“INSUFFICIENT FUNDS”

Every day the local banks have returned to them by other banks checks which are marked “Insufficient Funds.” The collection of these items is always costly and troublesome. The drawing of checks without funds to cover them is bad business practice particularly nowadays, when merchants and business men and bankers are minimizing profit and giving all their energy to the winning of the war. THE IOWA CITY CREDIT BUREAU urges every one to help by keeping their credit good on the records at the office of the Bureau. All persons making a practice of writing checks without funds to meet them are reported to all members of the Bureau. WATCH YOUR CHECK STUBS.
