DO NOT TAKE IT!

Let us again urge the students not to repair to the University Dining Hall, two years ago when the English, French, and History professors were going to lead one of the examinations. The students then fled, and the professors gave up the attempt.

Now you can get a cheap rate in the first. When Leonard started, a bit over Bert, McMillan was surprised and Miller beat out a short after the first base line. He called for a surprise answering on this next.

MONDAY — A GOOD TIME TO BUY

Why? There are several very good reasons why Buying a Suit, a pair of trousers or Children's wear on Monday is desirable—it gives ample time to make the slight alteration which often is necessary, even with those who come in the class of easy fitting. Then too—the last days of the week usually find a rush and buying is not so satisfactory.

DO YOU ALSO REALIZE WHAT AN IMPORTANT

factor it is to become thoroughly acquainted with new clothes, high-class clothes such as Hart Schaffner & Marx make are very satisfactory to be
din with—and they improve still more on acquaintance—The thor-
ough tailoring and artistic lines of these garments becomes
more apparent the longer you wear them.

THEN THEY'RE ALL WOOL AND SEWED WITH SILK THREAD ONLY

COME IN MONDAY AND LET US SHOW YOU TO YOU
