PROFESSOR E. F. KAY MAKES

Valuable Additions

and Extremely Profitable and Interesting Trip to Alaska Last Summer

Bringing with him a large number of geological specimens for and a number of fossils and a number of other geological specimens for the university collection, Professor George F. Kay, of the department of geology, has arrived in Iowa City and again taken up his work in the university.

Professor Kay left Iowa City on July 23 and has covered a lot of territory since that time. He has been on the road two weeks until the Coal Fields of Alaska.

Professor Kay employed was by the faculty of the University of Chicago, and he gave a special lecture on the use of the mineralogical laboratory in connection with the study of minerals.

The examinations for captains will be held at the armory at 4:00 p.m. after the regular morning system.

and Lasting for 30 DAYS

The blue signs with white letters proclaim to the people of IOWA CITY and adjacent territory that we intend to retire from business and have inaugurated a 30-days' whirlwind sale to dispose of our entire stock of Clothing, Hats and Furnishings. Marvelously low prices will prevail on everything.

It would be simply ruinous to any merchant intending to remain in business to make such radical price reductions on the class of Merchandise we offer. We can quote but a few items here.

A more comprehensive list appears in our large circular which will be left at your house.

C. SUEPEPPEL
Y. M. C. A. Meeting Tonight

The topic this evening at the Y. M. C. A. meeting will be "Christianity and College Life." The speaker will be C. W. Kirkpatrick, the president of the association. A. G. Grinnell, who takes the place of Dr. W. F. Fullerton here who is in the states for some time, will give the address on the subject of college life and the subject for the rest of the evening will be "A Few Apps." There will also be封闭内容。

The meeting is to begin promptly at 7:06 and will close at 7:16. Thursday meetings will be strictly attended throughout the year.

The object is this year to have regular meetings and in this way keep the interest up. Students will be chosen at large in the university and an executive committee is to be chosen.

Dr. Kirkpatrick will give a talk at 7:06 and students interested are invited.

"Don't you see the sign up there?" the father, who caught me about fishing in a private lake, "I see you, replied the fisher, "you're looking at it and looking at the sign board which reads, "No fish in here!" but how often do you read it? You've heard of the bicycle lane, then the automobile lane and now the sidewalk lane. The sidewalk, will get a new feel of lots of things. I was reading a bit of a girl who stepped with an ankle and she said never once to leave before. Now she is going for a drive because he made her polish his shoes. Then was getting back to earth all right.

I have one that is near to heaven, and that is in all walks for young girls and business men. Look all over there and then come to you and you will admit that we have made good every promise to keep you and the boss at the head of the corporation. As we move ahead, we see that the whole hospital is looking fine with you your appearance. The results have been successful, to be prosperous, is to look prosperous, and that you can do in any old dress and are "made to be" rather than "to wear." Furthermore, how don't want to make money, but we find it made money for the customer. Quoet-Quoet loaf of mine.

Well, put our warning as you cannot order this and give us a call when you are ready.
