Three Former West Des Moines Men Used in New Backfield

The Iowa varsity took a much needed "broadening" last night as it was worked over by the preceding eleven. Coach Jones did his work well in the sense that he has been in contact with his team all the fall, and he is not allowed to do any more of his Contacts. He has always been a strong advocate of the "Iowa" and "Alumni" plan.

Student Health Fee is Lower Here Than in Other Institutions

Administration Outlines Reason for Inauguration of Student Health Fee, States the Proposed Plans of the New Bureau and Gives Facts Used in Other Universities

By President W. A. Jessup

Certain questions that have arisen concerning the establishment of the student health department make it desirable that a statement be made at this time outlining the purpose of this department, its administration, and the fees to be made.

At the University of Wisconsin an annual fee is charged, but each student is entitled to use the hospital for an illness or accident. It is probable that an annual fee of $10.50 for medical service, and a $2.00 fee for surgical services. If a student were in the infirmary, he was charged $5.00 a week for room and board.

It was the opinion of the committee investigating this problem, that the fee should be made by the University by providing for the payment of a fee of $10.50 annually, which is a reasonable and one of the advantages was that the medical service was not paid for by the student. The fee should be used to cover the cost of the student health service, office staff and a dispensary.

Restorations of the student health service, and the amount of money that should be used for the balance of the year.

At the state colleges at Ames, A. M. I. C. has been established, which is under the control of the state board of health. The fee of $10.50 must be paid for by the student. The fee is used to cover the cost of the student health service, office staff and a dispensary.

In conclusion, the student health service, and the amount of money that should be used for the balance of the year.

Balls will be made at the request of eight fee, part of which is charged.

This service is to be the first permanent service of a student to be used annually.
In referring to elections at the University, the writer says: "As long as cause no offense, not a ripple upon the surface of the University procedure." The Iowa does not challenge this statement. The organization which the college has is commendable. Yet Iowa does take exception to the spirit of the college to holding elections at this time. Has the writer of the article no regard for principle? Has he admitted that "for the purposes of election it might well be held that these elections on the All-University day." He has answered the very argument, in admitting what the Iowan has been contending for: the constitutionality of co-operation between the several colleges in an All-University day. That is good for a college to go its own way, but the law colleges is no exception. If the colleges of law wishes the campus to take faith with its statement it would do well to set an example of its own, as it were, from the spirit of an All-University day.

There is no doubt but that Maui will have a tough foe in Minnesota Saturday. Hawkeyes fans are keeping in mind the fact that the Goph ers are always alive to defending and the team that faces the Old Gold Saturday will not be the same aggregation that was held to a draw by Nebraska. However the Hawkeyes recently learned a bitter lesson at the hands of Michigan's Illinois crew and they will go into the game at Minneapolis with their eyes open and a determination to make up for their last defeat.

LISTENING

The Phi Kappa Psi fraternity will give an informal dance to be given at Friday, November 24, at the fraternity chapter house. The affair will be chaperoned by Dr. and Mrs. Belcher, Jr. and Dr. and Mrs. Thomas.

THE HAMlet
The Phi Kappa Psi will invite the spirit of Wednesday next, Saturday evening, October 26th, when they will give an old-fashioned "Ham­let"-bee at their chapter house. The spirit of autumn has been mirrored in the decorations, which consist of the traditional squash, the harvest corn-stalk, and above all the head -of-pumpkin.

these are not the figures the Gophers
were looking for. Did Ohio ever have
a team with a record of 0-10 and
which gave Jones' men a chance to
show what they were made of before

Each team will start Saturday's
match with several old stars in the
lineup but Iowa has a slight advan-
tage in the number of returning players.
In the Gopher personnel there are

whenever necessary.

a. Minor ailments will be taken
care of by the head nurse, physi-
clan and his staff without charge.

b. Students receiving emergency
hospital care, will be placed in the
University hospital where the offi-
cial charge of $17.56 per week
can be made. No additional charge
will be made for medical and surgical
attention by specialists.

c. Students who need the ser-
vice of Iowa goons, and are
confined to the hospital or
in dormitories will be cared for without expense for medi-
cal attention, and their care will be
charged to the actual material furnished.

It will also be the duty of the
department of student health to
make careful inspection of all rooms and
bedrooms. Students with
illness are to use beds and
bedding furnished by the University.

Physical examinations will be
made of all students taken once a year
in physical education.

The fee charged is somewhat lower
than in other institutions while
which attempt to provide a department of
student health anywhere near as
comprehensive as the one placed at this
University. It may be necessary to
increase this fee later on order to
continue the services undertaken.

In this it is understood in this
that the student himself is to be
charged for the examinations of improving
students.

Debates to abolish

A question has arisen with regard
to discharged soldiers carrying war
risk insurance. It has been
unanimously decided that such soldiers are entitled to
free medical treatment and keeping
from the government at the
United States health center, in
which the University of Iowa
is also.

In the interest of the enrolment,
this is to be the policy of the
University in its treatment and
hospital facilities, so that they
are at all times open only where the causes of
such treatment may be traced to
acts of enlisted service. In
such cases it will be made at the
University.

This statement of policy and
organisation of a student health department is
made so that students may through-
out understand that the treatment has been undertaken solely for the
