TRICYC MAY LEAD THE SENIOR CLASS

Members of Senior Class Nominate Trickey For Class President

NEW POLICY IS INAUGURATED

Understood That no Other Ticket Will be In Field—First Class in History of S. U. L. to Agree on Ticket

Believing that Jim Trickey was the best possible candidate for the presidency of the senior class, a true number of seniors most sincerely and earnestly supported and nominated him unanimously. It is supposed that no other ticket will be put in the field since "Jim" is very popular with every student, and has always taken part in every kind of university life, being among the best guarded jays he ever had on his football teams.

A ticket to run with Trickey was chosen from the class at large, and it seems absolutely impossible to put the most representative ticket up for both of a class in this university.

The import of this meeting was, in fact, it became known that this was the first class which ever in the history of R. U. I. agreed to support a single ticket. Of course another ticket may yet be put in the field, but Trickey's nomination seems to be as popular with all the seniors that this fact is very unlikely.

The following ticket was announced:

President, James Trickey.
Vice-President, Ruth Magowan.
Secretary, Marie Miller.
Corresponding Secretary, Marie Hart.
 Treasurer, Herman L. Von Kallen.
Class Representative, Wink Walsh.
Class Delegate, Gertrude Von Eysen.

T he state board of education has had its place among the first of the nation. In 1912 the colleges were divided into an eastern and western league. The championship of the two western universities went to the winner of the "I" game, and their old rivals, the Massachusett Agricultural, and this year was won in the east.

The final shootout of the national collegiate championship, both record-breaking score; but the Massachusett team was able to make their a little better, so that last year's Iowa was obliged to rest content with the western championship.

However, the Iowa team did win a national championship on the same basis as another series of matches concluded by the National Guard Magazine. These were of broader scope than the intermittent competition, being open not only to college clubs, but to other civilian clubs, national guard and regular army teams. In these notions was a varied nature, including slow and rapid fire at all ranges and skirmish rules, almost exclusively to the target work of another nature. The Iowa team took third place in this competition, and last year early took the lead and finished first over the whole field.

WOMAN'S GLEE CLUB TO TRY OUT

LARGE NUMBER OF COEDS EX-

PERIMENTED AT MEETING FRID.

AY AFTERNOON

Date Changed to Friday at 4:30 to Glee Club to Be Under the
Direction of Prof. Eldebon—Big Number to Choose from

Friday afternoon at 4:30 there will be a practice of the Woman's Glee club of the univer-
sity. From present indications, a record number of coeds will turn up for membership in the organization. About 110 of the young women of the university are planning to try out. "With this large number, from which to choose, the success of the organization should be seen greater than in past years.

New Method Adapted

As a result of some strife in the by the sophomore class have inaug-
urated a new method in electing the tickets.

The voter of this year will be re-
quized to vote for editor-in-chief and business manager on the same ticket. This will be impossible to split. The director for this year will be Professor Pellicer, a man who has had much experience in glee club work. Thus the same group of people in the club will not be able to get an honor, but also most excellent train-
ing in music. A number of the old members will be back again this year, and, as soon as the new members have been chosen, the new organ-
ization will be ready for occupancy by the first of the year.

The date was changed to October 19th on account of a previous misunderstand-
ing as to time.

YEAR ATHLETIC TICKETS ARE STILL ON SALE

Many Students have not yet Pur-
chased Tickets Should do so

at once

Year tickets are still on sale. Most people know this, but some of them seem to have held their money until the last day in the afternoon. Such a course, while it may probably work out as well as any other, is not satisfac-
tory to the officials of the athletic board, who would like to know as soon as possible just where they stand.

In spite of the hush-hush, a good many of the tickets have been sold this week, and the big rush

Every woman, and especially each college woman ought to cultivate, a vital interest in the movements of the world about her. To do this with any degree of in-
telligence, she must train herself to read good news-
papers. A college paper keeps its readers in touch with the various phases of the outside world, and every college student might well make the paper in her own institution a point of departure for her larger reading.

Experience has shown that men and women should be chosen as class officers on account of their ability rather than because they have a political pull. Especially is this true of the Haweck officers. These two men must have the necessary experience and ability to produce an annual which will genuinely represent the University. With this idea in mind we solicit your cooperation in electing the above officers.

IT'S TRUE WILL

In your earliest-learned principles? Or is it merely "true" because you say it? I am told you are the kind of people who say a thing is right because it is a thing you found it to be.

But I wonder if the man of the world is so candid a fellow; the woman who is not an "experiential" woman? Or is it that he needs it to help him "make good" and secure positions which his experience and ability provoke? They are the kind who will make false history.

The mere-necessary man is not the valuable man of the future. To be able to operate the typewriter will give you some recognition, but it will not make you a man. You will raise your grade; it will increase your knowledge and doing power. It will aid you on essay topics of making money. So, though you may, to do more, you must earn, and that knowledge has no value. In other words, the result is, and it is said that it is the best of all.

OPENING CONCERT — OCTOBER 17
Y. M. C. A. Recitals

The greatest concert ever planned for Iowa City ALICE NIELSON OPERATIC COMPANY consists in a general recital and a 50-minute arrangement of THE BARBER OF SEVILLE This great concert will be followed by an evening with CHARLES WAKEFIELD CADMAN, pianist and composer of Indian Songs with an illustrating singer, December 3d; HEINRICH BONTE, one of the world's greatest tenors, February 11th; and a joint recital by TERRY SHARRER, phenomenal English pianist, and NAMARA TOYE, American soprano, March 4th.
Season tickets are now on sale at Wieneke's, 20 S. Clinton St. These tickets are $5.00 and there is an additional reservation charge of 25 cents for each concert paid when reserving seats. One of the best seats to the great opera will cost less than if purchased as a single admission. The great cost of this first concert makes it necessary to charge $2.00 and $3.00 for seats. With a season ticket the best seats will not only be $2.25. Therefore, even if the season ticket is purchased for the concert only the cost is saved by purchasing a season ticket.

The general prosperity which is charac-

teristic of the entire university.
