WILLIAM H. McKINLEY,
Manager, Ralston Theater.

To all friends and patrons of the Ralston Theater:

The play will be presented at the Ralston Theater through special arrangements with William McKelv, F. L. Connolly and Miss Grace Green, the producers, by the famous New York-Houston "Romance-Mystery" company with a cast of outstanding amateur talent. The play is accepted as one of the right and proper productions, and the proceeds from the ten nights in New York alone will be sufficient to meet the entire war cost of the company.

The play is "Expedition," which tells the thrilling story of the average young man of today, his family and friends, as he leaves home to fight for his country in Europe. The alternatives are to fight or to send a tiny band of men to Europe. The play is not a partisan nor a political play, but it is a drama of love, loyalty, friendship and the heroism of youth, which will be a fitting inspiration of the young men of America, to the end that we may all give our hearts and lives for our country.

The play is to be presented at 8 o'clock, June 6th, and thereafter, and will continue its run until June 14th. The play is the property of the United States government, and the proceeds will be immediately remitted to the War Department.

This play is a patriotic one, and is worthy of all our support. The cast includes young people of all ages, and the play will be presented in a manner that will appeal to young people of all ages. The play is a true representation of the young people of America, and is a fitting tribute to their patriotism and devotion to their country.

Gymnasium Classes to Feature Drilling

Regular Work for Men to Begin Monday After Week's Activity.

Regular classes in gymnasium for the men will begin again Monday, and all men are to report for regular work. There have been no classes this week on account of the free time of all.

Mr. Schroeder has intended to give the men considerable drill work, but as part of the present war situation, drilling will be stressed. The classes will be in the form of the regular military companies, and all sound and movements will be similar to those given in drill. Drills will be given, first with the men and later with the regular rhythm. Paces walking will be given for without assignment and bear with a weight. Men will be taught how to go over fences effectively.

All this work will be done in regular military formations so that the men will be able to supply it in regular service. The military and the normal training department are co-operating in this work so that the men will be given all the military work possible while the country is in a war of action. According to Director Kelman, the work will be held.

Robert Manager Will Have Experience Here. For the first time in the history of the Robert, Mr. Robert's modern monthly comedy drama "Experience," called by the critics the most wonderful play in America, is announced for an engagement at the Robert Theater on Tuesday May 1st. Wherever "Experience" has been presented, it has won a very remarkable success. The play has the very special approval of the stage of all critics and denominations.

In "Experience" Mr. Robert takes the universal experience of mankind, the struggle, the strife, the triumphs, the elements which makes man for right or for wrong, and has revealed them in the form of a reality. He has placed the material world, the critics and, of every day experience, in the hands of every understanding, and by so doing, the critics add, he has brought once more with singular effect in the story of the adventures of the average young man and when he learns some and goes into the great world to make a name and place for himself.

This episode through which Youth passes in his efforts to solve the riddle of life are just the sort of things that have really happened to most all of us, and for this reason nearly everyone may see themselves in "Experience."

WHAT MEN LIVE BY.

There will appear in this column each week a short outline of the everyday life of the average man who has carved out a niche and a life. These columns will stress the ideals, the virtues, the methods being used, the ideals. The men will be found on a climatic scale and then given the signal to run as the men are given the number on the shoulders. Men will be instructed in rope climbing and in climbing telephone poles. If arrangements can be made, a real will be constructed so that the men can learn how to make a real.

All this work will be done in regular military formations so that the men will be able to supply it in regular service. The military and the normal training department are co-operating in this work so that the men will be given all the military work possible while the country is in a war of action. THE LAST BATTLE: Persuasion do not answer when all other arguments have been exhausted. It is always the sign of a distorted name. Men do not persuade when they can furnish a raving answer of truth. If the Pope would have answered Luther, he would not have ceased to be an active follower. If the Church of England could have answered Wesley, then the Wesleyans need not have suffered as they did. These men have now taken themselves outside the domain of reason. Argument is useless. "Ours minds are closed." They will go the whole way. Even anarchists, whose only virtue was that they were the recipients of the special favor of Jesus, is to be killed also. "Raging waves focusing out of their own shaken," is the aptitude that describes them. No man ever knew when he started in a wrong course to what extremes it will lead him.

Patriotic RALLY held on streets in spite of rain

The entire student regiment of the University with the band marched in the parade at Iowa City's patriotic demonstration last night. The parade, which extended for several blocks, started from the Armory at 15 and marched through the streets between the hundreds of people who sang as notes of the band played in the rally. The streets were lighted by red fire and the crowd cheered loudly as the parade moved by.

All organizations of Iowa City marched with the cadets, life and drill corps, G. A. R., Company A, First Iowa Cavalry, hospital unit, and people in the city shouted in the parade.

Following this speeches were given by Speaker O. A. Johnson, John B. Trewin of Grove, and Professor Buell Shook.
