VARSITY VS. FRESHMEN IN ANNUAL HOME MEET

MNSOT PAPERS GETS SETS FOR HAWKES GRADUATES

List of Places Announced by Head of Department

During the past few months, Professor F. E. Bogus, head of the department of education, has been busy with applications for graduate status, the number of whom have been approved for positions next year. A number of potential students have expressed an interest in the field of education and have a large corresponding department with others of the country, so that the number of Iowa graduates who secure positions, will be considerably increased in a week or two.

The following is a list of students who have already been elected to positions, together with the places they will occupy next year:

Miss 

E. E. Mushet, supernumerary at Chicago;

R. G. Smith, supernumerary at Baptiste;

L. Johnson, supernumerary at Lehigh high school;

W. P. Shelden, principal of high school at West Liberty;

Other students of note and public speaking at Hampin;

Frank Lawrason, principal of high school at Mason City;

Josephine Leonard, instructor in English at Alleghy high school;

L. P. van de Graaff, professor of Latin at State Normal School, Loretta, Idaho;

Laura Snider, instructor in English at Brown high school at Bosbas, Idaho.

Thomas and Alumnae

C. M. Thomas who, as temporary chairman of the Iowa state republic convention, gave the principal address of the day in the East Market yesterday evening, is an alumnus of the university, 1919. While in the university, he was an active member of the class, including a star being a star in football and a baseball player of high calibre. In his speech he endeavored to show the importance of a leadership of the Class of 1919, and urged Cummins as a leader for Iowa. He argued for a more equitable tariff and secured those who had long profited by high tariffs and sought to retain those privileges. His speech was received with much enthusiasm, particularly by the Cummins supporters.

Alumni to Lecture

Charles Raymond Brown, a noted author, teacher and popular lecturer, has been reserved through the efforts of the university to deliver a lecture here on the evening of May 5, at the university. Mr. Brown is one of the most prominent of the E. U. S. K. Alumni, having been a president in 1895. At the present time he is a professor of political science at the University of California, in Oakland.

It is yet not known just what subject Mr. Brown's subject will be, but it will be looked forward to as one of the big addresses of the year. It has been seen that the various conflicting activities, as far as possible, vested in this coming lecture.

MINNESOTA CANCELS SCHEDULED CONTEST

WILL NOT COME TO IOWA FIELD ON FRIDAY

Gophers Call Off Entire Schedule—Iowa Team Postpones Nightly with Black Sheep

Adhering strictly to their threat, the Gophers have cancelled their baseball schedule for this spring and will pose as surpries in the Big Nine for the rest of the season. No games will be played, as the Minnesota authorities announce that any team they which could gather in another which would be eligible under the rules would be a disgrace to the university. There is more than a suspicion that this will be true of all Minnesota games, etc. As a result, the strong part of the schedule will quite necessarily be lost and it will be practically impossible for any team which may come to the university to fill the position about for the remainder of the season. The first team is scheduled for Friday, April 22, the last time a very pressing aspect, we also have been informed that a game will be played at the schedules of the future will be made public.

About one hundred copies more than have been subscribed for will be printed. This means that there will be a list of students who have decided to print the book goes to press and the time given to it. This plan, while likely to deprive some of the last fling at the university be a book in a loaf, in the only one which the management could be an accident in adapting itself to the heavy expenses encounter meant with the present season.

The couple has been booked up over the week end and half of the advertisement is booked up, and the university is being ordered that the Gophers have cancelled their tonight at 8 o'clock, in the lecture hall last by the professor of political science, and hear him again. Coming lecture.

Dramatic Club in a Tremendous Hit

DISTRICT OF COLUMBIA—A tremendous hit was given last night by the Dramatic Club at the Inverness Hotel. This was the first appearance of the club in this city and the audience present was a large one. The club is composed of students and the management of the hotel were pleased with the results.

The recital was a success and the management of the hotel were pleased with the results.

probably of some inconvenience to
other persons as well as to himself,
only the more inconvenient to the
other when he is caused a loss of
precious time for nothing. If a per-
son forgets his appointment, of
course, it cannot be helped; but
when he knows that he is failing to
fulfill his duty, he should, in all
good faith for the rights of the
other person involved, notify him so
that he will not be kept unnecessarily
waiting. One should learn to re-
nember his little duties, and to
cherish a little more respect for the
rights of others. Someone is de-
pending upon him, and he should
prove himself worthy of being de-
spised upon.

FOR RENT—Elegantly furnished
