An obvious way that has prevailed, it is modestly expected that the game can be played on the regular diamond. Unless it is raining hard at the time, the men will run off as a temporary diamond laid out at the usual line. And the White Sox are the best at the game. The pitcher's mound is at the plate until the south end of the field on the official track for the game. The game will be played at 3 o'clock. Frink will pitch, catch, Chalmers Dunphy, and Dave Dwyer. The projector in the audience will be identified by the letters and numbers which are sending delegates, and yesterday none of the 11 columns. The committee's invitation in a combination of French friends is very great, and the management of the play ballet will result from the performance. The following persons are patrons and patrons:

A DEAD WEEK FOR IOWA
Evidently none of the men of Iowa are a very dead army at the University. At any rate a simple notice of all names not on the roll brought to the attention of the president up to yesterday for the weekly calender.

The Daily Iowan is very glad that the calender for the benefit of the readers. The present calender was started in the request of members of the faculty. In order that it might be a success, President Jessop sent notices to all organizations and among those who might have events in schedule telling them of the plan which might be adopted and asked them to give their support. For this purpose blank forms were printed and the request made that all organizations for the following week be sent in to the president's office by noon on Friday in order that they could be placed in the "Official Weekly Calendar" Saturday morning.

The Daily Iowan believes that the calender is of too much importance in its readers to be dropped, for many have already made a habit of clipping it out and using it to plan their activities for the week to follow. Persons who have no blank forms and want them will be sent to the president's secretary. The University exchange may be used in sending in the notice. The Daily Iowan was in a position in the Friday morning reading on the calendar and requested that notices are due. If you want a calendar, send it by express to President Jessop by noon on Friday in order to receive a notice of a meeting of your organization.

AND THEY ALLOWED HIM TO GET AWAY UNCHARGED.

The public speaking students were discussing current events, when following happened:

"I read in the paper that Roosevelt just went out West to inspect the prisons and music schools," said one fellow. "He is trying to raise the army to lead over in France."

"Well, but I don't understand just why he should choose artists and private places for his army," asked a perturbed student.

"Why he wanted the stars and stripes with him."

Clara McHesney of Lower is employed by the army in a camp near New York, 404 E. Bloomington.

WHAT MEN LIVE BY

There will appear in this column from day to day, excerpts from the book, "Men of all Nations," which had been brought to the attention of the president up to yesterday for the weekly callendar.

But indeed, Civilization, were never so excellent, it was to them will convert itself into quidnunc. Nay properly constructed, the so-called "spiritual" has a sort of beauty, and a sort of dullness and a sort of reality, and a sort of moral beauty, and a sort of moral truth, only a sort of moral truth. If such a man are to demand, "What does a sort of moral truth?" which thing he knows to be a duty? "Sing a Duty!" The second Duty will already have become the first Duty.

MRS. MALAPROP ON EDUCATION OF WOMEN

"Observe me, sir Anthony—I woof by no means with a daughter of mine to be a great deal of learning. I don't think so much learning be­comes a young woman. For instance—I would never let her meddle with Greek, or Hebrew, or Latin, or Spanish, or French, or Persian, or such infinitesimal branches of learning; nor will it be necessary for her to handle any of our mathematical, astronomical, philosophical instru­ments; but, sir Anthony, I would send her at nine years old, to a boarding-school, in order to learn a little geometry and artifices. Then, sir, she should have a superficial knowledge of every thing; and, I don't think there is a more diabolical instru­ment than a woman's redemption. You may then be sure she should not mispronounce and misspell words as our young ladies do, and I would have her instructed Box 177."

EVERY TRUE AMERICAN SHOULD SEE THIS STIRRING PATRIOTIC APPEALING PICTURE

A WORD TO THE PUBLIC

FROM MR. WILLIAM M. McKENZEE
This is the most important theatrical announcement I have ever made during my long career as a manager in this city. I have just confided to Messrs. William Gillett, F. Ray Con­nors and Miss New to bring their magnificent production of "Es­perance," the most wonderful play in America, to Iowa City for one night, Tuesday, May 2.

"Esperance" is without doubt, the greatest success of this date and dimension. It can take the music halls in New York, the matlab of New York, it can take the music halls of Chicago. It is everywhere a big hit, and in every community where "Esperance" is presented it always receives the most enthusiastic endorsement. I have the play here, I am ready to offer the best play ever produced in America, to Iowa City for one night, Tuesday, May 2.

"Esperance" is a modern morality comedy drawn by George T. Hobart, telling in ten vivid powerful scenes the tempestuous en­countering—the average young man-going forth into the world to make name and fortune.

"Esperance" is properly called "the most powerful play in Amer­ica," and the manager of the management declare that this play has been a sensation show. I am sure it will arouse enormous interest here. It is the biggest show I have booked. I don't think another one of us will come along in the next ten years. I am proud and happy to be able to bring "Esperance" to the theatres of this city and especially glad to announce that the famous New York "Esperance" company, with an entire new cast of actors, comes here direct from New York, and is conducted by the original cast of 110 men and women, under the management of William M. McKen­zoe, manager of the present troupe. It is a moving picture, but the successful spoken comedy-drama of the generation.
