Today is your lucky day. To many students these bonds mean a holder for pleasure only. To others it means a way of church attendance, and to many it means a chance to win something.

But whatever it means to you, remember that bonds are not just a matter of finance or investment or what you believe in.

Professor E. R. Lewis has been in Newton for a few days conducting a survey of the present educational conditions which the community may expect to some extent in the near future. Mr. Lewis will make several more visits to Newton and the report of the survey will be published about the middle of December.

UNIVERSITIES MAY BECOME MILITARY SCHOOLS IN FUTURE

WEST POINT UNABLE TO SURVIVE PAY ENHANCEMENTS WITHOUT RESERVE

University Men Considered Resign if Respect for West Point Is Not Kept

University men may resign if Congress refuses to keep West Point men as reserve officers. The reserve is very good, according to the report that Prof. E. R. Lewis, science brings back from the meeting of the American Association of Universities, which considered the matter.

Military men have found that West Point cannot possibly turn out the officers needed for the reserve; instead cannot supply enough for the regular service. They are anxious to get their officers from the class of young men who go to colleges.

It is generally known that a large number of students are in college who are very much better fitted to be officers than the present West Point men are. It is feared that West Point will go the same way that the United States Military Academy did and that the army will be left without a reserve.

What attitude the University of Iowa will take on the proposition of establishing military training on the same basis here remains to be seen. The regular countersign and said to many others that they would make a survey of the public schools there.

VICTORY FLAMES ASCEND SKYWARD
1500 GATHER AT HUGE ROOSTER AT FOOT OF ENGINEERING HILL
Long tongued flames leaped into the heavens last night at the foot of the engineering hill as a result of the defeat of the Aggies yesterday. Pitless hundred persons, witnessed the inauguration of the immortal material which would have made you a preventer of the deepest dye had you corrected to a few hours before that it was soon to suffer by virtue of its combustible element. In order to commemorate the Iowa victory—this this semester that the presence kept of at one time possessed a consciousness.

Dr. Mason of Iowa City is sending red fire to the heavens tonight over what happened at Ames. The Hawkeyes feel about the same. Despite that the game was all in favor of the other side. For the Hawkeyes the Willamette fought the fight and won. The margin was narrow, the soon being 13 to 14, but it brought victory to Iowa just as certainly as the electoral vote in California made Woodrow Wilson position.

There are few great heroes at the University besides the result of the game. Fred Becker and E. C. Duncan. When the game was done on the same ground, Becker blocked two kicks in succession and saved a safety for and went half the length of the half field. Duncan grabbed a fumble for a valuable touchdown. But the whole team are heroes. Everyone
