Thursday, Saturday, and Tuesday . . . . . .

The reports of such discrimination are the echoes of the taunts which were to enter the doorway, while having some foundation, should not be hazarded. This, the last day of the university, was held for the first time under the university auspices, and the university must result in a

GEORGE D. BARTH, Grocer

We have always been of the opinion that cleanliness should be the all important characteristic of a Grocery Store. Our army of customers are well understood and we assure each of our customers in this store of our efforts to give them the best possible service.

When President Bowman made the change last autumn from the accommodation of the science auditorium to the large auditorium, those clothes which we have always been able to make it to the president's wishes in making the change.

Bowman to Council Bluffs

President John G. Bowman leaves tomorrow for Council Bluffs, where he is to address the annual banquet of the Western Teachers Association. On Friday evening, the banquet of the National Council Bluffs will be held. President Bowman will speak at this banquet, which will be the last public address of the semester held in that city.

THE UNIVERSITY FACULTY—NO. 27

FOREST C. ENsign, M. A.
Professor in the Department of Educ. Univ. University Examiner and Register

There are certain members of the faculty, who because of personality or class, have a natural and willingness to serve others, are favorable among the student body. Among such men as these at the State University of Iowa, the students would substantially include the name of Professor Forest C. Ensign, present university registrar, examiner, and adviser of men. In some universities, the position of registrar is a little more than that of clerkship. But each is not true at Iowa. The office has been changed with powers until it is one of the most important in the administrative branch of the institution.

Inside this issue Professor Ensign, we are told, was born for Professor Ensign was the first to accept a position in the boys City High School, but at the same time he engaged in graduate work in the university, and in 1900 received the degree M. A. It is interesting to note that this degree was received in sociology and education. It is the custom among the members to once a year to allow the display of SPRING AND SUMMER CLOTHES at the height of the season.
