NUMBER 73

BASKETBALL TEAM LEAVES THURSDAY

WILL PLAY NORTHWESTERN ON THURSDAY, CHICAGO FRIDAY AND ILLINOIS SAT.

Members Who Will Compose Team to Be Picked After Scrimmage Tomorrow Night—Schulte One of Finds of the Season.

With the eastern trip coming the middle of this week, the basketball team will be put through some strenuous practice by Coach Thomas during the next few days.

The team as a whole has shown much improvement since the Leander-Clarke game before the holidays. In the game Saturday evening with the teachers, the principal weakness of the men was their failure to locate the basket. The teamwork and passing was some of the best that has been seen on an Iowa team for some time.

Schulte, who played the first half of the game at center, proved himself to be a star, and one of the finds of the season. With a little more endurance, the tall boy will be able to show the best of them how to play the pivot position. Captain Gardner is, without doubt, the most consistent performer on the team. His all around ability in throwing the ball from the foul line and his stellar work on the floor, puts him in a class with the stars of the past.

Gardner and Maiden are both playing a good game. Trexel, who is at the other forward with Gardner, is inclined to throw for baskets at almost any distance when he should pass the ball to a player who is free and nearer to the goal. With a little more experience this will be a good running mate for Gardner.

The players who will be taken on tomorrow will be chosen after the scrimmage tomorrow night. From the team will journey to the Boone's play ground and play Chicago on Friday night and this game will be of great importance since the Chicago quintette has been mentioned as a championship possibility.

Coach "Pat" Page has succeeded in developing a wonderful combination and if Iowa should win this contest it would rank them very high in the conference. On Saturday the Hawkeyes are billed to appear at the university of Illinois atampaign. This will not be an easy game, for next to Chicago, the best aggregation looks to be the team in that section of the country.

Iroquois Notice
Iroquois meeting tonight at Close 7 o'clock. Ruel Liggett, Pres.

PROF. FULLERTON NOTED MUSICIAN

Came From a Family of Singers With Irish Scottish History —Lover of Music

Robert Fullerton hails from the ancient family of Fullerton, once occupying the island of Arran, a part of the Scottish Highlands. Robert Fullerton, son of Neil, was born in Canada to which domain his ancestors migrated in 1829. From the recorded history of their colony established in the new world, the Megantic colony, we glean the following paragraph concerning the director:

"Robert, son of Neil, removed with his parents to Iowa in '71. He taught in the public schools, but his heart was in music, to the study and teaching of which he applied himself. Married June 14, 1900, to Ula Waters, Parkensburg, Iowa. All the brothers are singers and Charles, Peter, Robert, Neil, John, Edward, Angus and Henry make up an unusual double male quartette. The first four above named gave many concerts in the west.

Director Fullerton is a graduate of the State Teachers' College at Cedar Falls. During his senior year he was made assistant in the department of music and following his graduation, he taught music at his alma mater two years. Then he went to Oberlin where he pursued his musical studies for two years.

While at Oberlin, Director Fullerton conducted the glee club of Oberlin with decided success. Later he studied in New York with James Savage and at Boston with Allen Reed. In the fall of 1901, he was called to the Teachers' College as head of the voice department and teacher of harmony and musical history. During 1905-1907, he studied and taught at Chicago. In the fall of 1907, he was a second time given a call to the Teachers' College of Cedar Falls. In 1911, Mr. Fullerton went abroad for a year's study with Waestro Vannine of Florence, Italy.

The State University of Iowa was especially fortunate in securing the services of Mr. Fullerton. His work with the glee club this year has been of a superior quality and has raised the standard very decidedly. He knows what he wants and he succeeds in bringing out the best there is in a selection both of harmony and thought. Not only is he an excellent tenor soloist and a most efficient voice teacher and musical director, but what is more, he is a man with original ideas, a sterling character and a deep personality.

HAWLEY WILL RETURN TO COACH '13 TEAM

ANNOUNCEMENT MADE YESTERDAY BY IOWA ATHLETIC BOARD

Wrestling Matches Soon—Iowa Gymnasts to Cedar Falls—Other Sport Dope.

Jesse Hawley will coach the Iowa football team again next fall according to word received today by the athletic board of the State University. Hawley is in Chicago now and reports that his business affairs have been so arranged that he can take up the coaching job again next year. The report of Hawley's return has brought joy to the hearts of Iowa followers for in him is recognized one of the strongest exponents of the game that Iowa has ever employed. His presence will be seriously needed next year as his acquaintance with the Iowa men demands that he remain with them when such a wealth of material as is promised for next year will be in supply. He will get an increase in salary over the \$1,800 which he drew last year, but the amount of this increase is not announced by the athletic board.

The athletic board has also increased the salary of Morey Eby, the popular assistant coach, and tendered him the job for another year, but as yet no word has been received from him. He is now located in Waterloo. However, there seems little doubt but what both of the 1912 coaches will be seen on Iowa field again next year.

A meeting of the university's athletic board last night seriously considered the possibilities of resurrecting the state intercollegiate field and track meet. It is possible that Iowa may be a backer and promoter of the idea and the movement which he so recently taken a hold of several of the prominent schools of the state with the departure of the Missouri Valley meet location to St. Louis. As yet, however, the athletic board at Iowa declines to make any definite announcement in this regard.

Wrestling was this week adopted as an intercollegiate sport at the state university and captains of the four other athletic teams here named as a committee to originate proper insignia for those gaining mat honor. Correspondence is now under way to secure matches with either Nebraska or Wisconsin, the latter being considered as the most likely opponent this year. Matches with Ames have been assured the same to take place probably in March.

BASEBALL GAME WITH NEBRASKA

Only Game to Be Played in East by Cornhuskers Will Be Here on May 22

Manager Kellogg has finally succeeded in scheduling a baseball game with the University of Nebraska to be played on the local diamond on May 22. This will be the only game in which the Cornhuskers will appear in this section of the country. They have always had a good team and this announcement comes as good news to the followers of America's greatest sport. The management at the Lincoln institution were slow in consenting to come east but when offered a sufficient inducement they agreed to do so, partly because Iowa won the state championship last year and they were desirous of meeting the strongest team in this part of the west, and also from the fact that they are becoming tired of the Missouri Valley conference.

The athletic board will entertain the baseball managers of the state colleges here in Iowa City on January 24th. After a banquet at the Burkley hotel, the baseball schedules will be made out and in the evening they will attend the Grinnell basketball game in a body. This has come to be an annual event for this meeting to be held at this place and one which the different managers look forward to with great pleasure.

New Library Convenience

A new convenience in the general library is the revolving index of the reference library which has been placed on the reserve desk in the reading room. Only a partial list is now shown as the new device was installed as an experiment and if it proves a success, a complete catalogue of the reserve books will be at the disposal of the students.

Books for the following courses are included in the list now on the desk: Sociology, Western History of the U. S., American Government, Economic Development of the U. S., Economics, Economics '01 and '05, International Law, and Political Science.

Parliamentary Law Course

Next semester an ovation in studies will be given in this university, which will be in the nature of a course in parliamentary law. This is something that students have been demanding for some time, and the course will no doubt be much sought after. It will be based on the practical American usage as illustrated in the national and state legislative assemblies.

DICK MIGHTY MAN ON THE GRIDIRON

LONG AND WONDERFUL GAINS MADE BY DICK CAUSES MUCH COMMENT

Was Star Halfback on Iowa Varsity Showed Up Well in Practically Every Game—Has One More Year of Football Left.

Shellie Dick of Stanhope, Iowa, star halfback of the university football team during the past season, has made a record as far as long runs for touchdowns are concerned. Starting out at the first of the schedule we find that in the Cornell game he ran forty yards on two different occasions for touchdowns. In each of these instances he dodged through the opposing tacklers in great style and it was often remarked that his running was similar to the famous Eckersall of the Chicago team in days gone by.

The Chicago game was discouraging during the first half to say the least, but it was Dick who came back at the beginning of the third quarter with a fifty yard run which put the ball on Chicago's two yard line. The Hawkeyes easily made the touchdown on the next play. Besides this one remarkable sprint, he made several shorter runs from the spread formation which caused the Maroons much trouble in the stopping.

After a two weeks' rest the locals journeyed to Indianapolis where the Hoosiers were given a defeat by a decisive score. On looking at the chart of the game it will be seen that Dick made Iowa's second touchdown by a thirty-five yard run. In the Ames contest we notice that he ran 55 yards for the second touchdown, and this at once settled the outcome of the game, for the Aggies became disheartened after this wonderful feat.

In the last game of the season with Wisconsin, we find that Dick made his usual long run, and in this instance he carried the ball to the opponents' six inch line after a daring dash from the center of the field. Not to be content with this alone, he made numerous runs which were instrumental in the place kick near the end of the third quarter of the game.

There are many players who will make a long run in some particular game, but it is very seldom that we hear of a player who consistently in every game makes long runs for touchdowns or long runs which make it possible to get within scoring distance. Next year will be Dick's last year in football since he graduates from the dentistry department in June.

MUSIC LOVER'S FRIEND

As president of the university music council, Chas. H. Weller, professor of Greek and archaeology and university editor, has during the past three years been intimately associated with the encouragement and progress of music at the university. To him is due great credit for his untiring and unselfish efforts in behalf of the different musical organizations of the university. He has been the leading spirit and worker in promoting successful May festivals. He has worked in season and out of season for the furtherance of music in the different organizations of the university.

Three years ago he took the responsibility of sending the men's glee club out on a tour. Though a very busy man he has always taken time to visit the rehearsals of the club and discussed the best methods and means of furthering its progress. The glee club appreciates the friend it possesses in Professor Weller and congratulates him on his efficient work.

Since the organization of the music association in the university, the work of the different organizations has been more systematized and this has meant a great deal for the university as a whole.

Many times the efforts of raising the standing and prestige of music in the university has been fraught with difficulties, but Mr. Weller has stood by the cause in a determined way. The result is, more interest, better organizations and a hopeful outlook for the future. Professor Weller has emphasized democracy in control of organizations, tending toward a wholesome and true university spirit.

Professor Weller, a Ph D. from Yale in '04, lecturer in Yale gradu-

ate college '04-'06, and rector of the famous Hopkins school of New Haven in '05, came to the University of Iowa in '06 to fill the chair of Greek and archaeology. During the year of '01 and '02 Mr. Weller was a fellow in the American school at Athens. This is a competitive fellowship for which there were twelve competitors from the United States and Canada. Professor Weller was selected.

He has held many positions of honor such as secretary of the Iowa society of the Archeological institute, the membership of which has trebled since Professor Weller's election to office. He is interested in various projects of the archeological institute and has published numerous research papers in this subject. He is author of a non-technical bulletin in archaeology which has come out recently in its first issue. In this appears Mr. Weller's interesting work on "The Story of the Stadium at Athens."

In the German "Handbook" may be found references to a score of Professor Weller's scholarly works. He is especially interested in the topography of Athens. A book to be published soon is his "Handbook of Athens and Its Mountains," a five hundred page work containing three hundred illustrations.

Mr. Weller is also our efficient university editor, having charge of the publishing of the university catalogue and bulletins. He was just recently elected president of the Iowa City Ad club, a position which he has held to the great satisfaction of the Iowa City business men during the past year.

A CORRECTION

Last week there was published an account of the Acacia party and it was stated that Professor and Mrs. Seashore were chaperones. This was erroneous, Professor Seashore having been out of town during most of the week, called away because of the death of his mother. Mr. and Mrs. Dean Osborn chaperoned the Acacia party.

M. E. Travel Club Notice

The M. E. Girls' Travel club will meet this afternoon from five to seven at the home of Dr. Mary K. Heard, 24 north Clinton. "China's New Day" will be taken up and discussed. A fifteen cent supper will be served.

Miss Everts Tomorrow

Miss Katherine Everts will in the natural science auditorium at 8:00 o'clock Wednesday evening. She comes here well recommended, and will be received here with a large and appreciative audience. Professor C. F. Ansley of the English department, has this to say of her ability: "Miss Katherine Jewell Everts has the right ideals, and her work is admirable. She presents literature worth interpreting, she subordinates herself to it, and she has remarkable natural gift and acquired skill. She is the best reader I have heard."

New Course by Bose

Sunhidra Bose will give a course beginning next semester on "Oriental Politics and Civilization," on Tuesdays and Thursdays at 8:00 a. m. It will cover the history, politics and civilization of the people of India.

Come to the hot waffle supper, Wednesday, Jan. 15, at Presbyterian church, 5:30. Tickets 25c.

There will be a varsity dance, Friday, Jan. 17, at Co. I armory.

PREPARATIONS BEING MADE FOR BIG GATHERING SOON
Jubilee Celebration to be Instituted At Iowa This Year

Extensive preparations are being made for a "Post Exam Jubilee" to be held in the natural science auditorium on Saturday evening February 1, which is the evening following the closing of examinations. This affair is a new innovation at "Iowa" and is intended to express the joy of the students at the conclusion of "Exams." It has been tried at the University of Illinois the last few years with very great success. Enormous crowds attended and everyone had an extra fine time. Quite recently the prize offered there for the best stunt on the program was won by the agricultural club which as their part of the program performed the obsequies over a deceased cow. The program to be offered at the jubilee here on February 1, will consist of vaudeville stunts put on by the various organizations of the school. A \$10 loving cup is to be offered to the organization that puts on the stunt, that makes the biggest hit. Any club, society or fraternity that wishes to put on a stunt should see Morley McNeal who is chairman of the committee in charge of the affair.

No admission is to be charged and the whole university is invited to attend.

SOME GREAT SHOW NOW AT ENGLERT'S
Clever Actors and Peppery Songs in Present Bill at This Popular House

"Billy" Englert has surely been doing the right thing in the class of shows presented to the public the past few weeks, but the present bill is one of the best yet. Usually the first bill of a run is considered a rehearsal, but the first appearance of this week's bill yesterday afternoon put the ban on this idea. If the succeeding performances of this bill are much better the patrons of the theatre do not need to go out of Iowa City to get the best.

The bill is headed by Carmen and Clifton, as classical entertainers in music and song. They surely do know how to put on their act. Their manipulation of the banjo and the violin is well taken, while the songs are up-to-date and well executed.

Frank Goldie, comedian, is "there and over," when it comes to handling his feet. There is seldom seen in this city a better exhibition of clog dancing.

You cannot judge by the looks and clothes is the theme of the little playlet presented by Mr. and Mrs. Wilson. It is pleasing and well put on, the act bearing out the title "Minne from Minnesota."

The rest of the acts are all good and Mr. Englert is to be congratulated for the clean and good bills offered to the public.

Presbyterian Travel Club
The Presbyterian Girls' Travel club will have a chicken pie supper at the home of Dr. McClintock, 230 Fairchild street, from 5 to 7:30 on Tuesday evening. Mrs. J. M. Fisk will speak on "China."

Wrestling Now Intercollegiate

Wrestling is now an intercollegiate sport in this university. This was decided at a meeting of the athletic board last week. Preparations have already begun to schedule games with Ames, Nebraska, and Wisconsin. Home and abroad matches can in all probability be arranged with all three schools. The captains of the baseball, football, basketball and track teams will act as a committee to select an appropriate insignia for wrestlers who achieve unusual honors.

PRESIDENT BOWMAN AT GRADUATE CLUB

Graduate Club Will Hold Their Regular Program at L. A. Reception Room

Tuesday evening the Philosophical group of the graduate club will entertain the members of the club at the liberal arts reception room. President Bowman has promised to be present to talk on some aspect of Education and it is sincerely hoped that every graduate student of the university will be present.

Following is the program:
Piano solo—Tacie Knease.
Speech—President Bowman.
Music—

Five minute talk—The Difficulties of Research—L. Van Houten.

Five minute talk—"The Triumphs of Research"—Mrs. S. K. Stevenson.

After this program Messrs. Bruene and Gadburg will present charades and refreshments will be served.

Notice to Y. W. C. A. Girls

All the girls who have the banks for systematic giving toward the support of Miss Kueg in China, are asked to bring them in Wednesday night at the regular meeting with the amount they have pledged for these first twelve weeks as part of the amount pledged is to be sent to her before February first.

PERSONALS

Dr. F. C. Eastman, head of the department of Latin, will leave tonight for Minneapolis where he will deliver the principal address at a meeting of the S. U. I. alumni.

Herbert Hoar, L. '10, who has been visiting in Iowa City with relatives, has gone back to his home in Savage, Montana.

Leo Brueckner has returned to Lowden, where he is teaching school after spending the week-end with his parents.

Prof. Rudolph Kuever is spending a few days with friends in Ames.

Clyde Robbins returned to Columbia university, New York, to resume his work, after spending his vacation at Cedar Rapids and Iowa City.

Mrs. Paul Pierce is recovering

Eat Raisins

from a sick spell which has been hanging on since Christmas.

Mr. and Mrs. John Ely and daughter, of Cedar Rapids, were the guests of Dr. and Mrs. Alberts at a dinner in honor of V. Stefansson, one of the Iowa explorers, Friday evening. They remained in the city to hear the lecture.

Horace Young of North Dakota has returned to finish his law course.

Herbert Hoar, law '12, returned to his home at Savage, Montana, after spending a couple of weeks in the city visiting with friends and relatives.

John D. Kuehl of Davenport visited over the week-end with Frank B. Shaefer, law '15.

Jesse E. Stoner of Omaha, ex-medical '15, spent the latter part of the week in Iowa City visiting relatives and friends.

The Newman society gave a dancing party at Sueppel's auditorium Friday evening.

The Hyperian dancing club enjoyed a dance at Sueppel's auditorium Saturday evening.

Frank B. Waples, B. A. '11, of Castana, Iowa, visited over the week-end with university friends.

Friends of C. H. Brunner are pleased to learn that he is able to attend classes after undergoing an operation at the university hospital during vacation.

Lester J. Allison, D. '16, has returned to take up his school work after a week's illness at his home in Pederson, Iowa, with an attack of tonsillitis.

Harwood at Ad Club Tonight

Herbert Harwood will deliver an illustrated lecture tonight on "What Iowa Has to Advertise." This will follow the Commercial club luncheon at 6:30 at the club rooms. All are invited to attend.

Notice

All members of literary societies are urged to be present at the annual meeting of the Forensic League, Tuesday, Jan. 14, 7 p. m. at Irving hall.

but may deal with any kind of life whether college or otherwise. The poem shall not exceed a length of 100 lines, and may be of any nature, serious or comic.

Judges for the cootest will be announced within a few days.
