GIVE ORATIONS

Fifteen students entered to compete for University oratorical championship this year. Fourteen of the entries will give their orations in the original American language. Miss Agnes Otto, supervisor of the oratorical department, announced that the plan was first proposed by Mrs. Floyd Gates, president of the women's glee club, who had a text on civil government.

Men's glee club completes second trip of the year

The freshman glee club was successful in basketball Saturday after an absence of five years. The team went to Indianola in the first half, but was defeated by the Indians in the second half. The final score was 14-11. The victory was a well-deserved one for the team. The men's glee club is looking forward to the spring meeting.

VENUS 10c PENCIL

No matter how many you take this form is not a substitute for the actual pencil.

Because of its superior quality of writing and workmanship, IT IS THE BEST PENILE TO BE HELD.

If you like a thin or thick lead, the 6H or 2H (medium) will prove desirable.

In drafting or writing large numbers it is best and you'll like it.

For sketching, general writing, the 2B pencil (medium) is the most popular and 6H - 2H - B (hard) pencil is most suitable.

For drawing a real last point gives the best mark and you'll like it.

For absolutely general purposes, the 6H - 2H - B (hard) will give the best marks.

You'll find always the best selection and the best supplies at the

"Jesus was on the side of the common people long before democracy was on the agenda. He taught them, fed their stomach, treated their highest aspirations, and promised them the kingdom of God. The religion he founded, even when impure and under the control of the upper classes, has been the "highest" option for the aspirations of the common people and has readily united with democratic movements. His personality and spirit has remained so imperious and directing force in the minds of many individuals who have "gone to the people" because they know Jesus is with them. In fact we can look for more direct social effective ness of Jesus in the future, because the new historical interpretation of the Bible helps us to see him more plainly as the social life of his own people." - A. Hollingsworth

SEVENTY STUDENTS TO BE HONORED BY ALUMNI BOOSTERS

spirit was evident on every hand. It had been established that it was time for a get-together of alumni and former students of the University. Accordingly, Mr. Finkbline and Mr. Kotak have sent the date for their dinner in honor of the leading men of the University and the invitations will be sent out on Thursday morning, February 8.

Most United Action

This event will mark an epoch in the relations between the students and faculty of the University and the Alumni and former students of the University. Matters relating to college spirit, to united action between alumni and students and other questions concerning the welfare of the University will be discussed in an informal way. Announcement of the speakers will be made at a later date. The faculty will be represented by President Jessup, and the alumni by the two hours, the alumni secretary, and perhaps some noted alumni friends who can be invited to the University on February 3.

Most Interest is being shown in the dinner by the student body and those who receive the invitations feel honored themselves. The system of choosing the student body has not been given out but it is thought that an invitation will probably be sent to a leading man from each of the undergraduate organization and also to the junior and senior class of the various colleges.

The action of Messrs. Kudtke and Finkbline in entangling the student elders will give distinct recognition to college leadership that has not been previously accorded at Iowa City.

MERCURY FELL TO 13 BELOW SUNDAY

Although the weather Sunday proved to be the most severe of many which have occurred, the lower temperature has not been given out but it is thought that an invitation will probably be sent to a leading man from each of the undergraduate organization and also to the junior and senior class of the various colleges.

PLANNING FOR RELATIONS

George H. Williams, L. A. Finkbline and others in the course of their travel from the State University of Iowa to the University of Minnesota have called the attention of the students and faculty to the fact that the students have not been properly noticed.

Notice Preserved in Board of
Regents Minutes—Last Motion Preserved
for Tuition of Students in
Professional Colleges.

All students entering the Univer-
sity who have been honorably dis-
charged from active service on the
border and whose entrance require-
ments are all right in other respects
will receive full tuition in accord-
ance to the provisions in effect
after the Spanish-American war.

Attention is called from the meeting
of the board of regents of the years
following the Civil and Spanish-America-
ian wars, that the University granted
soldiers free. The pro-
blems of these old meetings read:

June 24, 1893: "Resolved that
in privileges of attending the State
University and receiving instruction,
all its departments free tuition
is extended to all returning
from the State in the service of the
United States in the recent war for
the Union, and who enlisted for the term
of three years or during the war and
who have been or shall be perma-
nently disabled or discharged because
of wounds received in said service.
March 28, 1904: "On motion it
was ordered that all U. S. soldiers
and sailors of the Spanish-American
war asking the University, be al-

owed the sum of $25 each on tuition
fees in the professional departments
for the years 1899-1900, and the
secretary is instructed to refund to
each student who has paid less than
full in the professional departments
for said year, the sum of $15 in cash
and take his receipt therefor, unless
each student has already received
credit on said account.

"If there will be a good
major report for this practice," Coach
Jones said yesterday, "there
are a large number of big, able-
headed men around the
University who ought to put
out for this. I see
some on the gymnastics floor talcing
physical training who ought to be
put in for football.

Teams with whom we will com-
pete next fall are and have been in
spring practice for some time. Coach
Jones aims in this work to develop
quickness in starting, to teach
the fundamentals in blocking, and to
reach the men to apply their strength
in better advantage.
