So Declares Dean P. T. Brown in Talk to Dental Students Yesterday Afternoon.

JUST RETURNED FROM WASHINGTON

Compasses College of Dentistry To Meet "Pay As You Go" Out Men for Country

A man is doing good work for his country by staying in college until the end of his course. Is doing his part by stepping into the shoes of the men who are working in other branches of the service," said Dr. P. T. Brown, who has just returned from Washington, to the dental students yesterday afternoon in the liberal arts assembly, "It is the duty of the student to do his own part and prepare to aid the country in making the best use of himself.

HAWKEYE TEAM WINS FROM NORTHEASTERN

Men Take on New Life and Rounded up for their work of Clough Brilliant.

"A different ball team when they are going," says Coach Clough, "Mr. K. A. K. Watson in speaking of the performance of the Iowa baseball nine last night. The Iowa Board of Education was defeated 1 to 0 last night at the hands of the Easterners. Although the Hawkeyes took the lead in the ninth inning, they were never in any danger.

Coach Clough featured the game with the knowledge that every man was fighting for his country, whatever was going on in the world, and that playing baseball was a way of keeping the mind on the war, and keeping the war in mind. The Hawkeyes also featured the game by bunting, drawing a man, and finally getting the Iowa a lead of two runs by running and bunting down at least three times that looked like hits. The records also mentioned Clunie as grabbing the game in far right and having a fine game in the outfield; neither he nor any of the men on the bases.

"All graduates of high schools this spring should enter college next fall on a patriotic note that they may be prepared to serve their country in 1918 or 1919, and in no way weaken their country when peace comes," was the advice that Dr. Jerome S. B. Empey gave the students in Eleven.
