EAST HIGH RUNNERS
WIN IN RELAY RACES

Get Good Lead by Taking Four
Man Events

DUTTON OF ANAMOSA INDIVIDUAL STAR

Two Records Broken, Both by Anamosa
Athletes—Bedell Breaks State
Hammer Record.

Picking up ten points in the two
relays at the climax of the meet, East
Des Moines went ahead of its com-
petition yesterday in the annual
preliminaries and won with a com-
fortable margin. The Des Moines
boys were trailing behind Pleasant
and Marshalltown when the rivals
started and were tied with Anamosa.
But the season opened Black Hawk
teams were too strong, and each
school with yards to spare in each
race, making the meet fair for East
High.

Aside from the victory of the
Des Moines team, the real sensation
of the meet was the work of the boys
from Anamosa, Dutton and Bedell.
Dutton took the individual
honors of the day, getting 23 points
with a total of three firsts, second,
and breaking one inter-
scholastic record in spite of the rain
which almost spoiled the meet. His
marks: Dutton, Bedell, anchored the
winning points to one event—hammer.

That he made an ideal start,
leaving all state records in the
water. The two men behind
the Anamosa contestant were the only
one of the day to finish the
races and to place in the top
eight of the question.

East Des Moines was because of the
balance of its team. The victories
were treading as a result of the
preliminaries in the
morning, and finding
(a) way to knock in the
fourth of the afternoon.

East High had its chances to
look up but, after the quarter-mile distance, in one
which little points scored, while
Bedell was the only one
Bedell pulled
a recovery in the top
and the same place in the
fourth heat. East Xi
ricc defied a third
in the final
hurdles and Brown took first

Football Men's Work

The football candidates, in charge of Coaches O'Brien and Eby, went through a light signal practice on Friday afternoon. About thirty men were out in uniform despite the heavy rain in the early part of the day, and a great improvement was shown over the form which was displayed last week. Many new formations were tried out during the last hour's drill and from the viewpoint of the spectators, it can be safely predicted that they will make marked improvement in the fall.

The spring practice will end in about two weeks, which means that there will be four more days of work before the men will be dismissed until the beginning of the next school year. Such can be done in this time and at the practice of Tuesday afternoon everybody should report by 2:30. The matches are well pleased with the material which has been out this spring and are looking forward to next fall with great expectations for a winning team.

Washington University
Medical School

Admission requirements, two years of college work, including English, German, physics, chemistry and biology. Full time students in residence, clinical as well as laboratory teachers. Examination must be made September 24-25. Session begins September 30. For catalogue and information, address

Washington University
Medical School

1106 Locust St.
St. Louis, Mo.
June 10.

TO-DAY

Admission 10c

There's More Than One Way to Kill a Cat . . . .

and there's more than one way to be well dressed without "blowing" all your college money. Think it over. Where's the tailor that gets $800.00 a year for designing College clothes? Get out your own blue books and see if you can find one in Iowa City. The designer of Willner's College styles gets over $8000.00 (SOCIETY RAINS) — ADLIE ROCHESTER?? designer gets over that. Doesn't it appeal to your reason that these men "ought to forget more" over night about clothes designing than any local tailor? Why, certainly. Let us show you our College Clothes. Swellest in the country, $30 to $50.
