CONVENTION REPORT FROM MISS KELLER

WHAT WAS ACHIEVED AT MADISON CONVENTION EX- PLAINED AT MEETING

Meeting Will Determine Positions, Women Take On Democratic Or- ganization—Every Woman In University Elected to be Person.

At the mass meeting tomorrow night Miss Keller will give a full report of the convention at Mad- ison, Wisconsin, May 2-4, at which the women of the middle west told the organizations for women in their respective schools. At this mass meeting it is to determine whether or not the women of Iowa want some form of democratic organization, ever- y woman should attend and ex- press her own opinion on this subject.

Following a letter written by Miss Keller the convention was opened up by the local. The top floor will be a "society hall," a large hall, open to the public, where the girls can give their enter- tainments. The main rooms, the laundry and pantry rooms, and the track rooms, are also situated to the right and second floor. There the women will be accommodated, and there will be an ideal spot where there are women of Iowa looking towards the middle west. The convention is to be congratulated and the on- crime will be remembered by all the women in the school, and working with women in the self-government. It will be worth while for Iowa to make herself eligible for entrance into the Association of Uni- versities which was formed at Madison.

"We are only university of the United States, if we have any organization of some sort including all the women of the school, and working with the women in self-government. It will be worth while for Iowa to make herself eligible for entrance into the Association of Uni- versities which was formed at Madison.

Engagement Arranged

Announcement is made of the enga- gragement of Miss Rtech Sehler, dau- gh- er of Port Dodge, Iowa, to Doctor George M. Sharrard of Omaha, Nebras- ka.

Miss Sharrard has been remembered as one of Iowa's recent alumnae distin- guished not for her excellence as a student, but for her beauty and charm of manner.

Doctor Sharrard was, for many years a member of the university faculty in the Latin department.

The wedding will occur in the early autumn.

Wynona Club Dinner

The Whitby club, the lately or- ganized girls' literary society, gave a dinner Thursday evening at the Berkley hotel, in honor of Miss Anna Klingenberg. Mrs. Heaton acted as toastmaster.

HAWKEYES VICTORIOUS AT HOME AND ABROAD

Track Men Take Drake Stars Under For the Dual Meet— Score 75 to 52—Gophers fall to Tune of 9 to 6

The hopes of the Hawkeyes were realized to the fullest yesterday when they defeated the much feared Drake track team by the score of 75 to 15 on the Iowa field.

In practically every track event the Hawkeyes were the winners, and in the 400 yard dash, the winning distance was a second.

The victory over the Gophers in the quarter mile events in 50.7 lowering the record from 51.2. The other new record was established by Sharrard in the 220 yard with a time of 26.1.

It was not until the half-mile run was finished that either team was sure of victory. Up to this time there were not a half dozen points differential between the teams but when Pye captured the race in 2:42.4 Drake took both the half mile races, the day would have been declared "Old gold" by the narrow margin of 9 points.

Interest of the day centered in the 440 yard dash when Pye and Sharrard ran against each other for the first time. It was a close race but Pye had much better comment, the ability of these two men and there was much evidence in favor of each, for the victory.

Dean Currier and Mrs. Currier.

Miss McFarland, the toastmistress, gave for the Iowa looking toward the middle west. The convention is to be congratulated and the on- crime will be remembered by all the women in the school, and working with women in the self-government. It will be worth while for Iowa to make herself eligible for entrance into the Association of Uni- ersities which was formed at Madison.

To Those Who Love The Beautiful

The City Park affords the ideal recreation spot in, near or about Iowa City. It is here that you enjoy yourself with your friends. Make it your playground.

From a barren, swampy, unimproved plot of ground only three or four years ago, it has blossomed forth through the ingenuity and handicraft of its boosters, until today it is one of the most beautiful little parks to be found anywhere. For picnic parties, outings or excursions it is the place.

To fill the hungry and quench the thirsty Reichardt’s Pavillion was erected three years ago. Because of the increasing demand for “Reich’s Good Things” the floor space has been doubled each year. This spring a dancing annex has been added to accommodate parties, large or small. A concert piano, the best in the city, has also been installed.

In the line of eats—from dinners to light luncheons—Reichardt’s Pavillion is at your service. The Pavillion is open every day and in the evenings. For a downright dandy time make your arrangements with

MUCH INTEREST IN ALL ACTIVITIES

GREAT OPPORTUNITY FOR GIRLS TO DEVELOP AMONG SOCIAL LINES IN

Clubs, Sororities, Etc.

The most democratic activity among women here in the Y. W. C. A. which is doing a splendid work for girls among spiritual and secular lines. Corresponding to this organization is the G. P. E. for Catholic girls. This society is very influential in getting the Catholic girls of the school.

The girls of the Junior and Senior classes who have organizations to which 6 members of the class are eligible.

These societies foster good fellowship among the girls and in them the girls learn to know the members of their own class.

It is customary for the Junior and Senior classes, the Y. W. C. A., to entertainRanked Tax every spring. This year the entertainment was in the nature of a mixer at Clove Hall at which dinner was served. About one hundred and fifty girls were present.

The women of the University have four literary sections, two of which, Kappa Kappa Gamma and Delta Gamma, are the oldest women's literary societies west of the Mississippi. Octavia Thompson was founded a little later but just this year Whig was organized and another was formed.

The question of the name was one of the most interesting features of the new literary society. The members were very particular in selecting a name which would be distinctive in any way.

The name Whig was selected as it was thought it would be well for one more to be formed, one in which every girl would be a member and have a part. Such an organization would bring the girls of the school into greater combinations. It would bring every individual woman into closer relationship with other women, and would help all to attain a greater efficiency and a larger vision of what women can do.

AVERAGE GIRL SPENDS $250.00 EVERY YEAR

RESULT DERIVED FROM INVESTIGATIONS AMONG 274 UNIVERSITY WOMEN

Questions Given Out by Dean Anna M. Klingshoenagen Concerning Rooming, Boarding, Etc.—All Names Kept Confidential

A year ago this spring Dean Anna M. Klingshoenagen made a careful investigation of the actual cost of living among the young women of the University of Iowa. She entered on this investigation by means of a list of printed questions which she distributed to 274 of the most representative girls in the university. In order to render necessary Miss Klingshoenagen guaranteed that the names would be kept confidential. No girls who were working their way through school and no girls whose parents were in Iowa City were included.

The questionnaire was concerned with the expenses of rooming, board, laundry, and the rent of the room used as a home. From $3 to $16 a month was paid by each girl with two girls in a room. Nearly all the replies reported that their half of the room rent was $6. The first average was $6.62.

The girls who roomed alone paid from $9 to 11½ a month. The largest number of those stated that they paid $10 a month. The average was $10.26.

Twenty-five girls paid $4 a week for board while 14 girls paid $5.56. One paid $4.45. The final average was $5.57.

In response to the third question with regard to laundry, the answers varied from 20 cents to $1.50 a week, the average being approximately 60 cents a week.

In regard to the next question about incidental expenses, including expenses in connection with classroom work, statements were made that the amount such expenses ranged from $10 to $40 a year. The average was estimated at 35.

When those statistics were compared with the statistics that had been secured last year, this year the room, board, laundry, tuition, and incidental expenses, but not clothes and a few other incidentals. On the other hand, statistics showed that there were three girls whose expenses were $400, $614, and $625 a year.

As a result of this investigation it was estimated that the average girl in the university spends in each term $320.62. This shows that the cost of living for women students at Iowa is, after all, very moderate.

University men at Oregon who have a special invitation may witness a girls' gymnastic exhibition. These men can persuade a co-ed to invite him, he will not be admitted on any consideration. Faculty members are admitted free.

In speaking of the general secret at Iowa, we must not forget to mention our general secretary in China whom the university girls are helping to support. Miss Katharine Pratt, who is an Iowa girl, is a graduate of Michigan, and was last fall last in Shanghai where she is preparing herself to be a E. W. C. A. secretary in China. This association here feels that this aspect of its work is the very broadest, and that the world of Iowa owes her a great debt. The New Cabinet House Party This year and last year's Cabinet of the Y. W. C. A. will hold their annual house party this year at College Hall on May 24, 25, June 1. This is a time of the greatest fun and friendship and also of planning for the coming fall. It might even be called the Pre-Cabinet conference for the girls expect the greatest benefit from such a gathering of if it is possible to get this kind of Lake Geneva. BOOST FOR THE BIG CONFERENCE

Program Boosting Lake Geneva Conference to Be Held at College Hall Wednesday Eve

If there is one special joy that girls of this university have to look forward to it is the annual conference at Lake Geneva in Wisconsin. Here every August for ten days are hundred girls from the colleges and universities of North Dakota, Wisconsin, Minnesota, Michigan, Iowa, Illinois and Indiana, join hands in planning a year's work. Here they get the greatest help of their lives along religious and missionary lines and have the finest time of their college lives.

Lake Geneva is situated ninety miles northwest of Chicago on the northern railroad. The amount necessary from Iowa City, including railroad fare, convention expenses, etc., is just thirty dollars and in so you can a college girl spend it more profitably to herself and others than by attending this conference. Some of the greatest leaders in America as well as university and Iowa, must not forget to the Iowa Association. Many other schools have not yet been made definite. One of the specific features of the conference was the banquet held by the association in the Iowa Union for the delegates. Here the rivalry of schools all fused into one great spirit of good fellowship and the university girls were delighted to hear old Iowa praised for its spirit of hospitality. Truly the success of this banquet was due to such a part to the Illinois who make the Iowa Union so homey.

Association Secretaries

The Y. W. C. A. feels very happy this year in having Louise Barry of Lincoln, Neb., as its general secretary. Miss Barry who has always given the girls a welcome at College Hall and made them feel the atmosphere of friendship in its rooms. A great part of the credit of the successful operation this year has been due to her loyalty and co-operation, and the university owes her a great deal of gratitude for the fine work she is just finishing. The best news of all is that she is to come back next fall and give the association another and even more wonderful year.

THREE RING CIRCUS FOR H. S. ATHLETES

PLANNING MERRY DAY FOR THE
HIGH SCHOOLERS ON DAY
OF BIG MEET

Bro. Boer is Chairman of Arrangements Committee and Assures Every Body Rooming—Sixth Annual Event on May 31.

A three-ring circus with full equipment of animals, clowns, and side show booths will be staged at the university armory on the evening of May 31st for the special entertainment of high school athletes, who will be in Iowa City on that day attending the sixth annual intercollegiate meet. All the attractions of a real Barnum and Bailey show are being provided for, and the event promises to be unique in the history of university entertainments.

Benjamin Boer, senior in the college of applied science, has been named chairman of the arrangements committee, and with a corps of helpers he is now planning the various features of the program. Wednesday or not be intended in being in the animals from the city park and train them especially for this occasion, as it is secret as yet, but if so, the animals are used at Bro. Boer promises that the occasion will be perfect.

This sort of entertainment is used to attract high school athletes and great success at Illinois and other colleges. The use to be staged at Iowa City will appeal also to the students of the university and to the residents of the city.

LAW FRATERNITIES HAVE BIG BANQUET

Last evening the annual Phi Alpha Delta and Phi Delta Phi consolation banquet was held at the Sturkey Hotel, at the expense of the Phi Delta Phi. For those who do not know of this time honored customs between the two law fraternities the facts are these:

Every year the Phi Delta Alpha and Phi Delta Phi play a game of baseball, it being mutually agreed that the loser shall banquet the winner. This year, the game was especially interesting and noteworthy. The batteries for Phi, Alpha Delta, were good and surprising, for the Delta Phi, O'Brien and Van der Zei. The enrollment came in the seventh inning when in the first half, the score was 4 to 1 in favor of the Phi Delta Phi. In the Phi Alpha Delta Phi half, however, three runs were batted in, making the score 1 to 1 in the Phi Delta Alpha's favor, thus leaving remaining through the best inning.

Hence the banquet on the Phi Delta Phi side. There were over thirty men in attendance, including the law faculty of the university, and several alumni. Every man present supplied himself to the fullest extent and the spirit of contest or necessity on the ball ground was nowhere in evidence in their social meeting.

The toastmaster for the evening was Professor Harry Gilbert of the law faculty. Following is the list of toasts:

R. T. Crum, "Victory.
E. F. Mitchell, "Haw, the Lawmen.
R. H. Luger, "Two Bagels.
Jacob Van der Meij, "When Phi Alpha Delta Meets Phi Delta Phi."

"And does this work herself, everything in her PARLORS is perfectly clean—COMBS, BRUSHES, and INSTRUMENTS ARE STERILIZED and she gives FACIALS, SHAMPOOING, MANICURING and ELEKTROLYSIS as well."

"Thanks, Mrs. B. I'll go and see her at once, but where is her shop?"

"Don't you know where it is? Everybody in town I thought I knew how. Why over Aloud's at Fifth and Main St., you can't miss it. It's between ALBION and LAFAYETTE."

"I'll see a great deal outside Hamm's store and her sign is just at the top of the stairs. But you will have to make an appointment, because she is always busy. Her phone is 1174."
The Real Iowa Boosters Against Commission Plan

Under our city government Iowa City has constructed a sewer system, laid miles of paving, lined the city with cement walks, bought and opened the city park, provided support for the library and made this the model city of Iowa. Just the kind of a city that should be the home of a great university.

The Supporters of the Commission Plan are Fighting Public Improvements

And if successful this policy will stop the forward movement of Iowa City.

The University wants more city improvements, wants an up to date, beautiful and healthful city. University men, who are voters, should vote for the progressive side—against the commission plan.

WOMEN IN JOURNALISM
By investigation, it has been found that women have a decided influence on newspapers. This influence has come to be recognized by many of the journalists of today. B. H. Reese, managing editor of the St. Louis Star, says that in late years women have progressed to a marked degree in their newspaper writing.

THE UNIVERSITY WOMEN HAVE ATHLETIC INTEREST

...CO-EDS ARE KEEPING PACE WITH MEN IN SEEKING TO DEVELOP BODY

Many Places of Women's Athletics at the University—Much Interest Is Taken In Athletic Association—Endowments Now Given To Girls.

The annual exhibition of the women's physical training department was held on the night of April 24. Contrary to custom the audience consisted of two women only, Miss Will-son and Miss Willmarth. The exhibition was for the purpose of judgin the result of the year's work in physical training and athletics. Classes in heavy apparatus, dancing, field dancing, basketball, and baseball, as well as the regular fencing and sophomore classes appeared and were watched with keen interest by the instructors and girls.

The physical training department takes pleasure in announcing that the women's track team will be held again this year. It is open to all interested women and begins the first week in June. A handsome silver loving cup is offered to the winner of the tournament and it is hoped that many girls will take the opportunity of entering the contest.

The increase in the number and importance of the women of Iowa's gradually increasing the importance of the women's athletic activities. Most every one has come to realize that young college women are

in her welcome to the girls and entertains them in her home many times during the year. One of the annual functions in this connection is the junior breakfast which time arrangements are made for elections to faculty and circle, the honorary senior society which acts as a body of assistants to the dean.

One of Miss Klingenhagen's chief characteristics is her sense of justice. Difficult as her position is, she shows no favoritism and the girls.

ALL UNIVERSITY MEN AND WOMEN AS WELL AS TOWN FOLKS ARE INVITED

Library Societies and Societies to Have Charge of Affaire—Everybody Get Out and Choose Your Favorite Table.

On the campus, in front of the liberal arts building, Saturday morning, May 24, the Y. W. C. A. will serve breakfast from seven to nine-thirty o'clock. This centennial morning breakfast was given up several years ago, but the association feels that it is one of the best of the year and in renewing it, hopes that university men and women, as well as the men and women of the city, will take advantage of the opportunity.

The literary societies and societies will have charge. Come and choose your favorite table.

GREEN SOCIETY MEETS

The spring meeting of the Iowa State Hellenic society was held at the university Friday and Saturday. About a dozen members of the association were present, including professors from a number of colleges in the state.

Friday evening the visitors attended the Greek play and Saturday the conference was held. Among those who were in attendance were Drs. C. O. Norton and Sherman Horst of Drake, and Professors Clara Miller of Grinnell, W. S. Rensolle of Cornell, William Berry of Penn College, Myra Call of Iowa Teachers college, William Benzon of Cre, H. F. Kaufler of Mountgulph and others.

CLUB HAS HAD MUGGH SUCCESS

In 1898 the professional women of Iowa organized themselves into the Professional Women's Club. Their purpose was to improve the social relations among the girls of their colleges and to make a place for themselves in the university.

The plan of the organization was similar to that of the Women's League. They voted to organize a club at the University of Iowa, and looked forward to the time when the women of the professional colleges should unite with the women of their colleges and to make a place for themselves in the university.

The first meeting of the club was held Monday March 8, and they have had much success ever since. The club was organized and joined the State Federation of Woman's Clubs. The club has other members. Its last meeting was held on May 3rd at the home of Dr. Brennan and was in the form of a banquet.

FROM MANNERS TO CROW

Not only is the motion picture referred to the portrayal of the civilizing and the impressionistic but it is rapidly becoming a factor in the educational and religious world. This fact is evidenced by the productions which are to be presented at the Englert theatre this afternoon and evening. This picture entitled "From the Manse to the Crow" is scheduled for tomorrow afternoon, at the Englert theatre this afternoon and evening.
