**WAR PROBLEMS** IS SUBJECT OF SPEECH BY DEAN OF WOMEN.

Girls Must Give Until It Hurts, Said Dean of Women Before Y. W. C. A.

Before Y. W. Y. Tuesday, May 1st.

**WAR PROBLEMS** IS SUBJECT OF SPEECH BY DEAN OF WOMEN.

Dean Anna M. Klinghagen spoke to the Y. W. C. A. girls on "Problems of the War," yesterday afternoon. She told of the different things other girls in other colleges are doing for war service, and what the girls of Iowa can do. "We will have to give until our sacrifice is done," she said. "If we can be content with a little, I am disappointed in the lack of sacrifice shown by the Iowa college girls in giving all their money for their education and none for war service.

"College women should not neglect their work. Our work was done, but it is all so ill, to do. To do so would be cowardly, and war has no use for cowards. We want to go to war now, and what is going on so that we may be in a position to help in this great struggle which is taking place.

"The task of every American woman in time of war is to prepare for war at home. Christ's message to man was, peace on earth, good will to men. This world arrogance shows that the spirit of Christ has not yet reached the world. It is for us, therefore, to set our hearts and minds to the preparation of the personal and the national and of the establishment of the Christian spirit.

"Thus while we are working spiritually and morally, we must do our work courageously. We must do our work for the man at the front, and we must let him know that we, those who know how to knit and sew, can send their lovely motes with the same pride and with the same satisfaction if we are sent to the front. Those who know how to sew and knit, let them do so.

"The Iowa Equal Suffrage Association is trying to help the Iowa women work at the different colleges in the state raising the different divisions of work in the different states. These organizations are trying to prepare the food materials, the teaching of economy to-"

Do You Fully Appreciate

What a Phonograph Means to You?

And more especially The Brunswick

Any phonograph will add gayety, contentment and enjoyment to your home. You will have the world’s greatest entertainers at your command.

But the list or number of entertainers will be limited unless you have The Brunswick. Limited because you can make use of but one make of records.

Do you ever realize The Brunswick is the whole world of music to choose from with The Brunswick because

THE BRUNSWICK Plays All Records

And more important, The Brunswick plays every record better. Better in this way, with a fuller feeling, with more expression, more vibrato, a new and more vital tone. This is due to the construction of the sound chamber, which is wooden-lined—made like a violin—giving a matchless rendition free from all harsh, nasal or mechanical sounds.

This one feature alone is worth your consideration and investment.

Tone is the essential point in phonograph production.

You can improve The Brunswick property in one condition to your utmost satisfaction. In fact we urge you to hear this test at our store:

GOWER: DAVIS ON ENTERTAINMENT FOR "BILL." One of the most enjoyable social events of the present season was that given Tuesday night when "Our" Francis, Gower Emerson Davis, and "Hodge" Hines, who were this year appearing in the melodrama entitled "The Passing of the Old Time Cowboy," entertained in the Education room in "Hooker Hall," the interesting Westerner who was an unexpected but welcome guest at "Old Point Comfort.

The affair was in the nature of a number party, preceded by the work of the society. Four reports were given: Mr. Pranzen reported on "The History of W. M. " and concluded by beautiful illustrations and personal reminiscences; Mr. Davis on "A Propos of Tunes from Union Hill," Mr. Hines on "The Conservation of Our Wild Fowl," and Mr. Bill on the timely topic: "Tea!" with the Huns.

At midnight a beautiful collation was served, consisting of hamburg and velvet, mince pies, banana, preserves, and dried fruit. Mr. Bill recited as a guest favor an extra-gate of nine pips. In the smoker party which followed tables were laid for the guests of honor and a large saloon was expected. The speaker for that occasion will no doubt be the actor of Men, who will choose as his subject: "Less Noise and More Work or On Yer Go."

VENUS 10¢ PENCIL. This box of Venuses samples free. State the course you are taking.

Because of the superficial quality of material and workmanship, Venuses are not recommended. It is possible to make, if you like, a better box and sell it for the same price. The point is that you can read the writing half-way across the room.

For short-hand notes or may writing, Venuses are 10¢ each in popular.

The most desirable, a medium hard point gives the best results and you can read the writing half-way across the room.

For very thin, narrow lines, for drafting, a medium hard Venuses is recommended.

For sketching, generally, a medium Venuses is best.

This box of Venuses will make some statements as to the merits of Venuses pencils.
