NUMBER 30

UNIVERSITY WOMEN TO HOLD MASS MEETING

MEETING TO BE HELD TUESDAY EVENING—TO CONSIDER WOMAN'S LEAGUE

To Plan For Motion Pictures of Ames Game—Women's League and Women's Forensic Council to Co-operate—Forensic Program Arranged.

Women of the university will hold a mass meeting next Tuesday evening.

They will consider a constitution for the Woman's League. Last spring an executive council was chosen to draw up such a constitution. It is now ready.

The mass meeting will be the first gun in a campaign for the coming university year. Along with the adoption of this constitution the girls will perfect the arrangements for the closing days of a whirlwind sale of tickets—part of a plan to make possible the taking of moving pictures of the Ames game, November 15.

The executive council of the Woman's League has agreed to co-operate with the Forensic council of the woman's literary societies in the sale of 1000 tickets at 20 cents each. These tickets admit the bearer to see the exhibition of the moving pictures of the Ames game when they are shown in Iowa City on the week following the game. If the ticket sale is successful the reel will also be used to send to gatherings of alumni and high school students throughout the state during the spring and winter.

The Women's Forensic Council is composed of a junior and a senior member from each of the four women's literary societies. They have already initiated a forensic program for the university year of 1913-14 which will give the women of the university an equal opportunity with the men.

ALUMNI TO FILL CITY

There will be the best of accommodations for the alumni and other visitors who will be present at the Ames game and second annual homecoming which is to be held at the university on November 13 to 15. The new Hotel Jefferson is to hold its opening sometime between the first and the tenth of the month, and it will have its doors wide open and be running in full blast for the benefit of all visitors in the city. Arrangements are being made to accommodate the biggest crowd ever gathered here, and already almost all of the ninety rooms in the hotel building have been reserved. Other hotels in the city are also rushed with advance orders for accommodations, and where some of the visitors will stay is a mystery. Fraternity houses are already making arrangements to receive their old members, and several dinners and informal affairs are planned for the week-end.

MARSHALL LAW WILL HOLD COURT TONIGHT

Interesting Damage Suit to be Tried by Members of the Society

The Marshall Law court will commence at 7:00 o'clock this evening to take up the case of Mary Billings vs. The Western Union Telegraph Co.

The plaintiff is suing to recover \$10,000 damages for mental anguish and inconvenience alleged to have been caused her by reason of the defendant's negligence in transmitting a death message.

Attorney Messer of the Iowa City bar will preside at the trial.

The plaintiff is represented by Attorneys Turner, Baker, and Dyer, the defendants by Attorneys Roller, Abrams and Taylor.

PROF. HORACK ON FACTS OF GENERAL ASSEMBLY

Out of 1,200 Bills Proposed in General Assembly Only One-third Passed

"One of the 1,200 bills introduced in the thirty-fifth general assembly approximately one-third were passed. Exactly 397 were enacted into laws and thirteen were adopted as joint resolutions."

These were the statements of Professor Frank E. Horack, of the university of Iowa, in a paper read before the Political Science club.

Professor Horack had as his subject, "The Thirty-fifth General Assembly," and he entered into a definite analysis of the progress made by the last legislature. He stated that out of the 400 odd bills passed over two-thirds were enacted within the last ten days of the session.

"As classified and published by the secretary of state, the enactment include 319 general laws, 24 appropriation acts, 19 special acts, and 35 legalizing acts," said Professor Horack. "While nearly one-half of the acts of the thirty-third and the thirty-four general assemblies were signed by Governor Carroll after adjournment, only 22 measures of the thirty-fifth general assembly were signed by Governor Clark after the close of the session. Of the 397 acts passed by the thirty-fifth general assembly only 117 were approved prior to April 9."

PROGRAM IS PRINTED

The program for the State Teachers' association has been printed. The faculty can get them at the president's office.

PRESIDENT BOWMAN BACK

President Bowman came back this morning from Keokuk county, where he and W. A. Jessup have been inspecting high schools.

JOINT RECEPTION ON EVE OF AMES GAME

MANY NOTABLES WHO ARE S. U. I. GRADS TO BE PRESENT—FINE PROGRAM PLANNED

Two Speakers at Reception One From Ames, One From Iowa—Governor Clark, Senator Brown to be Here—Other State Officials to be Here.

Senator Norris E. Brown, L. A. '83, M. A. '86, of Omaha, Nebraska, has been tendered a special invitation to visit the university on November 18, the time of the big annual homecoming. It is thought that the senator will arrive here sometime Friday so that he will be able to attend the reception which is to be held in the armory Friday evening.

According to the present plans this reception will be one of the biggest friend-feast ever held here at the university. The program, which has thus far been planned, warrants the statement that there has never been anything like it is planned held here.

Dr. Chase of the medical department will have charge of the occasion. Governor Clark, law, '78, will be here at that time. There will be two speakers for the occasion, one from Ames and one representing the university.

Invitation has been extended to all the alumni who are members of the thirty-fifth general assembly, several of which have already signified their intention of coming.

CUMMING LECTURES

Professor Cumming, head of the college of fine arts gave his weekly lecture last evening in the auditorium on the top floor of the physics building. He discussed landscape painting with especial reference to the appreciation and criticism of pictures. The talk was generously illustrated by means of the stereopticon. A social hour was enjoyed afterwards by those present. Professor Cumming gives a talk on some line of art every Wednesday evening at 8:00 o'clock, students of the art school, their friends, and the public are invited. A social hour in the studio always follows.

Jack Lemon of Guthrie Center, is pledged to Sigma Alpha Epsilon.

The Epworth league of the Methodist church entertained the students and city young people last evening at a Hallowe'en sociable.

G. E. Davis, president of the freshman class, appeared in a program of readings at Tracer Tuesday night.

HAWKEYE CLUB WILL FORM ORGANIZATION

Boosters Will Work For Interest of Hawkeye Athletics Entire Year

The Hawkeye club is perfecting plans for a permanent organization. They hope to organize soon and to be able to boost athletics during the entire college year. An organization will be made to look after all mass meetings and after all students connections with athletic contests.

The club is also making arrangements to dispose of two hundred year tickets. There have been sold so far this year a few over one thousand tickets. The club believes that out of twenty-five hundred students it will be possible to sell two hundred more tickets. A whirl wind campaign will be inaugurated shortly to dispose of these tickets.

The club has also decided to have no more collections at the remaining mass meetings of the year. They would like to do this and believe that they can if the two hundred year tickets can be sold before the Indiana game.

BACONIAN CLUB

The regular meeting of the Baconian club will be held in the physics lecture room Friday evening at 7:30. Professor Macbride will give a paper on the subject, "In the Forrests of Mt. Rainer." During the past year Professor Macbride has devoted considerable time to the study of the forest resources of northwestern Washington but more particularly of the forests of Mt. Rainer. The lecture will be illustrated with lantern slides. The public is cordially invited.

HAWKEYE CLUB NOTICE

There will be a meeting of Hawkeye club this evening at seven in the senate chamber of the Old Capital. All members are urged to be there on time.

President.

NEWMAN—C. F. U.

The Newman and C. F. U. societies will hold a Hallowe'en party, Friday evening at K of C. hall. The first part of the evening is to be devoted to a program of musical selections, and later there is to be dancing. Miss Geyer and Mr. and Mrs. Murphy are to be chaperons.

TO LUTHERAN STUDENTS

All Lutheran students and their friends are invited to attend a Hallowe'en Bana social Saturday evening, given by the Luther League at the home of Mrs. M. H. Taylor, 1128 E. Court street. Those not knowing the way meet at Close hall in order to take the 8:05 Rundell street car.

EXCELLENT MATERIAL FOR THEATRICAL WORK

FORMER STAGE DIRECTOR SEES MANY POSSIBILITIES IN USE OF AUDITORIUM

Settings Worth Thousand of Dollars Lays Idle in Basement—Can be Easily Placed at Disposal of Students.

Over in the basement of the old science hall are stage settings worth several thousand dollars. This is the startling information that has been discovered since the matter was called to the attention of the student body by the Daily Iowan. When the Iowa City State bank building was being remodeled the "props" from the old Coldren theatre were all sold to the university. This includes drops, wings, scenery, and footlights and was procured by the university officials at a small expense.

For over sixteen years, James Klema, at present an employee of the university was stage manager of this old theatre. In his time he witnessed all the big "hits" that struck Iowa City and he made possible the productions that furnished entertainment for thousands of students. Press reports of several years ago say that many of the theatrical companies reported his stage to be the best and cleanest on which they played. This work was done before the time of the "movies" when the old Coldren booked the best productions that ever came out of Chicago.

Several years ago Mr. Klema severed his connection with actors and acting and commenced to assist the educators of Iowa. Since then he has been janitor of the old science hall, which position he holds today. When the old theatre was dismantled and the "props" had been purchased by the university, a place was needed for storing them. Few places were available but after some discussion they were placed in the basement of the old science hall. Thus were

WOMEN'S ATHLETIC ASS'N TO GIVE PARTY

To be Held in Gymnasium at Close Hall—Good Time Planned For All

The Women's Athletic association will give a Hallowe'en party tonight in the gymnasium of Close hall. There will be many fancy decorations for the gymnasium, and all the old customary games and "stunts" will be played. All university girls are invited to attend. It is requested that all who can, wear their gymnasium suits, although this is not arbitrary. Refreshments will be served.

Helen Young from Winfield, is visiting here for a few days at the Delta Gamma house.

ONLY ONE SPEECH IS LIMIT OF BIG DINNER

TO BE HELD IN UNIVERSITY ARMORY NEXT SATURDAY EVENING AT 6:00 O'CLOCK

Constitution and By-laws of Proposed Union to be Read and Explained—
New Slides of Other Unions to be Thrown on Screen.

Only one speech.
That's the limit at the Iowa Union dinner to be held at the university armory Saturday evening promptly at 6 o'clock. Such was the announcement made yesterday by the student committee in charge.

The constitution and by-laws of the new Iowa Union will be read and the general purposes of the Iowa Union movement will be fully explained by the presiding officer but there will only be one toast.

The rest of the program will be wholesome entertainment in the shape of musical and athletic events. On the east side of the armory a large rostrum will be erected and there a piano will be stationed. The committee in charge of the entertainment insists that the music will only stop when the presiding officer and the one speaker have the floor.

New slides of the Houston club at the university of Pennsylvania are being made by the expert slide makers in the department of geology. There will be added to the views already prepared of the Reynolds club at the university of Chicago and other student unions and the entire combination will be thrown on the screen at the dinner so that the men who attend may see the advantages of the union idea.

The committee on arrangements yesterday drew the plat showing the locations of the tables. They will be so placed that the spectators may all view the screen and yet have a good chance to see all the stunts on the platform.

Miss Edith Wilter has returned from a week-end visit at her home in Tipton.

L. B. Brokaw has been confined to his room for several days as the result of an operation on his eyes.

Louise Clarke visited during the week in Chicago and Evanston.

EXCELLENT MATERIAL FOR THEATRICAL WORK

(Continued from page 1)
old friends reunited. He looked at the material carefully and then went to work. He arranged it and put it under lock and key where it has remained to this day. It now fills two large rooms.

In speaking of the matter yesterday, Mr. Klema said that all of the settings of the old Coldren were in the lot and furthermore that they were in good condition, some of the material being as good as new. This assortment of theatrical matter consists of drops, wings, ropes, footlights, overhead lights, borders, and many special settings. One drop alone cost Mr. Coldren \$800. Mr. Klema further asserted that the university has the special scenery needed for the opera Pinafore, and that it can all be arranged in the natural science auditorium.

According to Mr. Klema, all of this material is available for use and can be utilized if the university had a place to stage dramatic productions. He claims that there are two places adapted for a stage. One is the natural science auditorium and the other the armory. The stage in the natural science auditorium may be used as it is, says the former stage director, but if the partition at the rear is removed the university will have theatrical facilities second to none in Iowa City. It is true that a movable stage can be placed in the armory but this is more difficult since the stage would have to be removed after each production. Mr. Klema highly praised the auditorium as a place for the university's dramatic productions.

Scotland

THE SCOTSMAN, EDINBURGH—
His voice altogether has a rare fluency and quality, and he sings with a dramatic and emotional fervour and purity of style which at once brought the house under his spell. For encore he entranced the audience by giving them one of the finest renderings which possibly they had ever heard of the lovely "Evening Star" from Tannhauser.

EVENING CITIZEN, GLASGOW—
It is manifest that this artist is singularly gifted.

EVENING TIMES, GLASGOW—
The fervour and tenderness of his vocal utterance produced a profound impression.

EDINBURGH EVENING DISPATCH—
The singing of Wotan's Farewell proclaimed him a great artist with a phenomenal voice. It was finely dramatic but with the note of emotionalism never overdone.

DAILY RECORD & MAIL, GLASGOW—
Mr. Clark possesses a voice of remarkable warmth and richness. His rendering of "Die Walkure" roused the audience to remarkable enthusiasm.

GLASGOW HERALD—
His voice reflects emotion easily and as it is used by an accomplished artist, it always speaks from the heart of the music.

England

SATURDAY REVIEW, London, Dec. 3, 1912—

One would like to say much about the magnificent singing of Mr. Clark, the American baritone, of Hans Sach's monologue. "Wahn! Wahn" and "Abend Stern" and the "Wotan's Abschied" from "Die Walkure," but it is needless to say to the initiated that such moments were the true joy of the concert.

THE TIMES, London, Nov. 24, 1912—

The intensity of his dramatic perception and extraordinary power of expression made the whole recital a most vivid musical experience.

Season Tickets for Four Great Concerts by World Famous Artists \$2.10 down and 25 cents for each seat reservation made. Buy a Season Ticket at Wieneke's now and get \$4.00 for \$3.00

America

EVENING POST, N. Y., March 24, 1911—

His intelligence and insight are a delight.

NEW YORK AMERICAN, March 31, 1911—

His diction in the three languages in which he presented songs yesterday was admirable.

DAILY EAGLE, N. Y., March 18, 1911—

Mr. Clark has a virile power of interpretation and a voice which obeys his every behest.

CHICAGO RECORD-HERALD, June 3—

Mr. Clark—a sterling artist—brought beautiful singing and musical intelligence to his reading of the music allotted to the philosopher.

CHICAGO TRIBUNE, June 2, 1912—

Mr. Clark carried off the solo honors of the evening by reason of the admirable qualities of diction and the many interpretative refinements wherewith he reinforced his splendid vocalism.

CHICAGO DAILY JOURNAL, April 19, 1912—

Charles W. Clark was a veritable tower of strength. He has a splendid voice, he sings at once with power and refinement, and his enunciation is a pleasure to the ear.
