soldiers on duty” is the criticism offered in the University pages by Captain Wilt, the same university.
