WAR SECRETARY SENDS HIS OPINION

Memmo Thinks High Schools Should Take Their Boys to Become Military Officers

NEW RED CROSS PLANS ANNOUNCE

University to Hold Special Eight-Day Classes During Summer.

How to prepare surgical dressings for wounded soldiers, the big work of W.T. & F. Locals, will be the subject of one of the eight-day classes at the University during June and July.

The class is limited to members of the three-day campaign to rally Tennyson and the regiment in Iowa City, but persons of all ages may enroll for one of these classes. This is a new course and is destined to fill the remaining space in the Red Cross course formerly presented.

The classes are limited in seats, but additional classes will be formed if they are desired. The classes will be held from June 6 to June 12. Other classes are to be held the next two weeks.

The class will be open to the public. The enrollment will be limited to twenty-five students and the cost will be $5.00 per person.

The classes will be held at the Armory and the first part of the course will be given by Dr. C. E. Leighton, of the University of Iowa.

3 DAYS' CAMPAIGN BRINGS OVER $7,057 FOR Y. M. C. A. WORK

30-girls designated as For Army or For Local Purposes Will Visit Chicago to Attend to Total to Be Much Larger.

Two-thirds of Students Are Given Chance to Help—484 Respond, Says Aldrich

Gifts amounting to $7,057 had already been raised in one class, so the results of the three-day campaign to raise funds for the local and army "I" work are sure to be much larger when the final totals are worked out.

One-fifth Goes to Army "I" work. The three classes are to meet six weeks instead of eight before the final accumulation is divided, one-fifth of it going to the local "I" work and four-fifths to the local association.

Students who have indicated that their pledges should be used for "I" work only have said that their interest will be carefully walked out, Mr. Aldrich said.

ROTH ARMY BALANCE DUE 860.00

Probably two-thirds of the students enrolled in "I" work classes have given their pledges, Prof. G. F. Kay was told last week, according to Frank Wilkins and Mrs. Anna Marten, who were in Iowa City last week. The total will probably be much larger when the final figures are worked out.

The Red Cross Club and a number of other students who are taking the "I" work have written the regiments to ask for their pledges.

June 3 the Date Announced for Military Day and Commencement.

Instruction in the rifle, in the art of signals and in the use of the gun is being given the University cadets under the supervision of the local army Posts.

In this connection ten officers have been placed in charge of ten rifle companies and have been instructed in their duties.

In reply to your telegram of this afternoon, I am informed that the secretaries of many of the departments have despatched telegrams and that the executive order has been obeyed.

To be in favor with war department is to render the greatest possible service to the government, and the secretaries of many of the departments have despatched telegrams and telegrams have been exchanged.

It is easy to see that the government does not desire the services of the people to the government, and the secretaries of many of the departments have despatched telegrams and telegrams have been exchanged.

**HOSPITAL SICK TO HAVE SUNDAY MUSIC**

Young People's Society to Take Turn at Entertaining Patients at University Hospital.

A Sunday musical program will be furnished the University hospital patients every week by the Iowa City Young People's union. Plans for this work were made at the semestrial meeting and luncheon held last Tuesday night. Each society is to have stamps in Iowa, the shield has not been transferred to these on this, and will be kept intact at one.

The Union has for some time held devotional services at the Old Ladies' home on Sundays and the school has been arranged so that the society in charge of these services on one will have charge of the music program the following week. The senior class will have a strain for its members at 4 o'clock, May 31 at the city park. The senior's society of the Baptist, Christian, Congregational, Methodist, Presbyterian, and United church make up the Union. The electricity company has been deferred until an advanced meeting following the pianoforte. The regular meeting will be held Thursday night at 7 o'clock in the Episcopal music room of the Maryhill church, with the Christian Endeavor service.

**SUNDAY EDUCATIONAL EXAMINATION (1st Issue)**

Piano more students of Iowa Colleges and University than any other agency. Send for our plan.

**MANAGEMENT**

Miss Problem, Des Moines, Iowa.

**WANTED**

Student girl to go as one-year-old child star show except Saturday and fourth the Black 175 at one.

**STRAND THEATRE**

**230 Saturday**
The method contemplates advancing desirable features of fifteen complete years of the course in three years instead of the customary four. Men, as good, but less well-prepared could make it in a little longer time.

The proposal innovation will require a major reorganization of the departments of mathematics, chemistry, physics, and so forth, in the liberal arts colleges of the state. A schedule is now being worked out by Professor Edward H. Richardson and an attempt is being made to determine whether the cost of this change would be greater or less than now. These things are worked out, a conference of all the departments concerned will be held to see if the method is practicable for the coming year.

Method Tried Here Before.

This method is not to see any

The Lakeview laboratory on the shores of Lake Georgian, begins its second year by President Emeritus Thomas M. McIlhine, a teacher for the University, will hold on the campus all week.

In spite of the unsatisfactory condition caused by the withdrawal of computer equipment, the 1880-1881 annual report of the college of applied science was made for the University.

The proposed Innovation of the Liberal Arts College of the University of Iowa is the name of the faculty members of the department of mathematics, who were addressed by a vote on June 7.

Dr. F. C. Benedict of the University has charge of the work on aquatic animals. Prof. E. K. Wise, also of the University, will be the director of the laboratory this year.

Several faculty members from other colleges of the state will spend the summer at this place on their own work and collecting specimens. During August provision is made for the continuance of such independent work to research men.

INTIMATE GIVE PROGRAM

Iving will give the following program Friday night: music; selected reading; and faculty members.

WHITNEY IN PROGRAM

ATTEND MUSICAL FESTIVAL

The following students from the school of music attended the Cornell College Arts Festival at St. Victor Thursday: Elaine McKeen, May Graves, Frances Gillette, and Alice Willard. Pdt. and Mrs. W. H. Hays, Miss Esther Brinker and Bertha Anne Cooper accompanied them.

Coal Buyers Beware

The high prices charged for good coal have brought about the market a quantity of cheap coal, under normal conditions. Coal buyers, then, must be on the alert. A circumstance that produces a coal that is not salable under ordinary conditions are bringing forth their product and fostering it upon the unsuspecting public. The mails are filled with circulars from various concerns offering supposedly good coal at very low prices. Some people in this community have already bought from some of these concerns.

We are in a position to buy good coal as cheaply as any one can buy good coal and will furnish it to our customers at as low a price as possible. We cannot afford to deceive the public as to the quality of our coal nor extort an unreasonable price from our customers. We are here to stay. We have been in the coal community for as many years and expect to continue doing business in the future. We want our business. We will try to deserve it by giving you good quality coal, efficient service, and reasonable prices. We do not like to see our customers deceived by strangers who have no interest in them outside of five immediate businesses.

If you want cheap coal, let us sell it to you under its proper name. We understand that one concern is offering Indian Coal under the name of Pennsylvania. If you want Indiana coal, let us sell it to you under the name of Indiana. We will not deceive you. We will not overcharge you. We will give you good service. Remember that you cannot get something for nothing. Strangers are not going to sell you coal at a low price for any philanthropic reason. They expect to make money out of you, and they do not care how well the coal burns after they have your money. Be not deceived. Place your business with your Home Dealer, whom you can hold responsible in every way.

We are not insatiable that our customers buy their coal now. Their judgment as to the future coal market may be wrong. We will buy for you when you are ready to buy, and see us, and we will make you as low a price as we possibly can.

The Daily Iowan will bring this news daily.

Plan to subscribe before you leave school for next year's IOWAN

The Phi Delta Pi fraternity will entertain at a dancing party at Bearden's pavilion Tuesday, Dec. 4. Savoy, Myers, and Parsons will dance.
