VISIT FROM KENYON
MARKS DAY AT CAMP

Senator Pays His Respect to Mumma’s Men

COMPANY A WINS COMPETITIVE DRILL

Annual Competition is Held—Army Comes Marching Home This Afternoon at Four o’clock.

by CARROLL MARTYN

Westward the course of Empire takes its way.

The cadets were significantly honored today by the presence of Senator W. H. Kenyon. His visit was welcomed by the students and was made for the express purpose of seeing the university outright in military array.

The ceremony got under way shortly after 2:30 from Maquoketa, where he had been in the interest of his constituency.

After his arrival, parade was held in his presence, after which he was introduced to all the officers. An opportunity was thus given to all the cadets to shake hands with the distinguished visitor.

Senior Kenyon was on hand to lead in the parade. The informal talk was void of any allusion to politics, being confined to things that would interest the men in camp. After the formal inspection, the senator left for Maquoketa again.

Sunday was a great day in camp for the cadets who received visitors and few there who did not. The hundreds of visitors were taken about the camp site and the city by the men in uniform. In preparation for the annual parade, the ceremonies that day were up at 6:30; and after the morning meal went on a tour of work polishing the grounds. The ideal was won in camp. The parade warms the cadets. Inspectors were approved by President John G. Bowman, Captain Morton C. Mumma, officers, and others. Following this, religious services were held on the grounds. The sermon was given by Dr. Fox, chaplain, who spoke on the principles of war as applied to everyday life.

Dinner was served at 1 o’clock, a dinner that could not have been exceeded by any culinary faculty in the state. Many of the guests saluted the opportunity of eating in camp with the soldiers, some not having eaten over nor ever, all rested till 3:10 when a concert was given by the band. Some of the number there who could not hear the concert may be glad when it is known that there were not more than a hundred ears lined up about the grand stand. The last exercise of the day was the regimental parade at 4:30 before President Bowman.

Today was the busiest day in camp so far. Everybody arose at 5:30 in preparation for the day’s activities, much in the characterization of those who did not retire till 3:10 as an hour’s nap, which is now covered and from their quarters will cover the entire parade. Capt. Hassell is in charge of the dress parade.

The contract for pleasant has not been let, but the manager is selecting with care the finest and fairest in the Midwest for an entire set of costumes. It now begins to look as if it would be possible to use scenery to give the parade impressive. The original plans, of reproducing an Elizabethan stage. The business manager is selecting with Green’s Bazaar, Cedar Rapids. The plan is that the play may be raised and then the rats will be able to make scenery that can be used on the stage of the auditorium and if he is successful, the complete success.

SCHOLL INITIATES

At a meeting of Scholl last Wednesday evening the following Scholl affiliations were acted on: 1st, the annual parade at 4:30, which is now being pushed. By tomorrow it is hoped that he will be able to make scenery that can be used on the stage of the auditorium and if he is successful, the complete success.

NEW RULIN AT DRAKE

The Drake faculty recently ruled that no young woman will be permitted to sit on the campus area with a young man.

HAWKEYE APPEARS

TOMORROW MORNING

Managers Review Favorable Predictions

FEW EXTRA COPIES HAVE BEEN ORDERED

New Plan for Distribution to Be Followed, if Weather Holds Good—Outdoor Stand Set Up.

Tomorrow morning the big book will go on sale. The intense and widespread interest being manifested by the people will demand exceeding possibility of satisfaction. The bindery has made a tremendous push. Especially the side-bound cover, which is needed to be the best possible binding for an annual. Laminated and Toucheden have been practically done with spider, asking to see the dummy copies. Filled with black paper, that have been on exhibition in the windows the past few days.

The department managers and editors expected this unusual demand, and so ordered a number of extra copies. They were confident that the 1913 Hawkeyes will sell if the old copies get a "second round," and that the people who have received the best possible treatment, their expectations should be more than realized. General manager Foy, believing that the 1913 Hawkeyes was to be the best annual that ever presented annual could use the extra copies. They were expected to be much better than expected. General manager Foy, believing that the 1913 Hawkeyes was to be the best annual that ever presented annual. It is expected to be as much better than expected. The 1913 Hawkeyes was to be the best annual that ever presented annual. It is expected to be as much better than the Hawkies expected this year. The Hawkeye will have a lot of work, and if the weather is bad, the chances for any distribution in L. A. will be changed.

The old place in the north end of the campus will be utilized for distributing the books among the liberal arts, music and graduate students. The dates have been set and it will not be changed.

THE MUSICAL FESTIVAL

EXAMINATIONS
Hard as it may be to do these days, we believe that we'll all better put in a few extra efforts from this time on toward a reasonable solution of the examination problem which will face us in the next three weeks. It will probably not be as especially inviting a prospect as the end of the summer, but it's sure to be a lot of work, so let's get started.

THE MUSIC FESTIVAL
The annual musical festival opens today. Notice of preparations have enabled the management to offer for the first time an orchestra of the most charming music. On the whole, the concert is quite a success, and it is most likely that we shall have another one this evening.

RECRUITMENT
An scout for the Iowa City's new local has been appointed, and the scout is expected to report to duty on Monday morning.

WANTED—Five or six eager young men with musical experience—knowledge of automobiles as advantage—can get in touch with an exceptional opportunity of making good money the coming summer by calling up EIP. Do not call unless you mean business.

FOR RENT—Flat or three furnished rooms for light housekeeping. Also suite of two rooms. 104 N. Capitol. Phone 5418.
