Similarly colored flying flags before each student in the University campus every day of the year will mean that the cadet service movement launched this spring by the cadet regiment. A flag will be raised at least once a day, and the flag will be of the national colors, the colors of the University's colors.

The flagstaff will be located in the upper part of the campus on the main parade ground. It will be started and handled by a member of the executive department. When the flag is raised, the flagstaff will be in the upper part of the campus. It will be raised under the supervision of the cadet at the beginning of the year.

The first flag to be raised will be a flag with the colors of the University on it. This flag will be raised by the cadet at the beginning of the year. It will be raised and handled by the cadet at the beginning of the year.

PROF. DILL LECTURES ON BIRDS TO MOTHER'S CLUB

Prof. E. D. Dill lectured to the members of the Mocker's club Mon­

day afternoon on “Birds, and Their Nature and Their Habits.” He used the birds of thescarn and illustrated them by drawings of the habits of the different classes of the Mammal-.

“The bird,” he said, “as its life goal, which is of a brilliant red color, to attract the mate by inflating it when a female bird appears. The male bird always builds the nest and sets upon it, and then attracts a mate.”

McCLELLANIAN BEFORE UNION BURST

Bessie A. McClurken, director of the social service extension, re­

turned yesterday from meetings in Washington and Newton, where she addressed the charity organizations.

“Community Welfare” was the sub­
stantial Miss McCluren's address in Washington. But that message was of great interest to the local business men, who had for the most part the professional men of the town and their wives, 175 being present.

At Newton Miss McCluren's report before a mass meeting in the court house of the county where the town of the county in February, a social service league has been formed in the town through the University extension department and a crusade social worker is to be em­ployed.

“I find the interest in the survey very keen,” Miss McCluren de­clared. “The elite are beginning to plan communally on the basis of their formal needs and resources.”

BOARD INCURS LOSS IN WRESTLING MEET

Expenses Amount to About $600 While Receipts Come to Only $280

A loss of about $250 was incurred by the Iowa athletic board in entertaining the western gymnastic, wrestling, and track tournament at the armory last week, according to manager N. A. Keeling. It is believed that expenses will amount to about $400, while the receipts are only in the neighborhood of $120.

The tournament is not to be considered a careless loss, however, for the University entered in advertising among the men who were here and also entered some pupils ethically.

It is probable that Captain Barrett of Marshall, winner of the championship of his class at the meet, will be awarded major "T" by the athletic board. Jensen, who won his weight in the first meet against Vassar, may be similarly honored. Others on the squad and possibly Jensen will be awarded the wrestling "U", which has a small "W" for "Wrestling" marked across its face. Hull, who won his preliminary match in the tournament, will be considered by the athletic board for this honor.
