The 1911 Class Ticket

We, the candidates for election in the 1911 class ticket hereby make this pledge: That if elected the financial reports of all committees shall be submitted to the Grider University committee for examination and approval, and that the membership of the class play shall be appointed only on promise to select a sufficient class from the proceeds of the senior play for the purchase of a class memorial, and for other class expenditures.

DEWYY BROWN

Secretary, it has been the custom of the class committees to receive money without retaining any adequate account of its disposal. It has also been the custom to assess each member of the senior class for the purchase of the class memorial. Believing that the proceeds of the class play are largely the result of the work of the players and of the patriotism of the whole class, we think that the financial benefits should go to the class, have a renunciate recommendation to the manager for the disbursement of the funds.

If you believes in abolishing the system of general GRAFT in class activities, we solicit your help and support.

When to Speak

The assembly on Wednesday was the occasion of an important address this week. Dean W. C. Wilcox of the college of liberal arts, will speak at this time. He has chosen his subject, "The Crisis in a College Man's Life." The speaker will take many important phases of college life and all of the university are urged to attend. The address will be especially valuable to the underclassmen of both divisions. The assembly will be at the usual hour and place.
