OTTUMWA IS WINNER OF FINAL STRUGGLE
Takes State Title From Sioux City

FINAL SCORE OF GREAT BATTLE 38 TO 31
Grundy Center Takes Third Place, Beating Willton 40 to 37 in Game Between Losers.

The Ottumwa high school's lucky five fired the shot to the state championship in basketball yesterday afternoon when it defeated Sioux City 38 to 31 on the Iowa floor. The victory was the result of superior speed and ability that the Grundy five showed in handling a fast-paced team which the lads from the northwest did not possess. Grundy had won its way into the finals by taking an even game from Wilton on Friday evening by a score of 20 to 12, while Sioux City overcame Vinton, 65 to 46, in Saturday's semi-final contest. In the following game 41 to 38, Grundy showed strong in this game and then, with but 10 minutes left in the game, the final between Grundy and Ottumwa began.

It is certainly the easiest kind of a beast to gratify. It is not necessary to attend college to learn typewriting and you are not compelled to pay $100 for a typewriter.

Interesting interpretation. John Laughton is another who has had previous dramatic experience here and who can be depended upon for good work. The work of Olive Thomas, Helen Baldwin, and Marguerite Kuns is in the parl of Vera Quinno, Kathleen O’Doherty, and Grace Revendal, is expected to be quite promising. Marjory Murley, who will appear as Herr Pappenheimer, has not been seen on the stage here before, but is expected to make a hit in his unique character part. Harry Reed is one of the string of Agatha- ghan freshmen and should do well in the part of Bruce Revendal, the Russian noble.

Under Miss Wiley’s direction, preparations for the play have gone rapidly forward during the past week. Scenery has been arranged for the four acts of which the play consists. All of these are laid in New York City, where the meeting of David, the Jew, and Vera Revendal, the Russian settlement worker, develops into a drama that is filled with tense situations and stirring emotional conflicts, relieved with enough humor to keep the play well balanced. The problem with which the play deals—the fusion of races—is one that is vital in America, and Sangeloff has handled it in admirable fashion. The choice of this play comes as a satisfactory variation from plays of the higher sort which have been presented by amateurs this year, and affords an excellent opportunity to see what university dramatic talent can do with a really powerful play.
