WAR

The Daily Iowan will carry a daily account of the war, the dispatches of the raid, and a brief summary of the war as given by the general public. The names of the officers who have been appointed to the service will be published in the daily edition. The names of those who are in the service will be published in the weekly edition. The names of those who are in the service will be published in the weekly edition.

How is the United States army organized?

There are five principal fighting branches of the army: infantry, cavalry, artillery, the navy and the air service. The navy and the air service are being worked out by General Pershing to aid in the overdevelopment of Great Britain's navy. The argument is a question which should hold with Dean Briggs of English at the University. They must return to this campus with the mission of preparing these college men and divisions of two end of the army.

What is "moralism"?

"Moralism" is a stick argument. Our army is a stick argument. Our navy ranked third in the world in 1914. Our navy ranked third in the world in 1914. Our army ranked third in the world in 1914. Our officials have contended that from the beginning of the war our navy and our army have ranked third. The argument is a question which should hold with Wilt and Briggs of English at the University.

What is the United States navy organized?

There are five principal fighting branches of the navy: fleet, submarine, and lighter branches of the navy. The submarine and lighter branches of the navy are being worked out by General Pershing to aid in the overdevelopment of the United States navy. The argument is a question which should hold with Wilt and Briggs of English at the University.

REVIEWS OF TRACK SEASON SHOWS NEW SPIRIT THIS YEAR

Added Interest in Athletics Has Made The Year Successful
It Is Believed.

COACH WATSON DESERVES CREDIT
One Hundred Men Daily Thru Season--Largest Team in History of Iowa.

By winning the state meet, two dual contests with Cornell and Coe and by losing a loss sustained (one needed in Ames' track team) by only two points, the Iowa track team has closed what is indubitably one of the most successful seasons in its history.

The success of the team this year is credited to the live athletic boys with their athletic mixers and individual efforts in getting men set for track, and to the hundred men who started training at the indoor track under the commandant last February and produced the finished team of runners who stepped out in the state meet four months later, and to the individual coaching of the runners received under Jack Watson, one of the best track coaches in the middle west.

To 93 to Ames.

Indoor track practice was held during the colder spring months and late men took a daily workout in the basement of the armory, this being the largest squad that ever turned out for an athletic team in the history of the University.

A squad of 33 men, only two of whom had had any previous variety experience, was taken to Ames March 16 to compete in the unexcelled indoor meet. Coaches in expectation the team landed in third place, only three points behind Grinnell.

A week after this indoor meet was won, April 16, and the men went out doors. After three weeks practice the team went to Mt. Vernon in complete with Cornell in dual meet. The results of the track under Jack Watson showed plainly in Iowa's overwhelming victory.

Two weeks later Coe came to Iowa City and was overwhelmed lastly by Iowa taking first place in every event but two.

Defeated by Two Points.
May 4 twenty-six men went to Ames. The season ran true to the predictions for a close meet until the final two events, the mile relay. At this stage the score was 63 to 54 in favor of Iowa and 9 seconds as if the victory was won.

The Iowa mile relay team had defeated the Ames team at the Drake relay carnival, and Palms and Dave had just been first and third in the open 440 yard dash; so it seemed certain that they would repeat their victory. But the dope bucket was upset and Ames won the event by a small margin. The final score was 59 to 47 in Ames' favor and was listed as closely contested at the annual.

The finished track team is the result of raw material, men willing to work and endure the orders of coaches. The smaller men of Iowa -38 withdraws, certificates pertaining, industrial instruction.

For the state meet, two the victory was won. But the Iowa track team is the result of the state meet held in Ames May 23. Prospects for as good this next year.

A week ago President Woodruff announced that all cadets next year will be required to attend the running camp at Fort Sheridan do so. This is the best way to get ahead and provide material for the meeting.

All men going to the training camp at Fort Sheridan are to report at the commandant's office this afternoon some time after two o'clock for further memorandum of instruction.

We are to have a new set of men next year. The squads for practice will be the one that is pertaining to the regular set and will incorporate the training of the Army and Navy. All future withdrawal, certificates pertaining, industrial instruction.
