MEDICAL FACULTY WANTS MILITARY SURGICAL TRAINING DEVELOPED

Establishment of a course in military and surgical military training and the addition of an ambulance company to the medical faculty is expected to be recommended to President Jessup by the medical faculty.

Some time ago officers of the American Red Cross proposed that the medical faculty of the university be formed into a unit for service in case of emergency.

After considering this proposal, the medical faculty is agreed that if the federal government will provide a general surgeon to teach the course in military and surgical military training, the department of the university will cooperate with him in his work.

Organization of the ambulance company is expected to begin early next week, and the course will be conducted by the professor of military science and by a general surgeon.

The course will be conducted by the professor of military science and by a general surgeon.

ART CATALOGUE ON SALE FOR EXHIBIT
IOWA CITY FINE ARTS ASSOCIATION
OPEN HOUSE ON PAINTINGS:
OPEN MONDAY

The catalogue of the annual exhibition at the Iowa City Art Assn, was placed on sale yesterday at Ames. The catalogue contains twenty pages and includes reproductions of paintings which will be on display. A unique feature this year is the series of descriptions and criticisms prepared by Mrs. Lionel I. Morse of the Art Institute of Chicago. These criticisms are designed not only to call attention to the privileged points of interest in the paintings, but also to serve as a permanent record which will make the catalogue of value for future reference. Many members of the association make a practice of preserving these catalogues from year to year and find them invaluable in tracing comparative studies of the different exhibitions.

The art looanthes of Dubuque and Cedar Rapids, where the pictures will be exhibited after leaving Iowa City, were so favorably impressed with the advance information that received concerning this catalogue that they authorized their associations to carry catalogues printed with the Iowa City editions.

By this means the cost has been reduced for all three associations but the expense of such an elaborate operation is so great that at the rate of ten cents, they are being sold at less than their cost of production.

PENNSYLVANIA IN GERMANY

A card has been received from Louis Ponting, a graduate of the University who is doing relief work in the priest camps of Germany. The card was sent from Vienna and said, "I often think of my old friends at Iowa, and I am sending you all a very successful year. I am enjoying fine health and am very happy with my work."

William Harbert, who was graduated from the law college in 1914, is spending the week end at the Sigma Alpha Epsilon house.

The University Christian Science Fraternity will hold its regular meeting Sunday evening at 7 o’clock in the Church rooms on Iowa Avenue. All students, graduates and members of the faculty are welcome.
