IOWA JUDICIARY MOST EFFICIENT BRANCH WEEKS

UNIVERSITY GRADUATES MAKING STATE HISTORY IN LAW SCHOOL.

Indicates That Lawyer of The Present Day Will Have Much Easier Time in Meeting Them Than His Predecessors.

Guthrie Center. was a guest of Dr. D. O. McKeever of the law school this morning. in addressing the freshmen class in contracts.

"There is one thing I would like to impress upon the minds of the present students, that is, the difficulty of finding men of trait, with the ability and wisdom to carry on the law profession in the proper manner. All lawyers are in the courts all the time, and their duty is to be honorable and honest. The law is a humanitarian, honest, upstanding profession; and a man of education and character that will serve.

"I am not intending to say anything about the legislative or executive departments, but I wish to ask the judges to impress upon the minds of the law students that the law profession is a noble one, and that those who enter it shall not only,

TO WORK TOGETHER

SECRETARIAT COMMITTEE

On a motion carried, the meeting are requested to see Dr. Bush before Saturday. He said celebration of the University's birth will take place on April 10th. The university ESTABLISHMENTS of Iowa State College, accompanied by Dr. E. A. Rogers of the faculty, attended the funeral of Leo Dunlap, held at the college. After the service, the remains were placed in the vault of the university.

"The lawyer's today, who has been in the court, is the lawyer who is the best in spirit and in character. The lawyer shall leave the world not only,

SCHOOL OF DENTISTRY ATTEND FOUNTAIN DAY ON FEBRUARY 26

GEO. W. L. HARDING TO DELIVER SEVENTIETH ANNIVERSARY CONVERSATION ADDRESS

Committee Appointed to Make Arrangements for the Nineteenth Celebrations of the University's Birthday This Month.

The foundation day ceremonies in the history of the University of Iowa will take place on Feb. 26 in celebration of the seventieth anniversary of the birth of the University.

GEO. W. L. Harding will deliver the address of conversation of the faculty and students of all. The address will be in the morning. Other addresses and special events will be announced at a later date.

The plan is to observe. Foundation day this year, hereafter, is the President Wright's birthday. Questions of the good results other Universities have obtained in expressing public sympathy and dignity through Foundation day or Foundation day's celebration, is a real problem. This has been improved, and to remain the present gesture of respect, it is necessary to form a tradition and responsibility to the future.

So far as records available show, there has never before been a real celebration of the University's birth. The twenty-first anniversary of the founding was noticed ten years ago, but at commencement time, not on the anniversary.

The President has appointed a committee composed of one faculty member from every college and every member of the senior class of every college to make arrangements. At two meetings of this body, the first was last Thursday, and the second was on Monday, and will continue to the beginning of the spring term, and the establishment.

The University was created by the (Continued on page four)

WICKHAM GETS ELECTRICAL ENGINEER FROM U. S. LABORATORY

Prof. F. H. Wickham has received a collection of bearings from the United States Geological Survey Laboratory at Washington, D.C., for investigation.

These are to be reported on later in connection with the investigation carried on during the past season. Prof. Wickham was a member of the party which made this work in New Mexico and Texas. The party was sent out under the direction of the Washington laboratory.

Dr. C. W. Wrenn will inspect the Sigma Alpha Epsilon chapter at Wabash College. The Sigma Alpha chapter will join the Delta chapter of this fraternity on hand.

The Custom club will dance Saturday at Bennington's Hotel. Prof. and Mrs. Lamp and Mr. and Mrs. Jones will chaperon.

THE UKULELE

T
e impression of the Hawaiian native instrument—so marvelously appealing, so obdurately
in vogue—is strikingly characteristic of the Ukulele. Hence possesses that
curiously beautiful timbre, that exquisite
collar of quality which has
designed its instrument so sensitive-
ly popular.
The Ukulele has a pleasing grace of
form. The four metal strings are made
genuinely Hawaiian koa wood.
It is much in request today among
the malarv colleges and other musical
organizations.

It is easy to learn. Its price includes an
Hawaiian Steel Guitar

Every chord struck upon this typically
appealing instrument is marked
by a wistful, plaintive harmony and
strangely beautiful quality. It brings,
in any hands, a wealth of vital tone and
vivid color.

From the shop, promisingly, it is said that the first of Three
Thousand for playing and entertainment.

WILL CELEBRATE
FOUNDATION DAY
ON FEB. 26

First General Assembly of Iowa by an act which was approved on Feb.
15, 1847. The seventieth birthday, therefore falls on Sunday, and for that reason Feb. 26 has been selected as the day for the celebration instead of the true birthday.

Prof. B. F. Shambaugh, chairman of the executive committee on arrangements, will appoint a committee to work out the details. The main committee is made up as follows:

- M. W. Wilcox, secretary.
- Prof. J. J. Lambert, E. A. Cask, homoeopathic medicine.
- Prof. C. T. W. Pascue, W. S. Biltston, education.
- Prof. F. C. Re- sign, M. W. Wilson.

BRANCH—WEEKS

(Continued from page one)

School here he was one of the law school. He has spent several terms in the state legislature, and led against the fight made at one time to take away the engineering college from Iowa. He was one of the men whose influence prevailed the appropriation of $1,000 for the present University dish and power house.

Stella C. Coates, who held the position of the Committee on appropriations, is making every effort to work out the details. The committee will hold their first meeting on Wednesday, Feb. 26, at 10 a.m. in the law school.
