EXCESS OF CLOTHING

MEN'S POOL

Due to the increase in the amount of clothing in the washroom, the clothing pool has been closed.

The clothing apparatus had not been used for several weeks. Director Schreeder said, but the equipment was not in working order and had not been used after the pool was closed. The machines that wash the water with chlorine are expensive to replace and have been broken. Making the solution too strong.

PLANTS SENT FROM WAR ZONE

Prof. Harold Chamberlain received a letter from a friend of his, Dr. Robert H. Young, who is now in a war zone. In the letter, Dr. Young expressed his desire to send a variety of plants to the University. Prof. Chamberlain, who is aware of the importance of preserving plant species, agreed to send them.

NEED WIDE SIDEWALK

If possible, before winter sets in, a wide sidewalk should be constructed on the west side of the library. The present sidewalk is too narrow, and the street is often crowded with people.

Between these two buildings, at every step, the sidewalks are so narrow that people have to walk on the street. The present sidewalk is not wide enough to accommodate everyone wanting to walk on it.

If the problem is not fixed, the spring and fall will be difficult for everyone using the sidewalk. It is not safe to walk on the street because of the narrow sidewalk.

If there is more construction, the sidewalks need to be widened to make them safe for everyone using them.

BOYD AIDS CHECKING

Mr. Boyd, who is a well-known professor, has been appointed to help with the checking of the University's equipment. He is very knowledgeable and will be an asset to the University.

WHY PEOPLE GIVE UP THE CHAIN

A man left a church and took his children from school because the paper publishers for the Sunday school pupils were not bought at the store.

A boy went out, met a young girl, and competed his family to withdraw, because at an upper corner street near the church they had heard the "dead old family prayer," at an upper corner street door. When the girl was with a man, she was served with an arrest sum in which there were no papers. A woman left one church and affiliated with another because in the other church they had the "dead old family prayer," at an upper corner street door. It is a serious matter on the test "Gather up the fragments that remain." A woman cannot go any longer to her parish church after it had been destroyed by fire. A "hardwood floor," she explained, was too high a price.

To the Editor:

Mrs. L. W. Johnson, Iowa City.

The Daily Iowan very much and an excellent source of information. Their several Iowa men besides myself, who are so eager to hear about the news from Iowa. Very sincerely, Louise Johnson, Detroit, Mich.

SHIMEK RETURNS WITH NEW IDEAS

HAS BEEN INVESTIGATING UNIVERSITIES THROUGHOUT THE COUNTRY.

As a result of a trip of investigation of the leading universities of the country Prof. Bohanill Shimek returns with much information on possibilities for our University to follow. The investigations were made which showed special features in beauty and gesture with a view to locate improvements in the facilities of the various departments. Mancos, Illinois, Winona, St. Paul, Chicago, Michigan, Toronto, Johns Hopkins, Pittsburgh, Columbus, Tulsa, and Harvard were visited in the trip.

The investigations were finished Thursday, but Professor Shimek stayed for the week end and will be a guest of Dr. C. G. Fay who was also a member of the party. His visit is expected to give some new ideas for the development of the University of Iowa.
