Illinois Athletes Up To Standards

Dean Clark, Speaking Here, Gives Report Views

Characterization Plan of Student Management of Publications as Glimmering Success

"A man who will not work in college is no good in athletics." Dean E. W. S. Rowland of the University of Illinois declared in his address yesterday that "This college will have no place on the athletic field and it is a large part due to the fact that we have many students with the right stuff who have not the desire to participate."

"Our best men and the director of athletics, would not have a place on that field, the necessary to win a single rule or make a single exception. We have no trouble with suitable athletes because we do not consider them. We need regulations of any sort to make the best men eligible if they are to keep the best on the athletic field."

InStructures to the Athletes

Representatives of Professional College Athletic Action Declare Will Be on Form of Athletics in the United States in 1928

"The United States has no more athletic talent in its students than it has in any other country. There is something at present to be said for the idea of a national university."

"The men who are the best on the athletic field are not the men who are the best academically," the dean declared. (Continued on page 4)

War Checks Law Library

Cases of English Statutes Concerned Can Be Delivered Because of War

The work of the law library of the cases of English statutes and reports has been greatly hampered by the world war. Several acts contrived for cannot be delivered because of this present condition. The work is in the state of affairs today.

The constant additions to the law library will not necessitate the ad

of another section to the differ
d

of the books and the

of the recent sections upon the

several extra tables in the reading room.

Robert Smith, Ohio, President, erated to the following list of appointments at the Officers' Club on the completion of committee's work:

The members are made up as follows: The next to be made is an announcement that would have a better chance of giving him promotion than the appointment by the university, which is considered.

To make this appointment effective every athlete will have a chance to be in his place when the train rolls in.

University Couple Secretly Married

Student Centists Startled By Missing Journal

It is stated that one of the things that the professors have little desire to keep the students out of the classroom is the belief of many of them as to how the present day colleges meet the needs of students. It is said that the first expression of any nation which ever expected peace would be interpreted as an indication of weakness rather than as an expression of the will of the people or of those in control. This leaves the Ford Peace Council the decision by which peace negotiations may be carried on. Of course in case at any future time there is an off

tment of geology recently by C. L. Creuse of Los Sants, in Clinton county, in the shape of a piece of a mammoth. The bone is four feet long. It was found only a few feet from the surface, and is in excellent state of preservation. This is among the largest of the little bones of the animal now in the university museum. It is not a mammoth tusk by any way, but is almost like a head of a baby elephant, with another extremity in the back of it. (Continued on page 4)

TEAM GETS EASY WORK

The last basketball team will now be given a chance to rest up for the next games played by having the light work during the early part of the week. Iowa will play games against Cornell, Wisconsin, Drake and Ames, and will have only the easy games at home. Chicago will play a game on Saturday, Feb. 19, and Minnesota, Feb. 23. The Iowa town will play Cornell at 6:30 P.M., Chicago at 8 P.M., Friday night.

SCHOLARSHIP IS ADVANCING

There has been a noticeable advance in standards of scholarship in the medical, dental and veterinary classes. It is expected that the junior class will equal or surpass the seniors this year.

Courses for the Next Semester

New courses were recently announced by the University faculty. The advanced students will have the opportunity to enroll in these courses.
