DOUBTFUL HOPE

Blind strategy and all the Big One guns must have been the same blank used by the good ship Herrick. That is all I saw of it but that didn't have the necessary double kink.

Now we know there was a funeral in the A.A.A. last Saturday. Announcement of the game say that Flowers was leaped on the ball when Ohio made the winning touchdowns.

Appearances of Chester and Lester purchased, twirls and odds on the Northwestern team, didn't half as much as Chicago hands mark. They sifted around them so fast that Chester didn't know whether he was looking at Lester or himself turned around.

Iowa beat Minnesota 8 to 6 and we're happy. The enthusiasm should not and here for there is going to be another edition of the Gopher. Last year's publication related the generally saying that Minnesota put up a game fight and succeeded in holding the Iowans 4 to 2.

Drake was surprised to hold Min-nesota but not half so much as the Aggies were to see Kansas lose the field without a score.

In a certain high school game Saturday these touchdowns were made in the first six minutes of play. That makes us think the other teams have not bought their knitting with them.

LAWS PRESENT CANDIDATE

Robert R. Armer Seeks Post on Student Council Feat, "Legs at Large," May Select Honorees at Meeting Tonight, Says Campus President

The political witch daily grows more and more exciting as All-Campus Thirty-day days within the next two week limit, and if the rumors may be taken at face value, that day will not be voidly of brutal actions. Already, from the offices of Herbert E. Blaisdell, dean of men, has been received for the time being ten fully signed petitions for the office of president. Each day new more petitions started and daily the dean's office ears for those that have made the rounds.

The law college is the first to contribute a petition from any of the Petitions already signed the student council from the law de pairs at arm's length just when the Catlin the envelope may be received from the other honest and upright men the round of the A. R. A. S. Before the end of the week there will be petitions from all the other campus clubs.

POLICE STRIKE

Just as new petitions may spring up can only be a matter of conjecture. Everyone seems to be delighted at the situation just holding their breath and waiting the new entries, if there are to be many. No one seems to know when the entries will be made but the powers that be are to be informed in the near future as to how it can be improved.

In the meantime and waiting for the present student council to get her, or his, hands on the situation, the new council will be chartered.
