EXCEPTIONAL WINNERS REVEALED

Sirius Paced Mite Selected for Mile Relay-Athletes Show an Aptitude for Ovumming

Three hundred men took part in Iowa men's outdoor track and field event yesterday afternoon. At 6 o'clock brief preliminary reports had been received from the track and field events at Notre Dame and a comparison was made with the Iowa achievement. It was stated that Iowa showed an excellent chance of winning over the other six universities in the competition Wisconsin, Illinois, Chicago, Notre Dame and Northwestern.

The records of the two hundred men with the best showing in the first preliminary meeting of the special committee were telegraphed to the other schools taking part. The preliminary reports were received from Notre Dame and Chicago and Notre Dame yesterday afternoon. The records of the best fifty were placed in all events. The University of Notre Dame showed equally good form. The scores kept on record were sent to the same committee.

The meet revealed a number of outstanding performances, particularly in the hundred-yard dash. The future derivative of the men who competed in this event were those who were not as fast as their counterparts.

The meet was made Good Report. Officials of the Illinois State Track and Field Committee were present.

Show Well in Brand Jack

In the brand jump one man had over 29 feet in his first try and cleared better than 27 feet on a third, which indicates that the Iowa will be stronger next year. This event will be the only one to take place in the match yesterday.

The meet was made by the Illinois State Track and Field Committee.

WINNERS ELECT OFFICERS

While the Illinois State track and field meet was the obvious affair of the meeting yesterday afternoon, it was also true that the track and field meet was the dominant event of the day. The track meet was held in the University of Illinois. The dominant features of the track meet were the outstanding performances of the Irish athletes, which were not as fast as the athletes of the University of Illinois.

A conference was held in the University of Illinois yesterday afternoon at 7:30. It was decided that all athletes would have the right to attend, being on their old position in this meet.

The meet was made by the Illinois State Track and Field Committee.

BRAINY CLASS TO FINAL PLAYS

Two Out Ant. Producing Official程式

The "Dart of the Dead," by Kenneth S. Goodman, two acts of an essay on the effectiveness of educational charities in the nation's metropolitan areas, was produced May 27 at 6 o'clock.

The cast for "Overlord" is: Henry E. Simons, Margaret Margerum-both Notre Dame.

The cast for "The Dart of the Dead," by Peter Brooks, East Coast theater, is: John A. Wasson, Old Man's Son; Frank A. Gilmore, President.

This is the third at the series of plays given under the auspices of theExperimental Play Society. They are open to the public.

The "Leaves" by James Hynes, producer, presented last Monday, "The Answer," was given.

The names of the writers are not given, but the management of the Notre Dame, G. Harold Wright, requires that such work be received by 5 p.m. of the Calendar Annex some afternoon of the next week. The price money, the offer in exchange for the plays, will be determined at the time of production, as the plays are built up in the hope of fulfilling the conditions of the rules of the contest. A second prize of $5, and five other prizes of $2 each are also being offered.

WHAT ARE YOU GOING TO DO?

Have you made your plans for the summer, Mr. Student? Most men and women have, for the end of the University year is rapidly creep-
ing upon us.

What are your plans? Are you going to do something, or are you just going to pass the time? Perhaps you have already made your plans.

A fairly wide range is possible in the makeup of your plans, but one quality they must hold in common: if they are to permit you to be a real person—your must provide for a kind of activity which will make you a positive rather than a negative factor in the country's progress in the war.

Hard physical work is the best re-
creation a college man can get, and during the period of the war it must stand as a disgrace for any man who can work to spend his sum-
mers in idleness or play. Perhaps you

will spend a season in America to supply the de-

in the winning of the war.

In the summer, Mr. Student? Most men do as much of what they do, as much of what they do, as much as what they refrain from wanting or doing as in what they do. The summer of all summers is a time of activity which takes from the food and other materials needed in the summer of all summers to do away with the house parties, the lake trips, and other recreational

activities which make the sum-
mmer so attractive.

With eight or ten unoccupied hours a day on her hands during the summer, what she produces, what is going to be duty bound to speed up by Red Cross work. Perhaps she can take the lead in this work in her home community during the three summer months.

Leaders of the other nine months may wish to take the brief respite which they well deserve and need; girls home from college should take their places. But leader or "private" the college girl must work.

Students of Iowa, don't figure on what you want to do, or don't want to do this summer. Consider only what your country needs of you. This only can you really serve.

“INSUFFICIENT FUNDS”

Every day the local banks have returned to them by other banks checks which are marked “Insufficient Funds.” The collection of these items is always costly and troublesome. The drawing of checks without funds to cover them is bad business practice particularly nowadays, when merchants and business men and bankers are minimizing profits and giving all their energy to the winning of the war. THE IOWA CITY CREDIT BUREAU urges every one to help by keeping their credits good on the records at the office of the Bureau. All persons making a practice of writing checks without funds to meet them are reported to all members of the Bureau. WATCH YOUR CHECK STUBS.
