The Iowa varsity stepped up
against the freshmen team last night and took
the first leather offensive of the week.
Coach Sharp's punishees were
enlisted to play straight门前 plays against the regulars during the four
first part of the night, but the Purple formations failed to produce the
wrinkle. Time and again the big
freshie backs would hurl them against the strong opposition, but
there was no success. At the close of the
fourth period it was 12-12.

The next half opened up
with a bang for the Purple, especially on the defense and Iowa plays through
first half. Forward punishees were
rotated in and out during the entire second half, with the exception of
the regulars.

The punishees lined up last night as follows:
E. E. Overview, W. T. Roderick,
G. E. Oliver, W. F. Probert,
H. A. Smith, D. L. Smith, W. S. Korns,
J. O'Donnell, R. D. Whipple,
E. L. Bush's, and R. F. Penner.

The punishees are scheduled to take on
the Illinois Bears tonight, but it is uncertain whether the game will be
played.

ASK FUNDS TO SEND BAND TO CHICAGO
Seventeen Band Members Will
Solicit Donations Here Give Benefit Dance
"Send the band to Chicago" is the slogan on the campus for the rest of the
year. Seventeen band members have agreed to help solicit funds to defray part of the expenses of the band. Each student is assured of getting something toward this fund, according to Dr. D. O. Van Denburg, director of the band.

A benefit dance will be given
in the armory Saturday, November 18. Tickets will be sold by members
of the band in the dorms.

Cahill's Orchestra Will Play
In an effort to rally the band itself, the orchestra will be given a figural
and financial boost. The orchestra and band are trying to organize a
series of benefit concerts and will cover the expenses of the trips.

The seventeen band members who are
enlisting funds are: E. H. Webel, H. E. Trenchard, F. I. Hightower,
W. F. Probert, P. L. French, R. W. Tabor, D. W. Kitzmiller,
E. R. Smith, D. L. Smith, W. S. Korns,
J. O'Donnell, R. D. Whipple,
E. L. Bush's, and R. F. Penner.

Prof. C. C. Netting will give an
instructed lecture tonight at the Iowa City band. The band will give a benefit
dance and will also be given a benefit.

The lecture and dance are sponsored by the band and will be given in the armory.

Netting's lecture will be given in the armory tonight at 8 o'clock. The dance will be given immediately afterward.

Women's Athletics

While the football team is winning renown and a place in Iowa in the Big Ten conference, what are the women of Iowa doing in athletics? Are they really taking more serious this fall? Not even has the social complaint from the female student who is forced to look physical training been heard. Has compulsory physical education become a conditioned item as the enemy against it is made, or has interest in athletics on the part of the women completely died out? Perhaps Iowa women are not interested in athletics, or not interested in athletics become more universal of doubt. But with no heavier in view, there is no incentive to spend long weeks in fruitless training in the outdoors. Last year's Hawkeyes contain a few very good students who have trained years, their performance in the swimming pool and mechanical dancing are arranged in the courts, and the write-up or "Gym Haw-

wres" is supposed to display a little name of honor.

A war, the women's athletics do not receive the support and encour-
gagement of the administrative offices that the men's do. Gymnasium facilities are forlorned on the field as immobile; uncomfortable street clothes must be worn. Instead of having a woman's ball field, open for exercise at any time, the women must be satisfied with seeing the men's field while the men do not care to use it. Thus the idea is prevalent that women's athletics are not important enough to merit support. Since girls have the idea that athletes are not sanctioned in the best circles in the University, but quite the contrary, many of the re-

vitalizing women of the University are found in the athletic bodies of the University, women's athletics would be made important enough to be accepted as a worthy institution in college life.

STECK OF THE FARM

Young men, stick on the farm.

There is nothing in the west but businesses and nothing but labor conferences. "But, a photographer and a place in the telephones, get a lot of work to do the work, let the older hands harden the less frequent men, and thus live, not car-
ing whether Mr. Gompers or Mr. Seabury has the world by the tail."—Chicago Tribune.
The Light in the Window—Keep it Burning.

IT is the Light of Love and Comfort and Cheer, of Service to Humanity.

As it gleamed with the Spirit of America throughout a world torn and ravaged by war, so it glows with radiant Hope for the great America at home, through practical service, to protect life and health, to inspire and help in the establishment of a healthful, happy home life, and to aid in the broader reconstruction and rehabilitation to which America is pledged abroad.

Your duty, as an American citizen, is to assist in this American mission, by enlisting your heart, your dollar and your friends.

the provisional constituting eighteen members will be elected in the student council. Nine members will be chosen from the college of liberal arts and nine from the professional colleges.

Upper Classmen May Vote

Only juniors and seniors in the liberal arts colleges may vote for student council delegates in that college, each class for its own delegates. The only class officers elected this year will be a president, vice-president, and secretary-treasurer.

Five delegates will be chosen from the senior class of the college of liberal arts to the student council, and four members will represent the junior class.

In the professional colleges, the college of engineering and dentistry will select two representatives for the council from the junior and senior classes; the college of law and medicine will each elect one senior and one delegate at large; the college of pharmacy will choose a representative from the senior class.

Dr. Frank Bridges, dean of the
college of dentistry announces an
increase in two years of 185 per cent
in the freshman class in the college
where the student has placed this
year number 185, the largest in
the college history.

These students total 210, January 14, and

Previous to 1917, only three years were
offered in the dental degree, but at this time the four year course
is gaining steadily as a result of the great demand.

In the freshman class are
representatives from fourteen states and
two countries. Minnesota, Montana,
North Dakota, Illinois, Alabama, Wisconsin,
Wisconsin, Wyoming, Indiana, Kentucky, and Texas.
The western states are California,
Ontario and India.

The young man from India is named
as an example of the great demand.

Dr. Bridges stated that he was
encouraged and sent to the University by
a graduate of the Institute who
is practicing in Caliiralia.

**Only Fifty-one Days until CHRISTMAS**

**PERHAPS it’s too early shopping, but it isn’t to think about Xmas too early to think about saving some of the money to do it with.**

It’s going to cost us at least $10 or $15 more a garment to replace every suit and overcoat we are now showing.

If you buy now you get the benefit of that saving, as well as the comfort of the suit or overcoat for the complete season.
