ENGINEERS TO SUPPORT STUDENT COUNCIL PLAN

EXCITEMENT

All Sororities and Fraternities have been called to the council to the Roosevelt Memorial Fund Drive. Last year, despite the protests of some students, the campaign proved an undoubted success. This year, however, the students have had more reason to protest. The same funds are being raised, but instead of being put into a scholarship for the junior class, the funds will now be used to pay off the deficit of the student council.

All University day for the class of '19 is set for May 26. The day will be spend in socializing and the object of the day will be to have a good time. The day will end in a social for the members of the student council.

THE DAILY IOWAN: The Editorial Board consists of nine liberal arts delegates and nine from the professional colleges will take hold of some student problems successfully. The next thing which the council needs is an elected membership which is ready to give its vote and thought to creating its own destiny, a membership which will work patiently and seriously with the conviction that the council has a place in the University.

THE ROOSEVELT FUND
Of all public works the Roosevelt memorial campaign stands out most distinctive, typifying American appreciation of a truly great American. It is a cause of which position, occupation, party affiliations, social standing do not stand in the way. Theodore Roosevelt, with his unquenchable thought and action, his public spiritness and his democratic ideals, has become one of America's most distinguished statesmen. Millions of dollars have been raised from everywhere in the land to aid the Council for the Roosevelt Memorial. The work of the committee is to get it done.

Social Life

The sophomore students seem second in
importance to the freshmen. The chief bone
of contention is the number of new comers.

The political order has pre-
vented the campus for the last week
and a half. The political order included
the students, professors, and administra-
tors. The political order will cease to exist
after the last meeting of the fall semester.

The political order was formed in the
last minute to prevent the freshmen from
having any say in the running of the campus.

The Sophomores seem to want a
change. Three Sophomores have
been expelled for their excuses.

They are: A. Dennis, director of the
bacteriological faculty at Iowa
State College; and Robert R. Reenow.

There's joy in every page of the school girl's

tiny print and between its covers is the pictured
story of happy years and enduring friendships

afterward the still greater joy of living over again
those happy, carefree days.
