GREGORY IS HONORED BY EUROPEAN JURISTS

AT ATTENDS MANY IMPORTANT CONFERENCES ABROAD

Replies Price Before International Law Association—Goes as Far as Tripoli.

A noteworthy trip to Europe and back was achieved by Dean Charles N. Gregory, of the law department, last week. He included in his round the most important educational and political centers of Europe. He attended a number of important conferences and was on several of their programs.

Dean Gregory sailed from New York June 26, landing at Charing Cross, Paris, Paris, Italy, and Berlin. While in Edinburgh he visited George Washington University, one of the largest and oldest European universities. From George Washington he went to London where he was entertained by the University and the government. It has been his desire to attend the conference of the United States government, the International Nautical Congress which is held in the midst of the illustrating and scientific world. Goes to London.

London was the next stop visited by Dean Gregory. A week was spent here in attendance at the conference of the International Law Association, which was held here and attended by students of law from all over the world, about forty sessions of the people's sessions. Dean Gregory read a paper before the conference on the "International Conferences, "

Football keeps best of sports alive. 

"Joe" Tinsley, 21-year old halfback, made the trip to Iowa City with the team which defeated Northwestern last year. The old Central Illinois team came to an end with the class of the 1903 football season. It is a great day that the first team of its class, supported by the millionaires, has taken the place of the old Illinois League, which has had formerly conducted an intercollegiate contest, and the new organization proved as successful. The football season has been attended to in the interest of the central circuit, Iowa lost but one debate on the gridiron game. (Continued on Page 4.)

Y.M.C.A. DOES MUCH WORK FOR STUDENTS

FINDS ROOM AND WORK FOR
RECTIONS OF MEN.

New Secretary, Howard Williams.

The university Young Men's Christian association has accom­
plished a notable amount of work in the last week, in housing

students and getting work for them. Most of this work has come in the

arrangements of the new secretary, Howard Williams, and he has already

proved his fitness for the position.

Rooms have been found for at

least sixty applicants. The work is

expected to take on much more

shortable, as it involved the solu­

tion of a number of very difficult

problems which partook of the na­

tures of sham battles. Dress parade

had a more active connection with the Y.M.C.A. than ever before.

As Shakespeare says,—"Welcome ever welcome,"—and we add, "TO WILLNER'S"—
We are happy to see that old "bunch of "live-ones" back again in our midst...Glad to see the hustle of College days opened once more ...Glad to be here to offer to our many friends at the "U" our helpful service in matters of dress...That Willner's is the ideal College man's store has been demonstrated year after year by the loyalty of the "U" men to this modern "up-to-the-minute institution"
Here we take a real Simon pure, dyed-in-the-wool interest in every Varsity man who enters our doors. We understand his tastes, understand just how he wants his clothes to look, what kind of haberdashery he delights in, what style of a "lid" he prefers...In short investigation will prove that all the young men who have certain standards of dress have for years found Willner's in Iowa City, the one place where those standards have been real-ized season after season with neve varying precioseness...
Furthermore he is invited to make Willner's his store to "hang out" in to look and see what's right and we'll assure him that he'll not be troubled with any over persistent salesmen—he'll feel at home here—
This season models in College suits, topcoats and overcoats brings forth a host of swagger styles that are miles ahead of any former season's products...The suit models are more becoming - the lines are more "English", the broad graceful shoulder effects are stunning; the patterns are very handsome; new and full of life and vim...We display the world's best made clothes, ADLER-ROCHESTER'S, N. Y. Clothes designed by the highest priced and highest skilled artisans in the world...We have these new models for Fall and Winter here on display now...We want all College men interested in good clothes to see them. They will prove a real revelation to all who delight in "clothes of refinement and class"...
Prices range from $12.50 to $30, which means on suits, topcoats, raincoats, and overcoats...Our haberdashery section is a "reflection of the snappiest ideas in men's f'ixings" and our hat dept. embraces all the new shapes, shades and colors in all the Authentic fashions,--in such hats as KNOX, BEACON (made in the KNOX factory) STEITSONS, and our own WILLNER SPECIAL...Come and spend a little time at Willner's...We welcome you.

COACH KELLOGG WILL HAVE CHANGE OF THIS SQUAD

It is probable that First men will be held the latter part of the week.

Cross country work will be the big feature of the fall athletic season outside of football. Coach Nelson A. Kellogg, one of the greatest distance runners the State has ever seen, will have charge of this sport. No de- putes to put out a squad of at least seventy-five men and hope to bring the number up to one hundred.

I believe that any man who goes out for cross country work will be glad under these favorable circumstances.

Whether or not there will be a Blue and White this fall is yet to be determined.

COMPLETE NEW SECTION

ADJACENT SEATING NOW

Concrete Bleachers Made Iowa Field

One of Best in State

Iowa university has now adequate seating facilities for the football

crowds at the athletic field. A force of ten men has been kept busy this

month putting in a new section of

concrete bleachers. This makes

the third section completed. Each one of

these sections holds 175 people so

that over 2,000 additional seatings

can occupy, comfortable seats at the

football games this year.

Our future seating of concrete bleachers will be built. This will

extend directly to the south of the

present section. The wooden bleach-

ers there will be used until this fall at the

big games. A press stand has been

put up at the top of the center sec-

tion of bleachers.

Hobbs, an Iowa football alumnus, has purchased a Des Moines lot and will be the assistant coach at Drake.

Holden won the Interstate tennis title last year and Harvard was in the final. If he wins again, he will be the most dynamic player in the tournament. He scored 120 and 140 with a 125 for Stanford and 140 for Harvard was in the final.

BIG show of fine suits and overcoats now open to the public. Don't allow yourself to be turned aside by any side-shows or minor attractions; don't let any blare of trumpets, or megaphones distract your attention from the main event.

The Shape-maker suit; an exclusive creation of Hart Schaffner & Marx, and sold here only in this city. It's a new idea in cutting clothes; the trousers made to stay in place without suspenders, or belt if you like. They hold up the body, help you stand erect and throw out your chest.

Largest and best styles in suits. New button-through overcoats; new models in raincoats; new fabrics and colorings.

Our Furnishing Goods and Hats are of the same high-grade standard as our clothes.
