ALL-LlTERARY SOCIETIES PLANNING GREAT CHANGE

While Graduation Exercises Are to Be Altered

As a radical departure from past custom, the literary societies this year plan the doing away with the annual joint graduation ex- cess. It is argued that such an inefficient custom in this event to war- rnt. Such a change has been long and much the greater and most attractive annual in the year.

COVERS FOR HAWKEYE ARRIVED YESTERDAY

Now Assured That Annual Will Be Out May 22

Public Will Be Given Opportunity to See Covers for a Few
Or Two

The major portion of the covers "Blinking Hawkeyes" are here and it is now certain that the big book will appear on the next issue. The beauty and effectiveness of the covers has exceeded even the highest ex- pectations, and the management is sure that they will make a great hit. The beveled edges and gold stamp- ing give the book a class appear- ance that approaches the perfection of art. That the public may judge of these qualities the management had arranged a copy in the "Hawkeye" office for the near future.

The covers are exceptionally fin- ished and only in keeping with the rest of the book. The art work of Mr. Powers and Grav! cannot be beat and their com- bined efforts have been accompanied by the running border through- out the book. Perhaps, how- ever, the finest individual piece of work in the latter third-inch layer, is a group of chapters, which should, if made, be the work of every U. of I. student written in his own handwriting. In carrying out the idea of the whole, the uniform arrangement of the book has been changed. The book has been divided into seven large books, each introduced by a colored frontispiece. These books are again divided into sections which are in- troduced by the most artistic of titles. The old established method of rounding the cuts has been replaced by the new method, which gives a consistent method of raising their crosses of the pages. The order of the book is such as to work out in this regard. The book has been changed and the printing space increased from five to six inches, thereby greatly increasing the amount of material on one page. It is changed from six column to five. For these reasons it can be truly said that the 1912 Hawkeye will be the longest and most attractive annual in the year.

Conspicuous Program a Success

The Conspicuous club last Saturday evening gave the last of its popular series of entertainments, when the Bohemian “night” was held in the literary arts hall. One of the best crowds of the year attended this program. Papers pertaining to Bohemianism were read by C. L. Breme and J. F. Humiston, and an address was delivered by Professor Bohumil Slizak, head of the German department. Mr. Slizak, who is an important part of the program, Miss Isadore rendering several selections on the violin, accompanied by her sister on the piano, and Miss Helen Knaus singing a number of Bohemian songs in which she showed rare talent. Professor Slizak presided over the meeting.

There’s More Than One Way to Kill a Cat......

and there’s more than one way to be well dressed without “blowing” all your “dough.” Think it over. Where’s the tailor who gets $80000 a year for designing College clothes? Get out your spy glasses and see if you can find one in Iowa City. The designer of Wilnner’s College styles gets over $10000 (SOCIETY ISLAND) —ADLER ROCHSTERS—designer gets over that. Doesn’t it appeal to your reason that these men “might forget more” over night about clothes designing than any local tailor? Why, certainly. Let us show you our College clothes. Swellest in the country, $29 to $38.
