TO INSTALL CHAPTER OF THETA SIGMA PHI HERE MONDAY NIGHT

Miss Marvin will arrive Monday afternoon. Miss Marvin is President of the Iowa Woman’s University’s national chapter at the university of open to men and women, and

Those who will be Initiated into by the war has removed for women verslty of Wisconsin, Northwestern and Minnesota University. By the law a chapter can exist only if the work is a hardy as not any one person with the students and must stop to fill the gap of numbers of men leaves for war work.

One of the first women trained by the University panel for training in an individual and must at a time.

Miss Kilgusman has secured the successful in the course. The University chapter has recently voted Miss Kilgusman as soon as possible, and the selection of girl’s uniform will be the first job for this purpose.

This is the thirteenth chapter, and every member believes that their national charter was granted in 1909.

The installation banquet will be held at the Thursday, May 21. The house was granted to the fraternity from the University about from the number of votes, it is estimated.

To be trained for Blackshirts, one hundred for such men, all work on the core of concrete workers and forty for the radio operator’s; Prof. R. J. Field will be head of the radio department, and will be assisted by Prof. W. B. I. G., and Frank Young, '12, will instruct the concrete workers. Be-cause the regular instructors, assistants from outside will be secured who are skilled in some mediocre in radio work.

FIVE MORE TO PORT SHEBBARD

Capt. Andrew C. Wright was notified yesterday that he might send five more alternates to the training camp at Port Shebbard.

The five men will be those as follows: Howard Dancer, Milt Haines, Joe H. Hill, and Morris L. Talbott.

This will make a quota of twenty-five men from Iowa.

TIME EXTENDED

The girls who entered the league tournament, on the average of the seventy-five may have until Tuesday night to complete the first preliminary and Thursday morning to complete according to the plan the others wear ch’iJlan dress. The women will be trained for radio work, and their success will mean that they will be trained for the other two timers will be preparing their bodies on the existing pair of men who will foul down. In this way it is expected that a race a minute or better man.

The men finish their hundred yard sprint twice of the timers will mark the time of the men in the laps while the other two times will be their winning the on last couple of runners who will foul down. All according to the plan of every man who has not done so.

THE DAILY IOWAN, THE STUDENT NEWSPAPER OF THE STATE UNIVERSITY OF IOWA

THE DAILY IOWAN

WAR: "I have fought to make a MAN out of myself. The graduate has made it a man of himself. He is at present at home nursing a college education in order to help advance his brother and sister. He is in the draft, he is doing all that he can for the benefit, and in a purchaser of Liberty Bonds. The war has begun for him, so he can only do his bit and keep on doing his share.

For many of the high school students the war has not begun. We cannot call them slackers, as they are patriotic, but they have not begun to realize the importance of the struggle in Europe, or the importance of maintaining the hope of the morals of the soldiers.

In the colleges men taking general courses are being drafted into the army, while those who are enlisting themselves with a goal and definite purpose, such as engineers, doctors, etc., are being permitted to finish their courses, for they are of the kind of men that the government will want after the war.

For the majority of the sections the war has begun, mostly, because of their sudden awakening and the realization of what they must be after the war is over. This has been brought about by their graduation this spring. Let us then be real men and women and come to the full realization that we are involved in a great devastating war, which we must win, and that we must all prepare ourselves to meet it, and the great problems that will confront us after the war.

CONTINUOUS OPINION

AN IOWAN WOMAN (The Low Moses Gentleman)
The ease with which normally important events are overlooked is an admonishment to us. Illustrated is the slight attention that has been paid to the achievement of an Iowa woman, Miss Martha Dunham of Iowa City, in establishing the International Young Women's Christian Association in Russia.

Pursuing preparations for months after the American and British enthusiasm had warned her that her project in Petrograd was too dangerous for an American woman, Miss Dunham and Miss Margaret Swift of Cleveland, Ohio, and other leaders in the Inter-Fraternity Women's Association in Russia.

BE CAREFUL GIRLS WHEN YOU USE CAMOUFLAGE

The fair colored women who camouflaged each morning, noon and night, is warned to take care in their choice of camouflage.

But not all camouflage is harmful, for it. That depends upon the skin of the individual and the conscience of the manufacturer.

Some range (in the warmer range) has a base lead carbonate which fills up the pores of the skin, acting like a greasy varnish or clay paint. In time, the fair devotees of the patriotism get used to developing a thriving case of acne.

But persons can use all the shade of the ordinary good tobacco powder. It has no results other than that of concealing a shiny nose. It is, when you want to pull up, just put on enough tobacco powder.

But beware of the stuff that comes in little blue and funny boxes. It may be that it is not guaranteed to make your face red and fair. But it may (and this is not guaranteed) either make your face look like a soft wood floor that everybody has been walking on for centuries.

Society and Personal

Grace Schenck of Chicago has been a guest of Esther Seliger for several days.

The Phi Kappa Psi Fraternity gave a banquet party at the chapter house last evening. The speaker was Mr. and Mrs. Ingalls.

The Phi Kappa Psi Fraternity was a guest at the Delta Gamma house.

ATHLETICS—SPORTSMEN

Here's your beverage—

Beverage

Beverage is a splendid soft drink on which to train. Completely natural, and harmless. Contains genuine ergots bound to bring relaxation in without any of that scrambling of fillings that comes with wine drinking.

You will find Beverages pleasant, refreshing, nutritious. And especially agreeable to friends in the hot weather. Beverages are sold.

Consi against advertising. Have the beverage in front of you, first noticing that the sun is shining and that the evening is hot. Feel the beverage, and before long you will be, as Beverages are social and friendly.

A CHIEVEMENT

Twenty-five years ago the General Electric Company was founded. Since then electricity has not been in full through the whole structure of life.

Eager to turn wheels, in life and industry, to banish dark, to gather heat, to hold voices and thought some space, to give the world new tools for its use—since her have been tasks that.

Throughout the period the General Electric Company has held the good representatives and high ideals of leadership.

By the achievement which this company has already reached may best be judged the greater extent to which shall occur, and the deeper seriousness in which shall occur, in identifying more and more of the world's work.

WANTED:—Men for work at 6 a.m. and 8 a.m. with chance to put in full time later. Phone 917.

ATHLETIC CONTEST TODAY IS BIG ONE

"INSUFFICIENT FUNDS"

Every day the local banks have returned to them by other banks checks which are marked "Insufficient Funds." The collection of these items is always costly and troublesome. The drawing of checks without funds to cover them is bad business practice particularly nowadays, when merchants and business men and bankers are minimizing profits and giving all their energy to the winning of the war. THE IOWA CITY CREDIT BUREAU urges every one to help by keeping their credit good on the records at the office of the Bureau. All persons making a practice of writing checks without funds to meet them are reported to all members of the Bureau. WATCH YOUR CHECK STUBS.
