Iowa Field, Nov. 13, by special permission to The Daily Iowan.-All tickets to two Iowa town teams in the field for light practice. By that time the crowd was two-thousand strong. Today's crowd was estimated at 11,000.

Iowa had no trouble in dropping down their Kansas rival and the score was Iowa 25, Kansas 0. Iowans realized that they held the ball for eleven of the twelve minutes in the game. However, they were hoping against hope that something would happen in the next half to reverse their luck. At the beginning of the second half, Iowa kicked off to Iowa.

The ball went to Iowa's 30-yard line. Just before this Iowa had tried a forward pass in an effort to take the first down, but failed.

The ball went to Iowa's 30-yard line. Just before this Iowa had tried a forward pass in an effort to take the first down, but failed.

Iowa recovered the ball on downs in the middle of the field. Duncan went in for a touchdown.

Fourth Quarter.

In the last quarter Iowa really ended up the forward pass and Iowa took the ball. They were unable to make a gain in a man, however, and they finally had to punt from their own 15-yard line. Man of Ames caught the ball and moved half the length of the field for a touchdown.

Amer then kicked off to Iowa. The ball went over the goal line on the kick-off and Iowa was given possession of the ball on their own 20-yard line. A kicked punt brought the ball to Iowa's 40-yard line. Iowa recovered the ball on downs in the middle of the field. Duncan went in for a touchdown.

At two-thirty the Iowa team came on the field. They were hoping against hope that finally had to punt from their own 15-yard line. Iowa was given possession of the ball on their own 20-yard line. Staff and Circles is now five years old, having been organized in the spring of 1917. This body contains a copious roll of twelve young ladies who meet and work with the Dean of Women.

The members of Staff and Circles are elected in the spring preceding their senior year. The girls that decide to form this body are asked to choose girls when they consider the girls representative of their year. They are then given a ballot where they have the opportunity to vote for these girls. One choice is taken in the spring, and the second vote is taken in the fall. These two votes are then combined to make one.

Better Service to Our Depositors

This bank has always tried to give you good service.
It has safeguarded your funds. It has collected the cash represented by the checks you have deposited. It has delivered the cash ordered paid by the checks you have issued — even when you did not have the check blanks. It has returned your cancelled checks as receipts. It has kept a record of your transactions, accurate to a cent, proved every day.

Now give us an extra-tangible service.

Instead of leaving your pass-book (your only receipt for deposits) to be balanced, and calling for it later, you find your statement of account with cancelled checks ready for the first of the month. Or you can have them any day in the month that you wish, at a moment's notice.

The statement is printed, neat, accurate—made by machine.

IOWA CITY, IOWA
Iowan to the students and alumni on this anniversary as a part of the spirit of the homecoming. We hope that it will give you an idea, more complete than the idea you have had, perhaps, as to the inside workings of the girl organizations on the campus.

It is true that not a great many girls added in the make-up of the paper, yet we feel that the edition is democratic and fairly representative. We believe it would be a good thing if the girls did more of this kind of work. One girl edition a year hardly represents the journalistic standard that we would reach if we united in average editions the superior talent in getting out the first. Mathematics may be the girls' antidote for the "fuzziness of the feminine intellect," but getting out a girls' edition of the Iowan runs that subject a close second.

TOO BUSY
In looking through some exchanges from other schools we ran onto an editorial in a weekly paper gotten out by a promised writer's college. It is so perfectly the situation here at Iowa, that we reproduce it.

"By the beginning of the next year we have half of the class involved in certain forms by the four calendars upon which are listed engagements for weeks to come, and extracurricular meetings gather. They adapt this busy attitude of impatient and grow old before their time. Windows cover their brows, and every sentence ends with the refrain: 'I've got to go to her, look up her schedule, a meeting, you know. Then they depart, leaving neither right nor left, in fact they never look a person straight in the eye unless it is strictly a business performance. To them, the individual lackling this executive power for pulling up and getting in things to do, appears not even a regenerate character, but a spiritless creature.

The whole trouble lies in the fact that one-half of the class has too much to do, and most of the other half think they should cover these 'busy' ones, and the remaining few gaze at blank calendars. A girl is tried out once here, probably we are trying in the shuffle, she is good till worn out. Another girl, with just as good possibilities, by another starkest remains in the background. She has no executive ability; there is no work she is to do, it is removed. Don't feel sorry for her, she may have gained more from the human side of these four years, than the other three-fourths of the class. To use a backbone saying, from all ways rise, and on it does matter or little. Those spirit, letter-"ed people may rise for those unremarkable executive officials.

There is a solution for class difficulties. A class organization must be made. Divide the work up even more than the present system has worked to fit, one girl has been literally shovled on a dozen committees, little realizes the happy feeling gained by the "left-out" girl at one such appointment."

Y. W. C. A. ANNOUNCED
DEPARTMENT WORK
(Continued from page 1.)

The social department cooperated with the new student committees at the first of the year, in making the new girls feel at home. On Sept. 26, the social committee gave the freshman wholesale, at which few hundred girls were entertained. The freshman want a good group of girls' activities from the talks which were made by representatives girls from each women's organization in the university. On Sept. 24, the committee joined with the Y. M. C. A. social committee in giving the annual "Mamba," which was attended by two hundred people. On Oct. 24, the cabinet and the advisory board entertained at the home of Miss Clara L. H. Goodwin, a model of the kind we have used for Y. W. C. A. members. Besides the planning of social affairs, the department is working toward the prevention of feeling of loneliness among the girls on the Iowa campus.

The religious plan for the devotional meetings that are held each week, on Wednesday night, from seven till eight o'clock at Church Hall. The speakers at these meetings have included students, faculty members, and Iowa City women. Besides this work, the department looks after the forming of prayer groups, conventions and committees, and special meetings along this line. The aim of the Bible Study Department for this year is to have four hundred fifty girls engaged in Bible classes. Although this has not been realized, the enrollment is encouraging. In the Baptist, Christian, Lutheran, Congregational, Episcopalian, Methodist and Presbyterian churches, there is at least one class for university women, in most of them there are several. These classes are held at the regular Sunday school hour, the majority of them are conducted by faculty men and women. In every class a record work were sent out to freshmen girls. During the week beginning Oct. 21, a special recognition service was held for the new members. The social department has resulted to 158 members, not including a great many signed, but uncollected membership cards. The number is as the goal by the committee and it is the hope of the committee that this may be reached before the school year is over. The "Membership Drive Pay Day" has been held.

The whole trouble lies in the fact that one-half of the class has too much to do, and most of the other half think they should cover these "busy" ones, and the remaining few gaze at blank calendars. A girl is tried out once here, probably we are trying in the shuffle, she is good till worn out. Another girl, with just as good possibilities, by another starkest remains in the background. DISMEMBERMENT WORK

(Continued from page 4)

The association is open, this record is put on file in the Y. W. C. A. office. The little study committees at present are making a personal census of the women who are not registered in any class.

The finance department has called membership roll, $1.00.

The plan of the department is to carry on the annual finance campaign in February, at which time Miss Bolden will be here to help plan and direct it.

The work of the publicity department is to announce to the university annual call week, the Wednesday night decision meeting. This is done through the columns of The Daily Iowan, by three large posters, one at Close Hall, one of the campus entrances, and one at Carrie Hall, and by the personal notification of campus country houses. Special posters are sometimes gotten out, as for example, the recent one which showed the increase in the number of new members.

The social service department made up of a number of committees, the employment bureau, the hospital committee, the high school club committee, the visiting committee, and the association work committee.

Be Hosts to Everybody in School

A “FAKE” OF NEWS
ANYWAY IT HAS A POSSIBILITY
FOR IOWA GIRLS
Don't Have Fair Hair, Thengh, Pott, or
Iowa, because it may Never

Fussers at the Iowa State University are going to have to be numbered. If certain plans are carried out that have been reported, Iowa's students will not have to be mem-
bers of the football squad to wear numbers and those numbers will have something more than 25t number, they will also have colors, just
like a telephone number.

Here's the Reason.
Why this discrimination against
fussers! Listen, haven't you heard that Iowa City is to have a new member of the police force and that
this new copper is to be of the furred sort?
Yes, but what has this to do with
fussers wearing numbers? Simply
this, that the new policeman is to
keep tab on all of the fuzzers and re-
port to the office of the Dean of
Women, every morning all persons
have numbers running the risk. Ma-

tional authorities realize that it
was not impossible to find a lady
who would undertake the job of
keeping track of all of the stu-
dents by name as they have decided to adopt the above plan. After the
first upper takes up her beat, re-
ports on this order will find their
way to the Dean's desk next morn-

Day.

YOUTH AND VIVACITY

Are charmingly mirrored in our dainty Dance Frock. Sheer fabrics as excellently fine in textures as the petals of tea rose are used with much grace in the new models.

DRESS ACCESSORIES For Parties, Dances and other Social Functions.

THE CASTLE ON THE RHINE There is a host you all must know, Of red brick, tall and wide. A castle, which ideally grates. The girls who there reside. And every night, the doors boundless By armies, strong and vast, From north and north, east and west, They gather for the fray. That enter the gates, the doors boundless wide, The castle swallows them But they're repulsed, repulsed, vast back.

Each evening story at ten. The gate is bolted fast and barred. The signal from the keep, At only through the masonry The stealthily threaded stole. And just by near the battlement. Within and out the wall, But safe are maidens in her tower. The girls of Castle Hall.

A CHOICE OF TWO EVILS Eros and Eros a sweet girl rushed. (An article are apt to do) The girl completely lost her mind. Not knowing what to do. In dry pictures At such a mess The west and wailed and cried. Then tore her hair, And in despair, Committed suicide.
